Teach Me Russianmore Russian:

Making Russians Darius Staliūnas, 2007-01-01 Making Russians is an innovative study dealing with Russian nationalities policy in Lithuania and Belarus in the aftermath of the 1863 Uprising The book devotes most attention to imperial confessional and language policy for in Russian discourse at that time it was religion and language that were considered to be the most important criteria determining nationality The account of Russian nationalities policy presented here differs considerably from the assessments usually offered by historians from east central Europe primarily because the author provides a more subtle description of the aims of imperial nationalities policy rejecting the claim that the Russian authorities consistently sought to assimilate members of other national groups At the same time the interpretation this study offers opens a discussion with western and Russian historians especially those who lay heavy emphasis on discourse analysis This study asserts that the rhetoric of officials and certain public campaigners was influenced by a concept of political correctness which condemned all forms of ethnic denationalisation A closer look at the implementation of discriminatory policy allows us to discern within Russian imperial policy more attempts to assimilate or otherwise repress the cultures of non dominant national groups than it is possible to appreciate simply by analysing discourse alone **How to learn**

Ethnic Politics after Communism Zoltan Barany,Robert G.

Moser,2018-07-05 The Soviet Union encompassed dozens of nationalities and ethnicities and in the wake of its collapse the politics of ethnicity within its former borders and throughout Eastern Europe have undergone tremendous changes In this book Zoltan Barany and Robert G Moser bring together eminent scholars whose theoretically diverse and empirically rich research examines various facets of ethnicity in postcommunist Europe and Eurasia ethnic identity and culture mobilization parties and voting conflict and ethnic migration The contributors consider how ethnic forces have influenced political outcomes that range from voting to violence and protest mobilization to language acquisition Conversely each chapter demonstrates that political behavior itself has an impact on the forms and strength of ethnic identity Thus ethnicity is deemed to be a contested malleable and constructed force rather than a static characteristic inherent in the attributes of groups and individuals with a common religion race or national origin *Biliteracy and Multiliteracies* Fotini

Anastassiou,2021-05-07 This volume introduces the reader to ongoing research on the study of biliteracy and highlights recent trends in the promotion of biliteracy and multiliteracies in education Literacy issues have come under the microscope of researchers in recent decades The very concept of literacy includes skills such as understanding interpreting and managing different text types in different sociocultural environments Therefore the pioneers in the study of literacy characterize it as one multidimensional concept with social and cultural components or go even further by talking about pluriliteracies multiliteracies which emerge through the complex linguistic and value practices adopted by speakers of multilingual societies in the 21st century The contributions gathered here will give the reader a general idea of where research is heading in the areas of biliteracy and multiliteracies especially in view of multilingualism and its ever changing conditions The authors situate their research within current debates in terms of theory and empirical data In this volume the reader will find several chapters discussing issues of biliteracy and multiliteracies in a wide variety of settings countries and orientations including Brazil Cyprus Greece Iceland Malta Portugal and the USA Joseph Campbell: A Fire in the Mind

Stephen Larsen,Robin Larsen,2002-04-01 The fascinating biography that illuminates the man whose work changed modern culture Gives a complete biographical view of Campbell s life and a personal perspective of who he was through the voices of his friends and colleagues Written by two of Campbell s preeminent students with exclusive access to his notes and journals Joseph Campbell forged an approach to the study of myth and legend that made ancient traditions and beliefs immediate relevant and universal His teachings and literary works including *The Masks of God* have shown that beneath the apparent themes of world mythology lie patterns that reveal the ways in which we all may encounter the great mysteries of existence birth growth soul development and death Biographers Stephen and Robin Larsen students and friends of Campbell for more than 20 years weave a rich tapestry of stories and insights that catalogue both his personal and public triumphs Options for the Teaching of Foreign Languages, Literatures, and Cultures Warren C. Born,1978 **Window on the East** Robert

Geraci,2018-10-18 Robert Geraci presents an exceptionally original account of both the politics and the lived experience of diversity in a society whose ethnic complexity has long been downplayed For centuries Russians have defined their country as both a multinational empire and a homogeneous nation state in the making and have alternately embraced and repudiated the East or Asia as fundamental to Russia s identity The author argues that the city of Kazan in the middle Volga region was the chief nineteenth century site for mediating this troubled and paradoxical relationship with the East much as St Petersburg had served as Russia s window on Europe a century earlier He shows how Russians sought through science religion pedagogy and politics to understand and promote the Russification of ethnic minorities in the East as well as to define themselves Vivid in narrative detail meticulously argued and peopled by a colorful cast including missionaries bishops peasants mullahs professors teachers students linguists orientalists archeologists and state officials Window on the East uses previously untapped archival and published materials to describe the creation sometimes intentional sometimes unintentional of intermediate and new forms of Russianness

Mr. China's Son Liyi He,2018-02-19 He Liyi belongs to one of China s minorities the Bai and he lives in a remote area of northwestern Yunnan Province In 1979 his wife sold her fattest pig to buy him a shortwave radio He spent every spare moment listening to the BBC and VOA in order to improve the English he had learned at college between 1950 and 1953 For further practice he decided to write down his life story in English Humorous and unfiltered by translation his autobiography is direct and personal full of richly descriptive images and phrases from his native Bai language At the time of He Liyi s graduation English was being vilified as the language of the imperialists so the job he was assigned had nothing to do with his education In 1958 he was labeled a rightist and sent to a reeducation through labor farm Spirited away by truck on the eve of his marriage Mr He spent years in the labor camp where he schemed to garner favor from the authorities who nevertheless shamed him publicly and told him that all his problems belong to contradictions between the people and the enemy After his release in 1962 the talented Mr He had no choice but to return to his native village as a peasant His stratagems for survival which included stealing nightsoil from public toilets and extracting peach pit oil from thousands of peaches personify the peasant s universal struggle to endure during those difficult years He Liyi s autobiography recounts nearly all the major

events of China's recent history including the Japanese occupation the Communist victory over the Nationalists in 1949 Mao's disastrous Great Leap Forward and Cultural Revolution the experience of the labor camps and changes brought about by China's dramatic re-opening to the world since Deng Xiaoping came to power in 1978 No other book so poignantly reveals the travails of the common person and village life under China's tempestuous Communist government which He Liyi ironically refers to as Mr China Yet he describes his saga of poverty and hardship with humor and a surprising lack of bitterness And rarely has there been such an intimate frank view of how a Chinese man thinks and feels about personal relationships revealed in dialogue and letters to his two wives He Liyi's autobiography stands as perhaps the most readable and authentic account available in English of life in rural China He Liyi's previous book is *The Spring of Butterflies* London and New York 1985 a translation of Chinese folk tales Munsey's Magazine ,1905 **Language Contacts at the Crossroads of Disciplines** Lea Meriläinen,Heli Paulasto,Helka Riionheimo,2015-01-12 This volume offers a cross disciplinary insight into language contact research bringing together fresh empirical and theoretical studies from various fields concerning different dimensions of language contact and variation second language acquisition and translation In the present day world of globalization population mobility and information technology the themes of multilingualism and contact induced language change are as topical as ever and research on language contacts and cross linguistic influence has expanded rapidly during the last few decades Along with the increasing specialization of related disciplines their research perspectives methods and terminology have become dispersed although language contact phenomena themselves can rarely be confined within the scope of a single discipline This collection of articles creates dialogue between researchers from different scientific backgrounds thus viewing language contact phenomena from a broader perspective When language contact is re-defined to include the mental or cognitive level of contact between different languages and varieties in the minds of language learners or translators salient links are created between the different disciplines dealing with this subject matter Munsey's Magazine for ... ,1906 **The Russian Shores of the Black Sea in the Autumn of 1852 ...** Laurence Oliphant,1853 **The Russian Shores of the Black Sea in the Autumn of 1852** Laurence Oliphant,2012-03-08 First published in 1853 this book is a narrative of the British writer Laurence Oliphant's journey through mid nineteenth century Russia
