This is a true story of greed and hatefulness that led to 6 murders by 4 hit men in 6 short months hired by the Woodman Brothers. A story of close knit family ties that ended in one man's wanton taking of life. Steven Homick masterminded the ruin and devastation of the Woodman family. Ray Gregory, Bobby Jean Tipton, Marie Bullock, James Meyers, Vera Woodman, and Gerald Woodman were the six that died by his hand as he orchestrated murder and mayhem. *Big Fellow, Long Fellow. A Joint Biography of Collins and De Valera* T. Ryle Dwyer, 2006-09-12 Michael Collins and Eamon de Valera were the two most charismatic leaders of the Irish revolution. This joint biography looks first at their very different upbringings and early careers. Both fought in the 1916 Easter Rising although it is almost certain they did not meet during that tumultuous week. Their first encounter came when Collins had been released from jail after the rising but de Valera was still inside. Collins was one of those who wanted to run as a Sinn Féin candidate in the Longford by-election of 1917. De Valera and other leaders opposed this initiative but the Collins group went ahead anyway and the candidate won narrowly. The incident typified the relationship between the two men; they were vastly different in temperament and style. But it was precisely in their differences and contradictions that their fascination lay. De Valera, the political pragmatist, hoped to secure independence through political agitation, whereas the ambitious Collins, with his restless temperament and boundless energy, was an impassioned patriot who believed in terror and assassination. T. Ryle Dwyer examines the years 1917-22 through the twists and turns of their careers. In an epilogue, he considers the legacy of Collins on de Valera's political life. **Irish Crime**

Fiction Brian Cliff, 2018-04-19 This book examines the recent expansion of Ireland's literary tradition to include home-grown crime fiction. It surveys the wave of books that use genre structures to explore specifically Irish issues such as the Troubles and the rise and fall of the Celtic Tiger, as well as Irish experiences of human trafficking, the supernatural, abortion, and civic corruption. These novels are as likely to address the national regulation of sexuality through institutions like the Magdalen Laundries as they are to follow serial killers through the American South or to trace international corporate conspiracies. This study includes chapters on Northern Irish crime fiction, novels set in the Republic, women protagonists, and transnational themes, and discusses Irish authors' adaptations of a well-loved genre and their effect on assumptions about the nature of Irish literature. It is a book for readers of crime fiction and Irish literature alike, illuminating the fertile intersections of the two.

Capital Punishment in Independent Ireland David M. Doyle, Liam O'Callaghan, 2019 This is a comprehensive and nuanced historical survey of the death penalty in Ireland from the immediate post-civil war period through to its complete abolition. Using original archival material, this book sheds light on the various social, legal, and political contexts in which the death penalty operated and was discussed. In Ireland, the death penalty served a dual function: as an instrument of punishment in the civilian criminal justice system and as a weapon to combat periodic threats to the security of the state posed by the Irish Republican Army (IRA). Through close examination of cases dealt with in the ordinary criminal courts, this study elucidates ideas of class, gender, community, and sanity and explores their impact on the administration of justice. The

application of the death penalty also had a strong political dimension most evident in the enactment of emergency legislation and the setting up of military courts specifically aimed at the IRA As the book demonstrates the civilian and the political strands converged in the story of the abolition of the death penalty in Ireland Long after decision makers accepted that the death penalty was no longer an acceptable punishment for ordinary cases of murder lingering anxieties about the threat of subversives dictated the pace of abolition and the scope of the relevant legislation
