*The Michiana Potters* Meredith A. E. McGriff, 2020-08-03 A new pottery tradition has been developing along the border of northern Indiana and southern Michigan Despite the fact that this region is not yet an established destination for pottery collectors Michiana potters are committed to pursuing their craft thanks to the presence of a community of like minded artists The Michiana Potters an ethnographic exploration of the lives and art of these potters examines the communal traditions and aesthetics that have developed in this region Author Meredith A E McGriff identifies several shared methods and styles such as a preference for wood fired wares glossy glaze surfaces cooler colors the dripping or layering of glazes on ceramics that are not wood fired the handcrafting of useful wares as opposed to sculptural work and a tendency to borrow forms and decorative effects from other regional artists In addition to demonstrating a methodology that can be applied to studies of other emergent regional traditions McGriff concludes that these styles and methods form a communal bond that inextricably links the processes of creating and sharing pottery in Michiana

Anthropological Perspectives on Children as Helpers, Workers, Artisans, and Laborers David F. Lancy, 2017-12-12 The study of childhood in academia has been dominated by a mono cultural or WEIRD Western educated industrialized rich and democratic perspective Within the field of anthropology however a contrasting and more varied view is emerging While the phenomenon of children as workers is ephemeral in WEIRD society and in the literature on child development there is ample cross cultural and historical evidence of children making vital contributions to the family economy Children s labor is of great interest to researchers but widely treated as extra cultural an aberration that must be controlled Work as a central component in children s lives development and identity goes unappreciated Anthropological Perspectives on Children as Helpers Workers Artisans and Laborers aims to rectify that omission by surveying and synthesizing a robust corpus of material with particular emphasis on two prominent themes the processes involved in learning to work and the interaction between ontogeny and children s roles as workers
