persist in their efforts to develop nuclear weapons and to deploy a credible nuclear force as the age of the manned bomber gave way to the ballistic missile Particular attention is given to controversies over the portion of the defence budget devoted to the deterrent programme the effects of the restoration of Anglo American nuclear collaboration after 1958 increasing reliance on the United States for nuclear delivery systems the negotiations that led to the Nassau Agreement of 1962 and the supply of Polaris and discussions within the Western Alliance over the control of nuclear forces By the time of the October 1964 election when this volume concludes previous dismissal of the prospects for successful ballistic missile defence were giving way to growing doubts over the long term effectiveness of the Polaris system in its role as an independent deterrent several years before it was due to enter service with the Royal Navy This book will be of much interest to students of British politics Cold War history nuclear proliferation and international relations Agricultural Economic Report ,1977 *Inside the Crips* Colton Simpson,Ann Pearlman,2005-08 This memoir explores the author s life as a Crip beginning at the tender age of ten in the mid seventies and his prison turnaround nearly 25 years later 256 pp **Chinese Families** Man-yee Kan,Sampson Lee Blair,2021-01-25 Chinese societies have undergone a tremendous amount of social political and economic change which have been a catalyst for substantial shifts in fundamental structures within Chinese families This edited collection focuses on the continuities and changes in gender and inter generational relations of Chinese families in Greater China The 1960s Cultural Revolution John C. Commission on Population Growth and the American Future,1970 *The Voice of Violence* Joel P. Rhodes,2001-04-30 The tide of 1960s political upheaval while mistaken at the time by some as a unified assault against America carried out by revolutionaries at home and abroad was actually hundreds of locally constructed expressions of political discourse reflecting the influences of race class gender and local conditions on each unique group of practitioners This is a comparative study of how radicals at the local level staged displayed and ultimately narrated symbolic

acts of performative violence against the symbols of the American system The term performative violence refers to a method of public protest whereby participants create the conditions in which their violent actions become a political text a powerful symbol with a strong historical precedent Recognizing the textuality of history this interdisciplinary examination deconstructs the performative violence within its historically specific and socially constructed contexts using four representative case histories of late 1960s and early 1970s activism These are the African American rioters in Kansas City the Black Panther Party in Detroit campus radicals at Kansas State University and activists at the University of Kansas Rather than focusing on the major clashes of the Vietnam era this book contributes to recent scholarship on the 1960s which has attempted to offer a more textured analysis of the era s activism particularly its political violence based on more local studies *The Harvard Medical School Guide to Men's Health* Harvey Bruce Simon,2002 Outlines a comprehensive program for staying healthy reviewing the unique health needs of men while introducing Harvard studies on the benefits of daily aspirin a balanced fiber rich diet and low dose alcohol
