believe includes how to pray Proverbs 6 22 says to train up a child in the way he should go and when he is old or grown up he will not depart from it This go to show that whatever we inculcate in our children at a tender age follows them in their adulthood This book is designed to help you tackle that task You need not fear or worry about how to teach your children to pray just by following the steps outlined in this book you will discover that getting your children to form the habit of praying is not such a difficult task after all
