history of the colonial capitalist plantations in Assam The intention of the research is not to suggest an unfettered agency of colonial capitalism in defining and producing coolies with an emphasis on the attendant contingencies negotiations contestations and crises The study intervenes in the narratives of an abrupt appearance of the archetypical coolie of the tea gardens i e imported and indentured and situates this archetype s emergence sustenance and shifts in the context of material and discursive processes Health and Medicine in the Indian Princely States Waltraud Ernst, Biswamoy Pati, T.V.
