G. Newbery, Nicholas Herbert Stern, 1987 Written by experts in the field this book uses the modern theory of public finance to analyze tax and pricing policy in developing countries *Tax Policy for Developing Countries* Mr. Vito Tanzi, Mr. Howell H. Zee, 2001-01-01 Discusses important tax policy issues facing developing countries today provides a review of the role of tax incentives and identifies some policy challenges posed by the globalization of the world economy Draws on country cases *Taxation in Developing Countries* Roger Gordon, 2010-07-05 Taxes are a crucial policy issue especially in developing countries Just recently proposals to raise middle class taxes toppled the Bolivian government and plans to extend or increase the value added tax caused political unrest in Ecuador and Mexico Despite the impact of tax policy on developing countries a comprehensive study has yet to be written Treating Argentina Brazil India Kenya Korea and Russia as key case studies this volume outlines the major aspects of current tax codes and explores their economic and political implications Examples of both the poorest and wealthiest developing countries Argentina Brazil India Kenya Korea and Russia uniquely demonstrate the diverse fiscal problems of tax reform Each economy relies heavily on indirect and corporate income taxes though recently some have reduced their tariff rates and have switched from excise to value added taxes There is a large informal economy in most of these countries and tax evasion by firms is a significant concern As a result tax revenue remains low even though rates are as high as those in developed economies Also unconventional methods to collect revenue have been implemented including bank debit taxes state ownership of firms and implicit taxes on individuals in the informal sector Exploring these and other concerns as well as changes in tax law administration and fiscal pressures this comprehensive anthology clarifies the current landscape of tax administration and the economic future of the world's poorer economies *Tax Policy in Developing Countries*, 1994 Taxation and State-Building in Developing Countries Deborah Brautigam, Odd-Helge Fjeldstad, Mick Moore, 2008-01-10 There is a widespread concern that in some parts of the world governments are unable to exercise effective authority When governments fail more sinister forces thrive warlords arms smugglers narcotics enterprises kidnap gangs terrorist networks armed militias Why do governments fail This book explores an old idea that has returned to prominence that authority effectiveness accountability and responsiveness is closely related to the ways in which governments are financed It matters that governments tax their citizens rather than live from oil revenues and foreign aid and it matters how they tax them

Taxation stimulates demands for representation and an effective revenue authority is the central pillar of state capacity. Using case studies from Africa, Asia, Eastern Europe and Latin America, this book presents and evaluates these arguments, updates theories derived from European history in the light of conditions in contemporary poorer countries and draws conclusions for policy makers. Tax Policy for Developing Countries Vito Tanzi, 2001. Tax Policy and Economic Development Richard Miller Bird, 1992. The countries are Bolivia, Colombia, Indonesia, Jamaica, Korea, Mexico, Morocco and Turkey. It draws on their experiences to find lessons learned and to see how they may be applied to other countries on the road to tax reform. Using international examples, they highlight the state of knowledge of tax reform, present new thinking about the issue and analyze useful policy options. The book's general goal is to examine the current and emerging challenges facing tax reformers and to assess possible directions future reforms are likely to take. More specific themes include distributional issues, how to tax capital income, how to design specific taxes, e.g. the income tax, the value added tax, the property tax, how to consider the politics and administrative aspects of tax reform and how to combine the separate insights into comprehensive tax reform. **Taxation in Developing Countries** Richard Miller Bird, Oliver Oldman, 1990.
