British made sci-fi folk horror period drama and televisual grand tours played out tensions between the past and the present, dramatised the fractures and injustices in society and acted as a portal for magical and ghostly visions. In *The Magic Box* Rob Young takes us on a fascinating journey into this influential golden age of screen and discovers what it reveals about the nature and character of Britain, its uncategorisable people and buried histories and how its presence can still be felt on screen in the twenty-first century. A forensic dissection, this tightly packed treatise takes pains to illustrate how what we view affects how we view ourselves.
