## **Tastes Of Anglosaxon England:**

*Tastes of Anglo-Saxon England* Mary Savelli, 2002 The first chapter provides an introduction to Anglo Saxon cookery and supplies background information about households drinks and cooking techniques Following are forty six recipes enabling the reader to enjoy a mix of ingredients and flavours that were widely known in Anglo Saxon England but are rarely experienced today

*A Companion to Beowulf* Ruth A. Johnston, 2005-07-30 Perhaps the most important work written in Old English Beowulf grew out of a culture very different from ours and yet its story of war violence and heroism remains relevant to modern readers Accessible to high school students general readers and undergraduates this companion overviews the poem and its legacy The initial chapters review the plot of Beowulf while later chapters discuss its style and language its cultural and historical contexts and its afterlife in contemporary popular culture The first part of the book provides information of interest to a wide range of readers while the second covers more specialized topics Thus the initial chapters review the merits of different translations and offer a detailed plot summary while later chapters discuss the poem s language and style its treatment of religion its relation to Anglo Saxon culture and its legacy in popular culture One of the greatest Beowulf scholars was J R R Tolkien and the book gives special attention to his use of the poem in his own fiction High school students undergraduates and general readers will find this book a valuable guide to one of the most challenging yet enduring works of English literature

*The Oxford Handbook of Anglo-Saxon Archaeology* Helena Hamerow, David A. Hinton, Sally Crawford, 2011-03-31 Written by a team of experts and presenting the results of the most up to date research The Handbook of Anglo Saxon Archaeology will both stimulate and support further investigation into a society poised at the interface between prehistory and history

**Food and Drink in Anglo-Saxon England** Debby Banham, 2004 At the heart of Anglo Saxon society judging by its literature lay feasting and drinking but we know little about what Anglo Saxons actually ate

*A Critical History of English Literature, Vol. 1* David Daiches, 1979

*Coinage And History in the North Sea World, C. AD 500-1250* Barrie J. Cook, Gareth Williams, Marion Archibald, 2006 This themed volume contains 28 papers by leading authorities on numismatics and monetary history It covers a variety of topics concerning the design use and circulation of coinage in northern Europe in the late fifth to early thirteenth centuries

*Forms of Devotion in Early English Poetry* Jennifer A. Lorden, 2023-11-02 Jennifer Lorden reveals the importance of deeply felt religious devotion centuries before it is commonly said to arise Her ground breaking study establishes the hybrid poetics that embodied its form for medieval readers while obscuring it from modern scholars Working across the divide between Old and Middle English she shows how conventions of earlier English poetry recombine with new literary conventions after the Norman Conquest These new conventions for example love lyric repurposed as devotional song created hybrid aesthetics more familiar to modern scholars She argues that this aesthetic as much as changing devotional practice rendered later affective piety recognizable in a way that earlier affective devotional conventions were not

*Forms of Devotion* reconsiders the roots and branches of poetic topoi

revising commonplaces of literary and religious history This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

*Medieval Literature and Culture* Andrew Galloway, 2006-01-01 An introductory guide provides a concise overview of medieval literature and its context

*Coinage and History in the North Sea World, c. AD 500-1250* Barrie Cook, Gareth Williams, 2006-01-01 This is a themed volume of 28 papers written in honour of Marion Archibald It considers the role of coinage in northern Europe from the fall of the Western Roman Empire to the early thirteenth century Although the focus of the volume is the coinage itself the majority of the papers consider coinage in its historical and or archaeological context A recurrent theme of the volume is the movement of coinage across the English Channel and the North Sea and beyond Particular areas of focus include the importation and use of money in early Anglo Saxon England movement hoarding and secondary treatment of coinage during the Viking Age and monetary contacts between England and her neighbours under the Normans and Angevins The papers in this book provide an important range of perspectives in current numismatic research and will provide a valuable resource for scholars in a variety of disciplines with interests in the economy and society in northern Europe c 500 1250

**After Taste. Critique of insufficient reason** Slavko Kacunko, 2021-06-02 After Taste is an inquiry into a field of study dedicated to the reconsideration reconstruction and rehabilitation of the concept of Taste Taste is the category whose systematic historical and actual dimensions have traditionally been located in a variety of disciplines The actuality and potential of the study is based on a variety of collected facts from readings and experiences which materialize in the following features One concept figurative Taste two thinking traditions analytic and synthetic continental and three interrelated dimensions systematic historic and actual are presented in three volumes As such the study presents a salient comprehensive companion for wider readership of humanities approaching conceptions of Taste for the first time Moreover After Taste is intended for anyone who hopes to make a further contribution to the subject Since its appearance and apparently short triumph some 250 years ago the concept of non literary Taste remained the linchpin of aesthetic theory and practice but also a category outreaching aesthetics Taste as the personal unity of the production theory and criticism of art and literature which was still largely taken as a given in the eighteenth century has meanwhile given way to a highly differentiated art world in which aesthetic discourse is placed in such a way that it can seemingly no longer have a conceptual or linguistic effect on general opinion making The critical role of Taste judges ratings and rankings in the feuilleton politics and social media on the one hand and the responding search for new canons on the other have had a huge impact on the academic and popular discourse today However Taste s impact on society is in fact all encompassing and yet without getting even close to the magnetic North of the academic compass After Taste fills the gaps of systematic research by a comprehensive tracing of the emergence of the doctrines discourses and disciplinary dimensions of Taste up to the peak of its systematic and historical trajectory in the eighteenth century and onwards into the present day The guiding goal is a post disciplinary rehabilitation of the contested

category as a preparation for its productive usage in emerging academic and popular contexts Three intertwined research hypotheses form the guiding goal of an overall study of the agencies of Taste its institutionalizations and expert cultures The 1 first part provides a missing systematic perspective on the concept of Taste as a key factor for understanding the human faculties value theories and practices of valuating The 2 second part traces the events at the peak of Taste s systematic and historical trajectories up until the late eighteenth century and verifies the historiographical hypothesis about the instrumentality of Taste for the production reception and distribution of culture The 3 third part reconstructs the major moments in which the contested concept of Taste experiences its post disciplinary rehabilitation in preparation for its future productive usage in the academic and popular discourses and practices It shows how the category of Taste became the foundation legitimation and the catalyst for the emerging division of labour faculties and disciplines confirming the hypothesis of the immense impact and actuality of Taste in the contemporary world

**Beer in the Middle Ages and the Renaissance** Richard W. Unger, 2013-05-22 The beer of today brewed from malted grain and hops manufactured by large and often multinational corporations frequently associated with young adults sports and drunkenness is largely the result of scientific and industrial developments of the nineteenth century Modern beer however has little in common with the drink that carried that name through the Middle Ages and Renaissance Looking at a time when beer was often a nutritional necessity was sometimes used as medicine could be flavored with everything from the bark of fir trees to thyme and fresh eggs and was consumed by men women and children alike Beer in the Middle Ages and the Renaissance presents an extraordinarily detailed history of the business art and governance of brewing During the medieval and early modern periods beer was as much a daily necessity as a source of inebriation and amusement It was the beverage of choice of urban populations that lacked access to secure sources of potable water a commodity of economic as well as social importance a safe drink for daily consumption that was less expensive than wine and a major source of tax revenue for the state In Beer in the Middle Ages and the Renaissance Richard W Unger has written an encompassing study of beer as both a product and an economic force in Europe Drawing from archives in the Low Countries and England to assemble an impressively complete history Unger describes the transformation of the industry from small scale production that was a basic part of housewifery to a highly regulated commercial enterprise dominated by the wealthy and overseen by government authorities Looking at the intersecting technological economic cultural and political changes that influenced the transformation of brewing over centuries he traces how improvements in technology and in the distribution of information combined to standardize quality showing how the process of urbanization created the concentrated markets essential for commercial production Weaving together the stories of prosperous businessmen skilled brewmasters and small producers this impressively researched overview of the social and cultural practices that surrounded the beer industry is rich in implication for the history of the period as a whole

**The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume

offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture *A Course of English Reading, adapted to every taste and capacity, with anecdotes of men of genius* James PYCROFT,1844

**Anglo-Saxon Farms and Farming** Debby Banham,Rosamond Faith,2014-09-25 Farming was the basis of the wealth that made England worth invading twice in the eleventh century while trade and manufacturing were insignificant by modern standards In Anglo Saxon Farms and Farming the authors employ a wide range of evidence to investigate how Anglo Saxon farmers produced the food and other agricultural products that sustained English economy society and culture before the Norman Conquest The first part of the volume draws on written and pictorial sources archaeology place names and the history of the English language to discover what crops and livestock people raised and what tools and techniques were used to produce them In part two using a series of landscape studies place names maps and the landscape itself the authors explore how these techniques might have been combined into working agricultural regimes in different parts of the country A picture emerges of an agriculture that changed from an essentially prehistoric state in the sub Roman period to what was recognisably the beginning of a tradition that only ended with the Second World War Anglo Saxon farming was not only sustainable but infinitely adaptable to different soils and geology and to a climate changing as unpredictably as it is today

**Old English Wisdom Poetry** Russell Gilbert Poole,1998 Bibliography and guide to scholarly literature on the genre of Old English wisdom poetry Wisdom literature played a crucial role in the evolution of traditional societies contributing to the structure of society and to the acceptance of new ideas within a culture a function that has become increasingly understood Old English wisdom literature is the focus of this volume which offers an bibliography of the scholarly criticism between 1800 and 1990 of a group of largely secular poems comprising the metrical Charms The Fortunes of Men The Gifts of Men Homiletic Fragments I and II Maxims I and II The Order of the World Precepts the metrical Proverbs the Riddles of the Exeter Book the Rune Poem Solomon and Saturn and Vainglory A General Introduction investigates debates between scholars and establishes overall trends it is followed by the bibliography proper divided into chapters each with its own introduction focusing on a major text or collection of texts with entries arranged chronologically Dr RUSSELL POOLE teaches in the School of English and Media Studies at Massey University New Zealand

**The Horticulturist and Journal of Rural Art and Rural Taste** ,1859 **England's Earliest Sculptors** Richard N. Bailey,1996 **A Course of English Reading, Adapted to Every Taste and Capacity with Literary Anecdotes by James Pycroft** James Pycroft,1850 *The Bayeux Tapestry and Its Contexts* Elizabeth Carson Pastan,Stephen D. White,Kate Gilbert,2014 A full and provocative reappraisal of the Bayeux Tapestry its origins design and patronage Aspects of the Bayeux Tapestry in fact an embroidered

hanging have always remained mysterious despite much scholarly investigation not least its design and patron Here in the first full length interdisciplinary approach to the subject the authors an art historian and a historian consider these and other issues Rejecting the prevalent view that it was commissioned by Odo the bishop of Bayeux and half brother of William the Conqueror or by some other comparable patron they bring new evidence to bear on the question of its relationship to the abbey of St Augustine s Canterbury From the study of art historical archeological literary historical and documentary materials they conclude that the monks of St Augustine s designed the hanging for display in their abbey church to tell their own story of how England was invaded and conquered in 1066 Elizabeth Carson Pastan is a Professor of Art History at Emory University Stephen D White is Asa G Candler Professor of Medieval History emeritus Emory University and an Honorary Professor of Mediaeval History at the University of St Andrews      Life in poetry: Law in taste, 2 series of lectures, 1895-1900 William John Courthope, 1901
