The People of the Mist-Henry Rider Haggard 1894 The dwarf saluted and went. "Ah!" he said to himself as he waddled down the hill where he hoped to find game, "ah! you do not fear men dead or living--overmuch; yet, Otter, it is true that you are better here in the sun, though the sun is hot, than yonder in the cave. Say, Otter, why does Baas Tom look so awful now that he is dead--he who was so gentle while yet he lived? Cheat did not look awful, only uglier. But then you killed Cheat, and the Heavens killed Baas Tom and set their own seal upon him. And what will Baas Leonard do now that his brother is dead and the Basutos have run away?

Cleopatra-Henry Rider Haggard 2018-01-12 The book was first printed in 1889. The story is set in the Ptolemaic era of Ancient Egyptian history and revolves around the survival of a dynasty bloodline protected by the Priesthood of Isis. Heu-Heu or The Monster-Henry Rider Haggard 2014-03-17 Another adventure story of Allan Quatermain in the former undiscovered Africa... At the end of the 19th century African hunter Allan Quatermain and his clever
and brave helpmate Hans are set on a mission by the wizard Zikali, as already mentioned in other adventures with Allan Quatermain. The two companions are set out to bring some of the leaves of the Tree of Illusions. This special tree only grows in the garden of priests of a mythic moribund people who worship a semi-gorilla-like god by sacrificing humans to him. By the attempt to fulfill their mission they step into the mystery of this ape-like god: Heu Heu, a twelve-foot-tall gigantic semi-gorilla-monster, red-bearded with claws at hands and feet... Henry Rider Haggard (1856-1926) was one of the most significant writers of classical adventure novels. He is known as the founder of the Lost World literary genre. His tales are situated in the lighter end of Victorian literature and are often settled in the former undiscovered Africa. First Haggard worked as a secretary for the governor in Natal, South-Africa. During his later career, when he worked as a clerk, Haggard was involved into the conflicts between the Boers and the natives. He was not only interested in the country’s problems but also in the cultures of the Zulus which he describes in his classical novels of imaginative literature. Henry Rider Haggard wrote “Heu Heu or The Monster” two years before his death in may 1923. The novel was first published in the following year 1924. Even today his exciting novels continue to be popular and influential.

ERIC BRIGHTYEYES - A Viking Saga-H. Rider Haggard 2010-04 ERIC Thorgrimursson (nicknamed 'Brighteyes' for his most notable trait), strives to win the hand of his beloved, Gudruda the Fair. Her father Asmund, a priest of the old Norse gods, opposes the match, thinking Eric a man without prospects. But deadlier by far are the intrigues of Swanhild, Gudruda’s half-sister, a sorceress, who desires Eric for herself. She persuades the chieftain Ospakar Blacktooth to woo Gudrida, making the two men enemies. Battles, intrigues, and treachery follow. From the pen of the master of Victorian action and adventure this novel actually seems rather less dated in the early 21st century than Haggard’s other work or the general run of Victorian adventure fiction. Improvements in our understanding of the Viking period have done surprisingly little to falsify Haggard's imagination of its setting, and the book should still hold appeal to any reader interested in the period. Clearly influenced by the pioneering saga translations by William Morris and Eirikr Magnusson in the late 1860s ERIC BRIGHTYEYES set a standard of quality and fidelity to the saga style that remained unmatched until Poul Anderson's novel The Broken Sword 60 years later. 33% of the net profit from the sale of this book will be donated to charity.

The World's Desire-H. Rider Haggard 2006-12 Across the wide backs of the waves, beneath the mountains, and between the islands, a ship came stealing from the dark into the dusk, and from the dusk into the dawn. The ship had but one mast, one broad brown sail with a star embroidered on it in gold; h

Doctor Therne-Henry Rider Haggard 1899 Sir Thomas Colford and I, with our little knots of agents and sub-agents, placed ourselves one on each side of the table, waiting in respectful silence while the clerk dealt out the papers, as a player deals out cards. It was an anxious moment, as any one who has gone through a closely-contested parliamentary election can testify. For ten days or more the strain had been great, but, curiously enough, now at its climax it seemed to have lost its grip of me. I watched the denouement of the game with keenness and interest indeed, but as though I were not immediately and personally concerned.

**The Country of the Blind and other Selected Stories** - H. G. Wells

2007-05-31

Herbert George Wells was perhaps best known as the author of such classic works of science fiction as The Time Machine and War of the Worlds. But it was in his short stories, written when he was a young man embarking on a literary career, that he first explored the enormous potential of the scientific discoveries of the day. He described his stories as "a miscellany of inventions," yet his enthusiasm for science was tempered by an awareness of its horrifying destructive powers and the threat it could pose to the human race. A consummate storyteller, he made fantastic creatures and machines entirely believable; and, by placing ordinary men and women in extraordinary situations, he explored, with humor, what it means to be alive in a century of rapid scientific progress.

**Imagining Africa: Landscape in H. Rider Haggard's African Romances** - Lindy Stiebel

2001-06-30

Best known as the author of such works as King Solomon's Mines and She, H. Rider Haggard was one of the most popular writers of the late-Victorian era, and his works continue to be influential today. To a large degree, his novels are captivating because of his image of Africa, and an understanding of his representation of the African landscape is central to a critical reading of his works. This book argues that Haggard created in his African romances a formulaic, ideological geography which provided a canvas onto which he projected his desires and fears, both personal and political, as well as those of his age. The first full-length study of land and landscape in Haggard’s African romances, this book approaches his construction of an imaginary African landscape as a product of late-Victorian wishful thinking about Africa, analyzing his African topography as a vast Eden, a wilderness, a dream underworld, a home to ancient white civilizations, and a sexualized metaphor for the human body. While the work looks primarily at his pre-1892 romances, which were his most powerful, it also gives attention to his nonfiction and unpublished papers. Because Haggard's writings embodied the spirit of his age, this book is an essential guide to late-Victorian concepts of Africa, colonization, and the British Empire.

Stella Fregelius-H. Rider Haggard 2018-06-30 Stella Fregelius By H. Rider Haggard We call to mind nothing in fiction old or new that in the remotest degree resembles Stella Fregelius. It is unlike any of Mr. Haggard's previous novels, and Stella is kin to She only as the most unlike of the children of the same parents are kin. Stella is a mystical, spiritual She, not a survival from a remote past, but a soul conscious of its nearness to Eternity, conscious of the superiority of the Spirit over carnal things. 7 best short stories by Nikolai Gogol-Nikolai Gogol 2020-05-14 Nikolai Gogol had a strong literary upbringing: he learned Ukrainian and Russian, his father wrote poetry and was an amateur playwright, and as a child Gogol helped stage his uncle's plays. He began writing while at a school of higher art in Nizhyn, where he earned the nickname "mysterious dwarf." He had a dark and secretive disposition, developed a talent for mimicry and satire, which eventually led to his exile from Russia. His satire was unconventional and much more sophisticated than his contemporaries. Seven of the most iconic tales from the author were selected by the critic August Nemo for your enjoyment: The Nose, The Viy, The Cloak, Old-Fashioned Farmers, The Overcoat, Memoirs of a Madman, The Mysterious Portrait

The Commodore (Vol. Book 17) (Aubrey/Maturin Novels)-Patrick O'Brian 2011-12-05 The seventeenth novel in the best-selling Aubrey/Maturin series of naval tales, which the New York Times Book Review has described as "the best historical novels ever written." Having survived a long and desperate adventure in the Great South Sea, Captain Jack Aubrey and Stephen Maturin return to England to very different circumstances. For Jack it is a happy homecoming, at least initially, but for Stephen it is disastrous: his little daughter appears to be autistic, incapable of speech or contact, while his wife, Diana, unable to bear this situation, has disappeared, her house being looked after by the widowed Clarissa Oakes. Much of The Commodore takes place on land, in sitting rooms and in drafty castles, but the roar of the great guns is never far from our hearing. Aubrey and Maturin are sent on a bizarre decoy mission to the fever-ridden lagoons of the Gulf of Guinea to suppress the slave trade. But their ultimate destination is Ireland, where the French are mounting an invasion that will test Aubrey's seamanship and Maturin's resourcefulness as a secret intelligence agent. The subtle interweaving of these disparate themes is an achievement of pure storytelling by one of our greatest living novelists.
