Backcountry Adventures Southern California Peter G. Massey, Jeanne Wilson, 2006-05 Beautifully crafted high quality sewn 4 color guidebook Part of a multiple book series of books on travel through America's beautiful and historic backcountry Directions and maps to 2 970 miles of routes that travel through the beautiful mountain regions of Big Sur across the arid Mojave Desert and straight into the heart of the aptly named Death Valley Trail history comes alive through the accounts of Spanish Missionaries eager prospectors looking to cash in during California's gold rush and legends of lost mines Includes wildlife information and photographs to help readers identify the great variety of native birds plants and

animal they are likely to see Contains 153 trails 640 pages and 645 photos **Skiing** ,1973-01 *Ski Trails and Wildlife*
Eric Burr,2008 Snow sports are usually the first step to learning about snow country wildlife which is only as safe as
knowledgeable people want it to be Unfortunately knowledge is too often lacking and skiing is perceived as detrimental too
wildlife Reality is that skiing in all its many forms from ski lift resorts to far flung Scandinavian style ski touring holds the
keys to wildlife conservation and restoration No amount of litigation can change this basic fact of life although the Mineral
King Case from the Supreme Court of the United States certainly changed the legal landscape for all environmental litigation
Mineral King s near miss at becoming another ski lift avalanche disaster area preceded Early Winters another almost ski lift
area which shares the honor of being a Supreme Court case and is the last chapter of this book Olympic National Park is the
other ski history explored so that the National Parks are given equal emphasis with America s National Forests and Canada s
Crown Lands An extensive bibliography also includes many electronically available sources The language is not technical and
no prior experience with either skiing or wildlife is presumed The book is primarily written for both skiing and wildlife
enthusiasts who may not know much about each other It is intended as a peace offering to hopefully prevent future ski wars
and unnecessary trips through the legal system That effort could be better spent restoring wildlife and the life support
system of our circumpolar boreal forest *Skiing* ,1995-11 **Ski** ,1995-05 Skiing ,1997-12
