J. Lustig, 2011-02-03 The importance of ghosts and liminal experience in general in the fiction of Henry James Modernist Short Fiction by Women Claire Drewery, 2016-04-15 Taking on the neglected issue of the short story's relationship to literary Modernism Claire Drewery examines works by Katherine Mansfield Dorothy Richardson May Sinclair and Virginia Woolf Drewery argues that the short story as a genre is preoccupied with transgressing boundaries and thus offers an ideal platform from which to examine the Modernist fascination with the liminal Embodying both liberation and restriction liminal spaces on the one hand enable challenges to traditional cultural and personal identities while on the other hand they entail the inevitable negative consequences of occupying the position of the outsider marginality psychosis and death Mansfield Richardson Sinclair and Woolf all exploit this paradox in their short fiction which typically explores literal and psychological borderline states that are resistant to rational analysis Thus their short stories offered these authors an opportunity to represent the borders of unconsciousness and to articulate meaning while also conveying a sense of that which is unsayable Through their concern with liminality Drewery shows these writers

**The Bormann Brotherhood** William Stevenson, 2019-05-07 While the flames of World War II still raged Roosevelt Churchill and Stalin issued a warning to the Nazi leaders Those responsible for the torture and murder of millions of innocent and defenseless civilians were promised that the three Allied Powers will pursue them to the furthest corners of the earth and deliver them to their judges so that justice may be done That promise was not kept Justice was not done In 1945 twelve of the most notorious Nazis were tried for crimes against humanity and sentenced to death by the International Military Tribunal convened at Nuremberg Martin Bormann his whereabouts unknown had been tried and convicted in absentia Subsequent war crimes trials ended in the conviction of other offenders But the majority of the torturers and murderers escaped found sanctuary and continued to work effectively toward the concept of eventual world domination Nazism did not die at Nuremberg This survival and resurgence was the result of a plan for the creation of a brotherhood initiated long before the end of the war by the least visible and most powerful of the Nazi war lords Martin Bormann The Brotherhood backed by virtually unlimited funds established safe houses inside Germany escape routes to other countries and continents and an extensive international group of industrial firms as financial reservoirs and as fronts for escaped Nazis This chronicle based upon independent investigation including numerous exclusive interviews and the examination of declassified and revealing documents casts a new light upon Bormann his strange role in the Third Reich and his devastating influence which cuts mercilessly into our present This is essential reading as fascinating as it is meaningful

**Cryptic Subtexts in**

**Literature and Film** Steven F Walker, 2018-07-17 One of the primary objectives of comparative literature is the study of the

relationship of texts also known as intertextuality which is a means of contextualizing and analyzing the way literature grows and flourishes through inspiration and imitation direct or indirect When the inspiration and imitation is direct and obvious the study of this rapport falls into the more restricted category of hypertextuality What the author has labeled a cryptic subtext however is an extreme case of hypertextuality It involves a series of allusions to another text that have been deliberately inserted by the author into the primary text as potential points of reference This book takes a deep dive into a broad array of literature and film to explore these allusions and the hidden messages therein
