*Teachers of the Foothills Province* John W. Chalmers, 1968      **Teachers of the Foothills Province** John W. Chalmers, 1968-12-15 In 1967 the Alberta Teachers Association published in honour of Canada's Centennial a history of the public school system in Alberta entitled *Schools of the Foothills Province* This informative book published for the Association by University of Toronto Press is now followed by a companion volume written by the same author which tells the story of the Association itself and its long and sturdy efforts to improve the position of teachers and the quality of education in the province After providing the background to the formation of the ATA which officially began on July 24 1918 the author goes on to describe the growth of the organization from its beginnings as a spare time activity for teachers to a strong influential union From its earliest years it was affiliated with the labour movements of the Twenties and fought with increasing strength for the rights of Alberta teachers Throughout this study the ATA's concern is evident not only for the economic aspects of teaching for higher salaries and pension schemes but also for other features departmental examinations and curricula preparation and certification of teachers and educational research The ATA's mercurial relations with the provincial government are related its struggle through the depression years and its blossoming in the first decade after 1935 under a Social Credit Government Leading personalities move through this story against the turbulent background of a growing young province contributing an air of vigorous controversy and achievement to the story of the ATA      **A Canadian's Road to Russia: The Letters of Stuart Ramsey Tompkins** Stuart Ramsay Tompkins, 1989 Stuart Ramsay Tompkins belonged to the generation of scholars that came of age in Canada after the turn of the century and was tempered by the First World War His letters to his wife Edna from 1912 to 1919 provide an eloquent record of his courtship and marriage sharp observations of government and politics both military and civil an articulate participant's view of war in the trenches and discerning and sensitive reactions to Siberia and China in 1919 The letters recount pivotal experiences that shaped the future professor who would become one of North America's pioneer specialists in Russian history Edited by Doris H Pieroth      *A History of the University of Alberta* Walter H. Johns, 1981 Walter H Johns president of the University of Alberta during the most hectic years of growth 1959 to 1969 tells a story of great human interest as well as documenting for posterity the academic and administrative functions of this Canadian university and the covering provincial legislation      **Dictionary Catalogue of the Library of the Provincial Archives of British Columbia, Victoria** Provincial Archives of British Columbia. **THE ATA MAGAZINE.** Alberta Teachers' Association, 1968      **Teachers of the Foothills Province; the Story of the Alberta Teacher's Association. S.I** John W. Chalmers, 1968      **Forging Alberta's Constitutional Framework** Richard Connors, John M. Law, University of Alberta. Centre for Constitutional Studies, 2005-11 Forging Alberta's Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005 The

formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population. Challenges to authority, latent lawlessness, interaction between indigenous and settler societies, periods pre and post 1905 of jurisdictional confusion and demands for individual group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west patrolled from the outset by red-coated mounted police and peopled by peaceful and law-abiding subjects of the Crown. Papers focus on the development of criminal law in the Canadian west in the nineteenth century, the Natural Resources Transfer Agreement of 1930, the National Energy Program of the 1980s, Federal-Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments.

The broad range of topics covered by the essays in this collection provide a sense of the diverse experiences and efforts which constituted important aspects of working class life in Brandon. The authors provide a compelling account of how workers used the cultural and institutional resources at their disposal to attempt to work toward a future of their own design.
