**Women of Wine** Ann B. Matasar, 2006-06-27 Draws on interviews with dozens of leading women winemakers estate owners professors sommeliers wine writers and others in the United States the United Kingdom France Italy Australia and New Zealand This book considers issues of importance to women throughout the business world including mentors networking marriage family and more

**WineSpeak** Bernard Klem, 2009-07-01 If you read wine reviews you re already either amused or confused by the soaring language wine writers often use to describe what they re smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what s so colorfully described as a peacock s tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you re in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more cautiously with wines that could introduce you to angel pee citronella eastern European fruit soup Godzilla iodine ladies underwear mustard gas old running shoes rawhide hot tar roads bubblegum sweaty saddles crushed ants kitchen drains or even turpentine

Inventing Wine: A New History of One of the World's Most Ancient Pleasures Paul Lukacs, 2013-10-21 Meticulously researched history look s at how wine and Western civilization grew up together Dave McIntyre Washington Post Because science and technology have opened new avenues for vintners our taste in wine has grown ever more diverse

Wine is now the subject of careful chemistry and global demand Paul Lukacs recounts the journey of wine through history how wine acquired its social cachet how vintners discovered the twin importance of place and grape and how a basic need evolved into a realm of choice *Literary Voices of the Italian Diaspora in Britain* Manuela D'Amore,2023-09-27 This volume studies the literary voices of the Italian diaspora in Britain including 21 authors and 34 pieces of prose verse and drama This book shows how authors both recount the history of the migrant community in the period 1880 1980 while creatively experimenting with hybrid forms of expression and blending words with visuals *Literary Voices of the Italian Diaspora in Britain* discusses topical issues like migration and social integration cultures and foods in transition as well as plurilingualism The book pays special attention to discussions of the horrors of the Second World War especially on the tragedy of the *Arandora Star* 2nd July 1940 to show this literary community's political commitments More importantly it will begin to fill the void left by a critical tradition which has only appreciated the northern American and Australian branches of Italian writing

Wine Wars Mike Veseth,2011-06-16 Writing with wit and verve Mike Veseth aka the Wine Economist tells the compelling story of the war between the market trends that are redrawing the world wine map and the terroirists who resist them Wine and the wine business are at a critical crossroad today transformed by three powerful forces Veseth begins with the first force globalization which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices Two Buck Chuck the second force symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices but they also threaten to dumb down wine sacrificing terroir to achieve marketable McWine reliability Will globalization and Two Buck Chuck destroy the essence of wine Perhaps but not without a fight Veseth argues He counts on the revenge of the terroirists to save wine's soul But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change Veseth has grape expectations that globalization Two Buck Chuck and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour de force that will appeal to all lovers of wine whether it be boxed bagged or bottled **The**
