Food Security In The United States William B. Lacey, Lawrence M. Busch, 2021-01-07 Despite the fact that every year it produces a larger surplus of agricultural products than any other country in the world the U S still must contend with a number of important but often unaddressed issues related to food security including problems of soil erosion water supply energy availability nutrition farm worker health and safety and product distribution This book containing contributions from

authorities in both the natural and social sciences expands the range of issues pertinent to the security of the U S food system taking into account the adequacy and sustainability of the food supply equity in access to food by the entire population the nutritional quality of food and the costs and benefits social economic and health of the food system as it is presently organized Each of the authors considers an aspect of U S food security from the point of view of a specific discipline as well as in terms of broader policy implications *Beneath the Bottom Line* , **Diet for a Small Planet (Revised and Updated)** Frances Moore Lappé, 2021-09-21 Discover a way of eating that revolutionized the meaning of our food choices and sold more than 3 million copies now in a 50th anniversary edition with a timely introduction plus new and updated plant centered recipes Frances Moore Lapp is one of the few people who can credibly be said to have changed the way we eat and one of an even smaller group to have done it for the better The New York Times In 1971 Diet for a Small Planet broke new ground revealing how our everyday acts are a form of power to create health for ourselves and our planet This extraordinary book first exposed the needless waste built into a meat centered diet Now in a special edition for its 50th anniversary world renowned food expert Frances Moore Lapp goes even deeper showing us how plant centered eating can help restore our damaged ecology address the climate crisis and move us toward real democracy Sharing her personal journey and how this revolutionary book shaped her own life Lapp offers a fascinating philosophy on changing yourself and the world that can start with changing the way we eat This new edition features eighty five updated plant centered recipes including more than a dozen new delights from celebrity chefs including Mark Bittman Padma Lakshmi Alice Waters Jos Andr s Bryant Terry Mollie Katzen and Sean Sherman **Quick Bibliography Series** , 1987
