Teachers Are Funny People:

Confessions of an English Teacher: A Memoir of My Teaching Years Richard P. Sinay, 2024-07-24 Confessions of an English Teacher A Memoir of My Teaching Years was written to share some of my extraordinary experiences teaching English at six high schools and seven community colleges in Orange County California from 1973 to 2018 I share these memories because they were so disappointing in their discovery I imagined that as an English teacher I was prepared to teach the subject I was trained for but I learned that was far from the truth My training as an English teacher should have prepared me to teach essential skills It did not As I reflect on my teaching at these schools I discovered that my English degree needed to produce a prepared English teacher for teaching the skills of reading grammar and writing Looking back at what I was mandated to teach revealed a sad truth teaching English to high school and college students was filled with traditions that needed to change With what I discovered to be traditional problems in teaching English I offer recommendations for change for high schools and community colleges

The Secrets of Timeless Teachers Jeremy S. Adams, 2016-04-04 The perpetual anxiety about America s educational system has created a state in which teachers administrators and parents are on a constant search for magical solutions for what ails the American classroom Theories reforms and strategies abound each purporting to be a panacea the educational establishment has long been waiting for In The Secrets of Timeless Teachers Instruction that Works in Every Generation Jeremy S Adams argues that the methods habits and behaviors that constitute powerful teaching do not change over time In fact an effective and impactful teacher a hundred years ago used many of the same habits and strategies a powerful teacher uses today In essence extraordinary teaching is timeless in nature Like the speed of light or the sun rising in the East it is a constant Modern teachers who want to understand what timeless teaching looks like and more importantly how to do it would be wise to study this text that is both highly descriptive and pragmatically actionable

Teaching, Preaching, and Healing William T. Guthrie, 2007 It seems God had a way of communicating his will to me through daydreams Bill Guthrie is a natural storyteller His rich warm voice brought the gospel alive to congregations all over the world He was also gifted in collecting and telling family stories These gifts combine to create a body of knowledge with personal spiritual and religious significance As Bill s voice began to grow weak it was feared that these stories these unique observations and recollections of times of war recovery poverty and prosperity would disappear In 19xx Bill s youngest daughter W June Holstrum began to gather Bill s stories on audio cassette She transcribed them then passed them on to her youngest daughter Shawn M Davis to assemble and edit them into this volume Inspirational in nature this book is a testament to the power of faith and prayer From a rambunctious childhood through the penniless depressions years and into a ministry that led him throughout the United States and Korea William T Guthrie s memoirs gives a personal look at one man s relationship with God and how that guided him throughout his life Wherever he went he had the ability to look through outward appearances and connect with people all people regardless of

age race circumstances or religious belief His journey begins in the hills and hollows of Missouri and Illinois There he transforms from a church skipping pool hall haunting youth into a somewhat over serious young minister No stranger to hard times his story reveals occasions of near tragedy and despair averted through prayer In clear and vivid details he recounts healings and other miracles which could only have been brought about by a loving God Although Bill believed in miracles and the power of prayer he also believed in the value of hard work He sawed wood pounded nails and did any manner of hard labor to ensure that people had a place to worship When his ministry took him to war torn Korea he didn t just save souls but also changed lives Whether allowing a young Korean woman to take a long hot bath or arranging for a disfigured young boy to have reconstructive surgery on his face Bill s priority was always people their welfare and what he could do to help And his wife Jane was always by his side

The A-Z of Early Career Teaching Harry Hudson,2025-01-10 The A Z of Early Career Teaching is a one stop shop for those in the early stages of their teaching career organised around the 26 letters of the English alphabet This book is about how to be a teacher and in particular how to be a teacher at the start of your career It is about the all round experience of being a teacher of what it means to exist and thrive in schools on a daily basis from week to week and term to term It doesn t overlook the things that more experienced teachers can easily take for granted and that too often remain unspoken What does it take to be a teacher in the broadest sense A teacher who is clear eyed about the challenges and difficulties of the job who experiences its usual ups and downs who is always aware of the ways in which they could improve their practice but who loves their job nonetheless This book aims to offer some answers So look up from the individual trees and see the whole wood Because in teaching today is always yesterday before you know it and on balance that s a good thing there s no time for either despair or complacency Yesterday exists to allow us to learn from our disappointments and build upon our successes And that s entirely healthy Harry Hudson *Teaching Class Clowns (And What They Can Teach Us)* William Watson Purkey,2006-03-23 A challenging opportunity for the teacher to capitalize on this all too often overlooked student Donald W Russell Professor Emeritus and Acting Dean School of Education University of North Carolina Greensboro Offers much needed fresh air and insightful messages John J Schmidt Professor of Counselor Education East Carolina University For a class clown reading this book was like looking into a mirror But I looked sounded and seemed smarter in Purkey s mirror Tim Cusack Speaker Trainer Actor Leverage the unique humor of class clowns to improve classroom management and student motivation This first of its kind resource shows teachers administrators and counselors how to teach these unique yet at risk learners while also leveraging their blend of humor and intelligence to inject joy and enthusiasm into the classroom Written by a veteran educator and self described class clown this concise guide combines laugh out loud writing with the author s field tested expertise to help educators Identify the four signature tendencies of class clowns Employ practical classroom strategies to keep instruction moving Prevent class clowns from acting out by understanding how to teach them

Atchison,Tiffany A. Wild,2018-05-16 Towards Inclusion of All Learners through Science Teacher Education serves as an indispensable resource for teachers and teacher educators wishing to understand how to educate students with exceptionalities in science This book begins with the voices and stories of the experts current and former K 12 students with disabilities sharing their experiences in science education classrooms The voices of students with disabilities are then connected to the work of leading experts in the area of science education for individuals with disabilities in an effort to address the goals of national reform documents by ensuring rigorous science experiences for all students It is written in a highly accessible and practical manner making it ideal for all educators including pre service and in service teachers teacher educators researchers and curriculum developers *American Primary Teacher* ,1897 **Reading, Learning, Teaching**

Clyde Edgerton Yvonne Mason,2009 This is an introduction to the literature of contemporary American writer Clyde Edgerton A North Carolina native Edgerton has been compared to Mark Twain for his easy humorous style which is based in oral tradition Like Twain and other humorous writers Edgerton s work often contains both biting satire and exploration of very large questions about the human condition The book contains an overview of each of his novels and his memoir in addition to offering critical commentary on theme craft and structure Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning Teachers will find specific companion pieces of literature for

introducing Edgerton's vivid and challenging work. This book presents the case for including more of Clyde Edgerton's work in our secondary and college English language arts classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching.

Teaching in the Intermediate Grades George Earl Freeland, Roxana Morton Adams, Katharine Hedges Hall, 1927

Teaching Secondary English Daniel Sheridan, 2013-03-07

This new edition of *Teaching Secondary English* is thoroughly revised but its purpose has not changed. Like the popular first edition it balances content knowledge with methodology, theory with practice and problem posing with suggested solutions. The tone and format are inviting while addressing student readers on a professional level. Rather than attempting to cover everything the text provides a framework and materials for teaching a secondary English methods course while allowing considerable choice for the instructor. The focus is on teaching literature, writing and language: the basics of the profession. Attention is given to the issues that arise as one seeks to explore what it means to teach English. The problems and tensions of becoming a teacher are discussed frankly in a manner that helps students figure out their own attitudes and solutions.

Features: Focuses on a few central concepts in the teaching of secondary English. Provides an anthology of 22 readable and challenging essays on key topics, allowing students to hear a variety of voices and opinions. Includes an applications section for each reading that extends the discussion and asks students to explore problems and grapple with important issues related to the articles. Offers short writing assignments in questions that follow the readings and in brief writing tasks in the applications and a longer writing assignment at the end of each chapter. Addresses student readers directly without talking down to them.

New in the Second Edition: This edition is shorter, tighter and easier to use. The opening and concluding chapters more directly address the concerns of new teachers. The anthology is substantially updated: of the 22 articles included, 14 are new to this edition. Each essay is preceded by a brief introduction and followed by questions for further thought. There are fewer applications but these are more extensive and more fully integrated within the text. A writing assignment is provided at the end of each chapter. Interviews with college students before and after student teaching are included in Chapters 1 and 6. The bibliographies at the end of each chapter are fully updated.

Students, Teachers, and Leaders Addressing Bullying in Schools Christa Boske, Azadeh Osanloo, 2016-10-13

The importance of Boske and Osanloo's approach to identifying the crisis of bullying in our society lives within the personal stories shared in this book. Readers are reminded that victims of bullying are our own friends, neighbors and classmates and those at every level in the community are challenged to be part of the solution. The hatred carried out by those who bully impacts all of us, not only the individual victims. *Students, Teachers and Leaders Addressing Bullying in Schools* captures the tragedy victims face and the urgency of creating a new dialogue amongst our educators. Judy Shepard, Founder, Matthew Shepard Foundation. The most important experts on bullying are the students, parents and educators who wrestle with its impact every day. In this book, Boske and Osanloo place them at the center of the dialogue to design lasting solutions and spur the national conscience into action. Bias-based bullying

complicates systemic solutions by activating the isms and phobias that plague us all The bold collective behind this book calls us to get over our own stuff and double down on our efforts to create safe and affirming schools for all students Eliza Byard PhD Executive Director GLSEN The brilliance and boldness of this book lie in two distinguishing features First inspired by the Boske and Osanloo's vision the contributors discuss bullying as precisely what it is not an interpersonal challenge not a cross cultural tension not an issue that can be conflict mediated away but a social justice concern that is connected to bigger societal conditions and injustices Secondly Boske and Osanloo reject the idea that academics are the experts of everybody's experiences and so they open the space on the pages of their book to the targets of bullying and their on the ground advocates The result is revolutionary If you think you understand bullying I dare you to read this book Paul Gorski Founder EdChange Associate Professor Integrative Studies at George Mason University Normal Instructor and Teachers World, 1920

Making Peace Elaine Brooks, Len Fox, 1998-07-28 Provides content based language instruction through readings on peace education topics *The Irish Culture Book 2 - Teacher Resource Book* Ian O'Malley, 2015-02-24 THE IRISH CULTURE BOOK 2 is a book of activities designed to foster discussion on aspects of Irish culture It can be used by anyone with an interest in exploring Irish culture most especially in a learning multicultural environment The book is particularly useful for students of English as a Second Language ESL and can be used as part of a language course or as a self access book The book can help develop speaking skills and improve fluency The conversations deepen critical thinking skills essential for success in a new culture and also for studying in university programs The book is full of interesting and thought provoking activities that give users great opportunities for comparative reflection on their own cultures and help develop cross cultural awareness There are over 350 questions over 100 quotations including Irish proverbs as well as questionnaires matching and correcting exercises quizzes and creative problem solving tasks
