The Galileo Affair A Documentary History:

The Galileo Affair Maurice A. Finocchiaro, 1989-05-19 A classic introduction to Galileo's masterpiece William A Wallace author of Galileo's Logic of Discovery and Proof This is an outstanding contribution to the literature of seventeenth century science Robert Westman University of California at San Diego The Galileo Affair should be required reading for everyone who values freedom and fears censorship The extraordinary virtue of this collection of documents edited by Maurice A. Finocchiaro is that it presents both sides of the dispute Alan M. Dershowitz Harvard Law School A highly readable sourcebook the like of which does not exist Karl H. Dannenfeldt History Reviews of New Books **The Galileo Affair**

Maurice A. Finocchiaro, 1989-01 A classic introduction to Galileo's masterpiece William A Wallace author of Galileo's Logic of Discovery and Proof **The Trial of Galileo**, 2014-09-03 In 1633 the Roman Inquisition condemned Galileo as a suspected heretic for defending Copernicus's hypothesis of the earth's motion and denying the scientific authority of Scripture This book draws upon Maurice A. Finocchiaro's earlier works especially The Galileo Affair A Documentary History 1989 to provide a brief new documentary history of Galileo's trial that is simultaneously the most user friendly and inclusive available

Galileo Robin S. Doak, 2008-02 Profiles the life of the sixteenth century astronomer who revolutionized science with his theory the Earth revolves around the Sun **Encyclopedia of Italian Literary Studies: A-J** Gaetana Marrone, 2007

Publisher description **Retrying Galileo, 1633-1992** Maurice A. Finocchiaro, 2007-10-17 This is must reading for historians of science and a delight for the interested public From his access to many primary sources in the Vatican Library and from his broad knowledge of the history of the 17th century Finocchiaro acquaints readers in an interesting manner with the historical facts of Galileo's trial its aftermath and its repercussions Unlike many other works which present predetermined and at times prejudiced judgments this work provides exhaustive evidence to allow readers to develop their own informed opinion on the subject George V. Coyne Director Vatican Astronomical Observatory The tragic condemnation of Galileo by the Roman Catholic Church in 1633 has become the single most potent symbol of authoritarian opposition to new ideas Pioneering in its scope Finocchiaro's book provides a fascinating account of how the trial and its cultural significance have been freshly reconstructed by scholars and polemicists down the ages With a philosopher's eye for fine distinctions the author has written an exciting commentary on the successive appearance of new primary sources and their exploitation for apologetic and secular purposes John Hedley Brooke author of Science and Religion Some Historical Perspectives If good history begins with good facts then Retrying Galileo should be the starting point for all future discussions of the post trial phase of the Galileo affair Maurice Finocchiaro's myth busting documentary history is not only a repository of little known sources but a pleasure to read as well Ronald L. Numbers co editor of When Christianity and Science Meet Retrying Galileo tells the less well known half of the Galileo affair its long and complex history after 1633 Finocchiaro has performed an invaluable service in writing a book that explores how the trial and condemnation of Galileo has been received debated and

reinterpreted for over three and a half centuries We are not yet done with this contentious story Paula E Findlen Ubaldo Pierotti Professor of Italian History and Director of the Science Technology and Society Program Stanford University

Retrying Galileo, 1633-1992 Maurice A. Finocchiaro, 2005-04-11 In 1633 at the end of one of the most famous trials in history the Inquisition condemned Galileo for contending that the Earth moves and that the Bible is not a scientific authority Galileo's condemnation set off a controversy that has acquired a fascinating life of its own and that continues to this day This absorbing book is the first to examine the entire span of the Galileo affair from his condemnation to his alleged rehabilitation by the Pope in 1992 Filled with primary sources many translated into English for the first time Retrying Galileo will acquaint readers with the historical facts of the trial its aftermath and repercussions the rich variety of reflections on it throughout history and the main issues it raises History of Astronomy John Lankford, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Revolutionaries of the Cosmos* Ian Glass, 2008-10-23 Galileo Newton Herschel Huggins Hale Eddington Shapley and Hubble these astronomers applied ideas drawn from physics to astronomy and made dramatic changes to the world pictures that they inherited They showed that celestial objects are composed of the same materials as the earth and that they behave in the same way They displaced successively the earth the sun and finally the milky way galaxy from being the centre of the universe This book contains their biographies and outlines their greatest discoveries Hard work physical insight desire for fame and a strong belief in the rightness of their own ideas were characteristics of all eight Their often quirky personalities led them into bitter controversies with their contemporaries But their successes arose from the outstanding clarity of their thoughts their practical ability and their strong sense of direction in science **Saints and Sinners** Eamon Duffy, 2014-01-01 Fifty black and white and one hundred color illustrations accompany a history of the Papacy the companion volume to a French British television series from its development after the execution of Peter to the reign of Pope John Paul II UP

The Galileo Affair A Documentary History Introduction

In today's digital age, the availability of The Galileo Affair A Documentary History books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Galileo Affair A Documentary History books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Galileo Affair A Documentary History books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Galileo Affair A Documentary History versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Galileo Affair A Documentary History books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Galileo Affair A Documentary History books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Galileo Affair A Documentary History books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion,

The Galileo Affair A Documentary History books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Galileo Affair A Documentary History books and manuals for download and embark on your journey of knowledge?

FAQs About The Galileo Affair A Documentary History Books

1. Where can I buy The Galileo Affair A Documentary History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Galileo Affair A Documentary History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Galileo Affair A Documentary History books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Galileo Affair A Documentary History audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google

Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Galileo Affair A Documentary History books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
