## Description

In this international bestseller, a "twisty tale of secrets and lies that reverberate across generations of a dysfunctional family" (Michele Campbell, author of *The Wife Who Knew Too Much*), a woman diagnosed with cancer sets out to discover if someone poisoned her before her time is up. Jennifer Barnes never expected the shocking news she received at a routine doctor's appointment: she has a terminal brain tumor - and only six weeks left to live. While stunned by the diagnosis, the 48-year-old mother decides to spend what little time she has left with her family - her adult triplets and twin grandsons - close by her side. But when she realizes she was possibly poisoned a year earlier, she's determined to discover who might have tried to get rid of her before she's gone for good. Separated from her husband and with a contentious divorce in progress, Jennifer focuses her suspicions on her soon-to-be ex. Meanwhile, her daughters are each processing the news differently. Calm medical student Emily is there for whatever Jennifer needs. Moody
