Rethinking Character in Contemporary British Theatre Cristina Delgado-García, 2015-11-13 The category of theatrical character has been swiftly dismissed in the academic reception of no longer dramatic texts and performances However claims on the dissolution of character narrowly demarcate what a subject is and how it may appear This volume unmoors theatre scholarship from the regulatory ideals of liberal humanism stretching the notion of character to encompass and illuminate otherwise unaccounted for subjects aesthetic strategies and political gestures in recent theatre works To this aim contemporary philosophical theories of subjectivation European theatre studies and experimental script led work produced in Britain since the late 1990s are mobilised as discussants on the question of subjectivity Four contemporary playtexts and their performances are examined in depth Sarah Kane's *Crave* and *4.48 Psychosis* Ed Thomas's *Stone City Blue* and Tim Crouch's *ENGLAND* Through these case studies Delgado García demonstrates alternative ways of engaging theoretically with character and elucidating a range of subjective figures beyond identity and individuality Alongside these analyses the book traces a large body of work that has experimented with speech attribution since the early twentieth century This is a timely contribution to contemporary theatre scholarship which demonstrates that character remains a malleable and politically salient notion in which understandings of subjectivity are still being negotiated

A Concise Companion to Contemporary British and Irish Drama Nadine Holdsworth, Mary Luckhurst, 2013-04-12 Focusing on major and emerging playwrights institutions and various theatre practices this Concise Companion examines the key issues in British and Irish theatre since 1979 Written by leading international scholars in the field this collection offers new ways of thinking about the social political and cultural contexts within which specific aspects of British and Irish theatre have emerged and explores the relationship between these contexts and the works produced It investigates why particular issues and practices have emerged as significant in the theatre of this period

offers challenging analyses of a range of plays in their political contexts It explores the cultural social economic and institutional agendas that readers need to engage with in order to appreciate modern theatre in all its complexity An authoritative guide to modern British and Irish drama Engages with theoretical discourses challenging a canon that has privileged London as well as white English males and realism Topics covered include national regional and fringe theatres post colonial stages and multiculturalism feminist and queer theatres sex and consumerism technology and globalisation representations of war terrorism and trauma

Rewriting the Nation Aleks Sierz, 2011-01-16 This is an essential guide for anyone interested in the best new British stage plays to emerge in the new millennium For students of theatre studies and theatre goers **Rewriting the Nation** British Theatre Today is a perfect companion to Britain's burgeoning theatre writing scene It explores the context from which new plays have emerged and charts the way that playwrights have responded to the key concerns of the decade and helped shape our sense of who we are In recent years British theatre has seen a renaissance in playwriting accompanied by a proliferation of writing awards and new writing groups The book provides an in depth exploration of the industry and of the key plays and playwrights It opens by defining what is meant by new writing and providing a study of the leading theatres such as the Royal Court the Traverse the Bush the Hampstead and the National theatres together with the London fringe and the work of touring companies In the second part Sierz provides a fascinating survey of the main issues that have characterised new plays in the first decade of the new century such as foreign policy and war overseas economic boom and bust divided communities and questions of identity and race It considers too how playwrights have re examined domestic issues of family of love of growing up and the fantasies and nightmares of the mind Against the backdrop of economic political and social change under New Labour Sierz shows how British theatre responded to these changes and in doing so has been and remains deeply involved in the project of rewriting the nation
