A New Edition [of "Miscellanies in Prose and Verse, in Two Parts"]. , 1834. *Readiness or resistance?* Afrah Abdulla, 2017-11-13. This thesis is about newly arrived adult migrants meaning making and learning in Swedish society during the two years introduction period after they have received the residence permit. I have specifically studied Arabic speaking adults meaning making and learning by carrying out observations and individual in-depth interviews with 12 migrants. The introduction period consists mainly of three so-called introduction measures: the civic orientation course, Swedish for immigrants (SFI), and different work-related activities such as internship at different work places. The results show that etablering is about shaping the newly arrived adult migrants into good citizens through the introduction measures. Among other things, in the civic orientation course, which is regulated through the policy documents and which so to say provides meaning to the newly arrived. The good citizen has some specific characteristics which roughly are that he or she is independent and advocates individuality, free equality, thinking secularized law abiding, which includes being honest, responsible and a good parent. These characteristics are expressed in different ways in the civic orientation course, for instance through the course material. The Swedish society is described as something desirable and different from what is implied to be Arabic values and ways of thinking. The idea of the good citizen appears to aim at constructing the adult migrants and their families' identity something which many of the study's respondents make a resistance to. As concerns the migrant's new experiences, it is for example those which the migrant gets through the contact with the Swedish Public Employment Service (SPES) that affect the meaning making in the new society. The meaning which most of the respondents have made of the SPES's measures for them is that

this authority only offers prepackaged solutions and does not provide the help or support that they need Also the experiences which the migrant has in the civic orientation course and the meaning which old migrants give to him or her play a role when he or she makes meaning of Sweden and Swedes and of his or her new life situation Further it has been shown that it is those experiences that the adult individual has been socialized through and those which he or she has gained through work or education in his or her country of origin which affect his or her meaning making in Sweden It is mostly values which concern child upbringing and religion that lead to a certain understanding and construction of one s new life These values when related to the values which are included in the good citizen idea also lead to either a resistance or a readiness towards the meaning giving that is embedded in the good citizen notion Denna studie handlar om nyanl nda vuxna migranternas meningsskapande och l rande i det svenska samh llet under deras tv riga introduktionsperiod efter att de har f tt uppeh llstillst nd Jag har specifikt studerat arabisktalande vuxnas meningsskapande och l rande genom observationer och enskilda djupintervjuer med 12 nyanl nda Introduktionsperioden best r fr mst av tre s k etableringsinsatser kursen i samh llsoorientering svenska f r invandrare SFI samt olika arbetsrelaterade och arbetsfr mjande insatser s som praktik p olika arbetsplatser Resultatet visar att etablering handlar om att forma de vuxna nyanl nda till goda medborgare genom etableringsinsatserna bl a i samh llsoorienteringskursen som regleras genom policydokumenten och som s a s tillhandah ller mening f r de nyanl nda Den goda medborgaren har vissa specifika k nnetecken vilka i grova drag r att han eller hon r sj lvst ndig och f respr kar individualitet fri j mlikhetst nkande sekulariserad laglydig vilket inkluderar rlig ansvarsfull och en god f r lder Dessa karakt rsdrag kommer p olika s tt till uttryck i samh llsoorienteringskursen exempelvis genom kursmaterialet Det svenska samh llet framst lls d ocks som n got efterstr vansv rt och skilt fr n det som antyds vara arabiska v rderingar och t nkes tt F rest llningen om den goda medborgaren verka syfta till att konstruera den vuxna nyanl ndas och dennas familjs identitet n got som m nga av studiens respondenter g r motst nd mot Vad g ller migrantens nya erfarenheter r det exempelvis de som migranten har f tt genom kontakt med Arbetsf rmedlingen som p verkar meningsskapandet i det nya samh llet Den mening som de flesta av respondenterna har gjort om Arbetsf rmedlingens insatser f r dem r att denna myndighet enbart erbjuder dem f rpaketerade l sningar och inte tillhandah ller den hj lp eller det st d som de beh ver ven erfarenheter som migranten g r i samh llsoorienteringskursen samt den mening som gamla migranter f rmedlar till honom eller henne spelar roll f r hur vederb rande skapar mening om Sverige och svenskar och om sin nya livssituation Dessutom har det visat sig att det r de erfarenheter som den vuxna har blivit socialiserad genom samt de som han eller hon har f tt genom utbildning eller arbete i ursprungslandet som p verkar migrantens meningsskapande i Sverige Det r fr mst v rderingar som r knutna till barnuppfostran och religion som leder till en viss f rst else och konstruktion av ens nya liv Dessa v rderingar leder ocks n r de st ts mot de v rderingar som ing r i f rest llningen om den goda medborgaren antingen till ett motst nd mot eller en beredvillighet inf r det meningsgivande som ing r i den goda medborgaren
