Skills For Rhetoric Student:

Skills for Rhetoric (Student) James P. Stobaugh, 2013-05-01 Helps high school students develop the skills necessary to communicate more powerfully through writing and to articulate their thoughts clearly Develop creative writing skills including descriptive writing poetry and short stories Cultivate the use of expository writing including research papers analytical essays problem solution writing and firsthand accounts Learn the art of public speaking including persuasive speeches informative speeches debates and more Rhetoric is the ancient skill of persuasive speech used by teachers preachers politicians and others to influence incite and instruct This course includes basic grammar and writing composition and mastering this time honored skill will set your students apart with distinguished written and oral abilities This 34 week critical thinking course will take the student through the writing of numerous academic essays several public speaking presentations and an extensive research paper Dr Stobaugh weaves biblical concepts readings and applications throughout the curriculum to help equip students to stand firm in their faith and become the light of Christ in a deteriorating culture

Skills For Rhetoric James P. Stobaugh, 2005-07-28 This new college preparatory literary series from B to write their thoughts primarily through essays to articulate their thoughts through small group discussions with peers family broader communities and through occasional formal speeches to enhance vocabulary through reading and studying quality literature to converse about the major worldviews of authors of literature past and present and to develop and refine their own worldviews through participating in biblical application and Christian principles in weekly studies *Studies in World History Volume 2 (Teacher Guide)* James P. Stobaugh, 2014-03-18 Teacher guides include insights helps and weekly exams as well as answer keys to easily grade course materials Help make your educational program better use a convenient teacher guide to have tests answer keys and concepts An essential addition for your coursework team your student book with his convenient teacher guide filled with testing materials chapter helps and essential ways to extend the learning program

Studies in World History Volume 3 (Teacher Guide) James P. Stobaugh, 2014-04-01 Teacher guides include insights helps and weekly exams as well as answer keys to easily grade course materials Help make your educational program better use a convenient teacher guide to have tests answer keys and concepts An essential addition for your coursework team your student book with his convenient teacher guide filled with testing materials chapter helps and essential ways to extend the learning program The Student's Guide to Passing Exams Richard Burns, 2014-05-12 In a lively style this text shows how anyone can improve their chances of exam success by following a few simple rules It contains tips for exam preparation and for improving performance in the exam itself *The Core* Leigh A. Bortins, 2025-10-16 In the past correct spelling the multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the

homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In *The Core* Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences *ACT & College Preparation Course for the Christian Student* James Stobaugh, 2012 The author presents 50 lessons presenting a variety of vocabulary math reading and English test topics each accompanied by test taking insights Christian devotions and prayer points

Language and State Xing Yu, 2021-12-21 *Language and State* A Theory of the Progress of Civilization Second Edition argues that the state takes form because of language It argues that since humans began to use language they have been able to create and use media Media include materials human behavior human consciousness and humans themselves Media extend the distance of linguistic communication and then humans interact with one another on a large scale and form themselves into a large community This leads to the formation of the state and the dissolution of tribes Linguistic communication then structures human interactions in the formation of the state Humans exchange information with one another give interpretations display attitudes and make promises to one another They even allow for one person to issue commands to all others Humans organize the state in various types of linguistic interaction

which further create a condition for the formation of the common interest of all a foundation for the building of the state Then humans rationalize the organization of the state in extending the distance of linguistic communication Humans realize freedom equality peace democracy and justice in their mutual linguistic interactions Language gives origin to the state and sustains the development of the state Language has preset the whole process of the progress of human civilization

Teaching Academic Writing as a Discipline-Specific Skill in Higher Education Ezza, El-Sadig Y.,Drid, Touria,2019-12-27 It is now held that writing influences and is influenced by the discipline where it occurs The representations that writers employ to produce and comprehend texts are said to be sensitive to the specificities of their disciplinary discourse communities This exposes writers to divergent disciplinary demands and expectations on what counts as good and appropriate writing in terms of generic structure discourse features and stylistic preferences reflecting dissimilar practices Because of such exigencies academic writing seems at times to be very challenging especially for novice scholars Thus any attempt to perceive the function of academic writing in higher education or to evaluate its quality should not discard the shaping force of the disciplines *Teaching Academic Writing as a Discipline Specific Skill in Higher Education* is a critical scholarly resource that examines the role of writing within academic circles and the disciplinary practices of writing in scholastic environments The book will also explore the particular difficulties that confront writers in the disciplines as well as the endeavors of educational institutions to develop discipline specific writing traditions among practicing and novice scholars Featuring a range of topics such as blended learning data interpretation and knowledge construction this book is essential for instructors academicians administrators professors researchers and students
