The Forty Nine Percent Majority The Male Sex Role

Elizabeth M. Altmaier

The Forty Nine Percent Majority The Male Sex Role:

The Forty-nine Percent Majority Deborah Sarah David, Robert Brannon, 1976 The last few years have seen a surge of interest in the topic of sex roles For the most part the male sex role has been ignored In order to teach their course at Brooklyn College on the male sex role Deborah S David and Robert Brannon found that they needed easily accessible teachable material for their students The result is their new book **THE 49% MAJORITY The Male Sex Role** This reader is organized around a conceptualization of the male role Rather than assign the articles into ad hoc categories the authors have constructed a theoretical model of the male role This allows for a wider analysis of the male role and discusses its aspects in areas where scholarly investigation is sparse Back cover

Forty-Nine Percent Majority Deborah S. David, Robert Brannon, 1976-01-01

Gender and Emotion Agneta Fischer, 2000-03-09 When do people call someone emotional Why is it generally accepted that women are emotional and men are not What are the actual differences between men and women with regard to specific emotions Under what circumstances are these differences most pronounced How can we explain these alleged differences In this book a distinguished international group of scholars seek to address these and other questions in an attempt to disentangle the complex and fascinating relationship between gender and emotion

Handbook of the Psychology of Women and Gender Rhoda K. Unger, 2004-04-21 A lively thought provoking exploration of the latest theory and practice in the psychology of women and gender Edited by Rhoda Unger a pioneer in feminist psychology this handbook provides an extraordinarily balanced in depth treatment of major contemporary theories trends and advances in the field of women and gender Bringing together contributions from leading U S and international scholars it presents integrated coverage of a variety of approaches ranging from traditional experiments to postmodern analyses Conceptual models discussed include those that look within the individual between individuals and groups and beyond the person to the social structural frameworks in which people are embedded as well as biological and evolutionary perspectives Multicultural and cross cultural issues are emphasized throughout including key variables such as sexual orientation race ethnicity and social class Researchers and clinicians alike will appreciate the thorough review of the latest thinking about gender and its impact on physical and mental health which includes the emerging trends in feminist therapy and sociocultural issues important in the treatment of women of color In addressing developmental issues the book offers thought provoking discussions of new research into possible biological influences on gender specific behaviors the role of early conditioning by parents school and the media the role of mother and mothering gender in old age and more Power and gender as well as the latest research findings on American men s ambivalence toward women sexual harassment and violence against women are among the timely topics explored in viewing gender as a systemic phenomenon *Handbook of the Psychology of Women and Gender* is must reading for mental health researchers and practitioners as well as scholars in a variety of disciplines who want to stay current with the latest psychological psychosocial thinking on women and gender

Encyclopedia of Adolescence Roger J.R.

Levesque,2011-09-05 The Encyclopedia of Adolescence breaks new ground as an important central resource for the study of adolescence Comprehensive in breath and textbook in depth the Encyclopedia of Adolescence with entries presented in easy to access A to Z format serves as a reference repository of knowledge in the field as well as a frequently updated conduit of new knowledge long before such information trickles down from research to standard textbooks By making full use of Springer s print and online flexibility the Encyclopedia is at the forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society Substantively the Encyclopedia draws from four major areas of research relating to adolescence The first broad area includes research relating to Self Identity and Development in Adolescence This area covers research relating to identity from early adolescence through emerging adulthood basic aspects of development e g biological cognitive social and foundational developmental theories In addition this area focuses on various types of identity gender sexual civic moral political racial spiritual religious and so forth The second broad area centers on Adolescents Social and Personal Relationships This area of research examines the nature and influence of a variety of important relationships including family peer friends sexual and romantic as well as significant nonparental adults The third area examines Adolescents in Social Institutions This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents These major institutions include schools religious groups justice systems medical fields cultural contexts media legal systems economic structures and youth organizations Adolescent Mental Health constitutes the last major area of research This broad area of research focuses on the wide variety of human thoughts actions and behaviors relating to mental health from psychopathology to thriving Major topic examples include deviance violence crime pathology DSM normalcy risk victimization disabilities flow and positive youth development *Feminist Approaches for Men in Family Therapy* Michele Bograd,2014-01-14 This book is the first of its kind to address the treatment of men in marital and family therapy from a political or feminist perspective Feminist Approaches for Men in Family Therapy is an important and provocative addition to the field of family therapy and psychotherapy and works to deepen the understanding of men by using more traditional approaches Timely and relevant to today s interest in men s issues this book develops and demonstrates applications of treatment methods in straightforward prose from a variety of family therapy models These techniques and methods enable anyone working with men beginning and advanced clinicians regardless of clinical preference or loyalty to have a more effective practice with men Truly reflecting its title this provocative volume offers new ways of conceptualizing male development and the dilemmas of men in therapy while providing exemplars of the wide range of clinical work this perspective enriches Chapters concisely summarize the major benefits and limitations of conventional approaches to treating men and provide beginning conceptualizations of treatment issues with men that are grounded in social theory sensitivity to power issues and the social context and shifting cultural definitions of masculinity femininity and the nature of marriage

Other chapters employ the exciting and germane concepts of social constructionism to analyze belief systems about men and how cultural ideals shape and limit the personal development of men An ideal resource for all therapists striving for excellence in treating men **Men in Relationships** Victoria Bedford, Barbara Turner, 2006-06-27 Listed in Today's Books Book Register as a Must Read title For the first time experts in the areas of psychology masculinities social psychology personal relationships communication gender studies and clinical psychology offer their collective views on the interpersonal relationships of men From relationships men have with their wives to relationships men have with their brothers and friends this dynamic presentation offers a unique perspective and explores diverse points of life with a focus on middle to old age Engaging commentary provides useful overviews of traditional and current topics including The Dilemma of Masculinity in Culture The Married Man's Vulnerability at Midlife Masculinity and Men's Romantic and Sexual Relationships Men's Friendships The Fathers Involvement With Adult Children Closeness and Affection in Father Son Relationships Gender Differences in Negative Social Exchanges Men's Relationships An excellent reference for clinical and counseling psychologists gerontologists social workers marriage and family therapists as well as students **An International Psychology of Men** Chris Blazina, David S. Shen-Miller, 2011-01-19 This text is the first to provide a contextual understanding of the clinical issues that affect men and masculinity across a wide range of cultural and national settings It demonstrates that gender can no longer be viewed as an isolated characteristic in an era of increased globalization mental health professionals need to take ethnic and cultural issues into account to provide adequate care for male patients Numerous international perspectives are offered by the contributing authors authorities from countries such as Australia Argentina Denmark Canada India Ireland and South Africa on theoretical and clinical innovations for working with men Their chapters also offer insight into the socio cultural contexts for counseling men in and from their respective countries by exploring the ways in which being a man is socially defined what unique challenges men face and how these challenges can be negotiated within their specific cultural settings Topics addressed will include boyhood notions of manhood relationship concerns and power fatherhood and men's body image across the life span This text will ultimately enable mental health practitioners to have a better understanding of how to work more effectively with male clients **Health Issues Confronting Minority Men Who Have Sex with Men** Sana Loue, 2007-12-26 Here is an important work that uniquely focuses on both gay queer self identified men from diverse minority communities African American Latino Native American Asian and Pacific Islander and men of these ethnic communities who have sex with men but are not gay queer self identified Each section of this edited book is devoted to a particular health issue affecting minority MSM and consists of one or more scholarly chapters that address the particular issue *Masculinities, Care and Equality* N. Hanlon, 2012-07-31 This book explores men's ambiguous relationship with intimate caring work within a context where carefree and nurturing expectations for men are competing for influence For men to be more involved carers clashes with commonly valued expectations of them

as men and this book analyses how men confront this contradictory expectation *Navigating Life Transitions for Meaning* Elizabeth M. Altmaier, 2020-07-07 *Navigating Life Transitions for Meaning* explores the central human motivation of meaning making and its counterpart meaning disruption The book describes different types of specific transitions details how specific transitions affect an individual differently and provides appropriate clinical approaches The book examines the effects of life transitions on the component parts of meaning in life including making sense coherence driving life goals purpose significance mattering and continuity The book covers a range of transitions including developmental e g adolescence to adulthood personal e g illness onset becoming a parent and bereavement and career e g military deployment downshifting and retiring Life transitions are experienced by all persons and the influence of those transitions are tremendous It is essential for clinicians to understand how transitions can disrupt life and how to help clients successfully navigate these changes Covers cultural transitions such as immigration and religious conversion Examines health transitions such as cancer survivorship and acquired disability Uses a positive psychology framework to understand transitions Includes bulleted take away summaries of key points in each chapter Provides clinical applications of theory to practice *College Men and Masculinities* Shaun R. Harper, Frank Harris, III, 2010-03-08 *COLLEGE MEN AND MASCULINITIES* is a comprehensive handbook that offers a compilation of the best classic and contemporary research on male students in higher education The editors Shaun R Harper and Frank Harris III two experts in the field of men and masculinities frame each of the six sections of the book with a summary of issues and implications for educational practice Each section also includes a wealth of forward thinking strategies and suggestions that faculty and institutional leaders can creatively employ on their campuses to reverse problematic trends and outcomes among male undergraduates With contributions from leading scholars in education sociology psychology and other disciplines *College Men and Masculinities* explores the following issues in depth Identity development and gender socialization Sexualities and sexual orientations Destructive behaviors judicial offenses alcohol abuse and violence Health and wellness College men of color College men and sports This vital resource will help educators and administrators address the alarming trends and issues that arise from identity related challenges among boys and college men What a valuable resource This book includes some of the most influential research and theory on all aspects of collegiate masculinity from sports to spirituality hazing to hook ups and alcohol to assault Always sensitive to how different groups of men experience college life Harper and Harris's book will surely become the touchstone text for those who work with or study college men Michael Kimmel author of *Manhood in America* and professor of sociology Stony Brook University Essential reading for all who care about gender equity this book advances the conversation about men in college at the critical nexus of identity development culture and relationship enabling faculty and student affairs administrators to build more thoughtful and challenging educational environments for men from diverse populations Susan Marine Women's Center director and assistant dean for student life Harvard University This book offers educators and administrators much needed

guidance for understanding and effectively meeting the developmental academic and social needs of undergraduate men
Chauncey Smith undergraduate student leader Morehouse College **Handbook of Gender, Culture, and Health**

Richard M. Eisler, Michel Hersen, 2012-10-02 This Handbook illustrates how gender ethnicity age and even sexual orientation and understanding influence the health practices and risk factors for health problems in diverse groups of people Contributions from leading researchers in psychology health and epidemiology provide an interdisciplinary approach to the topic In addition to epidemiological issues this book discusses the view that public health policy and programs must be individually tailored to specific groups to maximize their effectiveness Part I deals with the effects of stress on the health of diverse populations Part II of the book raises the issues of varied health risk factors and health practices for different cultural and socioeconomic groups Part III examines specific health problems and issues common to women and men of varying ethnicity The last section deals with the health problems of specific populations Featuring the latest information for understanding how diverse groups of people perceive and respond to issues relating to their health this Handbook should prove to be a valuable resource to a wide range of practitioners and researchers in psychology medicine psychiatry sociology social work nursing exercise science and counseling The Social Psychology of Gender Laurie A. Rudman, Peter

Glick, 2021-09-16 Machine generated contents note 1 Understanding Gender 2 Dominance and Interdependence Produce Ambivalence 3 Development of Gender Relations 4 Gender Stereotypes 5 Maintaining Gender Stereotypes and Hierarchy 6 Gender at Work 7 Female Bodies and Beauty 8 Love and Romance 9 Sex 10 Masculinity 11 Violence Dominance and Control 12 Progress Pitfalls and Remedies References Author Index Subject Index **Digit Ratio** John T. Manning, 2002 Manning

biological sciences University of Liverpool argues that the relative lengths of the second and fourth fingers are genetically linked to hormone and sex related traits and by extension with sperm counts family size musical genius sporting prowess autism depression homosexuality heart problems and breast cancer He suggests that the study of the ratio between the lengths of the second and fourth finger can broaden our understanding of human ability behavior and health Three photographs 38 figures and eight tables are included Annotation copyrighted by Book News Inc Portland OR **Youth, Alcohol, and Social Policy** Howard T. Blane, Morris E. Chafetz, 2012-12-06 Anxiety about alcohol and youth has been excited by shocking events and reports Events are exemplified by multiple deaths of adolescents in automobile crashes after drinking parties Reports are exemplified by the conclusion from a national survey that more than one fourth of youngsters aged 13 to 18 are already problem drinkers Response provoked by these events and reports has taken the form of proposed or enacted legislation in several states to raise the so called legal drinking age from 18 to 19 or 20 or 21 The confusion around the alcohol and youth problem is manifest in the fact that no one can be sure that raising the legal drinking age will make any difference The legislation may be tilting at windmills and it is doubtful even that the windmills exist But the legislative windmills are whirling The confusion is clearly manifest in the fact that the legal drinking age legislation does not

deal with a drinking age **Men's Friendships** Peter M. Nardi, 1992-02-26 Current and much needed this book offers an analysis of the social forces which shape the way friendship is organized Through varying perspectives contributors show that a variation exists within as well as between the genders They focus on diversity in men s friendships and how men develop and maintain friendships with other men and women Part I focuses on philosophical and historical questions Part II illustrates the strong connection between social structure and men s friendships and the final chapters consider cultural diversity Men s Friendships reorganizes existing knowledge and introduces fresh perspectives within the framework of men s studies This volume is sure to stimulate debate raise questions and offer suggestions for future research A very interesting collection particularly those on black men s relationships where the author compares working class and middle class black American men s relationships a history of friendship and the changing nature of men s intimacy and power and intimacy and sexuality in male athletes friendships Working with Men Theory and research on men s studies are alive and well and Peter Nardi s edited book Men s Friendships is a significant contribution to this literature The book not only provides a useful account of how men develop and maintain their friendships it introduces a variety of rigorous approaches historical sociological and cross cultural to examine this topic Journal of Men s Studies Provides a thought provoking multifaceted look at how men handle friendship under a variety of conditions Some of the authors present data based research findings others give reflective integrative essays General readers undergraduate students and above Choice Theory and research on men s studies are alive and well and Peter Nardi s edited book Men s Friendships is a significant contribution to this literature The book not only provides a useful account of how men develop and maintain their friendships it introduces a variety of rigorous approaches historical sociological and cross cultural to examine this topic Men s Friendships is not only an important contribution to men s studies it is necessary reading for anyone interested in studying friendships The Journal of Men s Studies Overall this book demonstrates the vitality of research and theory on men s friendships Men s Friendships is not only an important contribution to men s studies it is necessary reading for anyone interested in studying relationships Personal Relationships Issues The anthology provides an excellent overview of the permutations of men s friendships It is both tightly organized and wide ranging a particularly difficult accomplishment for a collection Men s Friendships is one of the most interesting additions to the growing friendship literature It significantly opens up the debate over gender differences in friendship both within and between genders Masculinities **The SAGE Encyclopedia of Psychology and Gender** Kevin L. Nadal, 2017-04-15 The SAGE Encyclopedia of Psychology and Gender is an innovative exploration of the intersection of gender and psychology topics that resonate across disciplines and inform our everyday lives This encyclopedia looks at issues of gender identity and psychological processes at the individual as well as the societal level exploring topics such as how gender intersects with developmental processes both in infancy and childhood and throughout later life stages the evolution of feminism and the men s movement the ways in which gender can affect psychological outcomes and influence behavior

and more With articles written by experts across a variety of disciplines this encyclopedia delivers insights on the psychology of gender through the lens of developmental science social science clinical and counseling psychology sociology and more This encyclopedia will provide librarians students and professionals with ready access to up to date information that informs some of today s key contemporary issues and debates These are the sorts of questions we plan for this encyclopedia to address What is gender nonconformity What are some of the evolutionary sex differences between men and women How does gender based workplace harassment affect health outcomes How are gender roles viewed in different cultures What is third wave feminism

Handbook of Social Development Vincent B. Van Hasselt, Michel Hersen, 1992-08-31 Social development over one s lifetime is a complex area that has received considerable attention in the psychological social psychological and sociological literature over the years Surprisingly however since 1969 when Rand McNally published Goslin s Handbook of Socialization no comprehensive statement of the field has appeared in book form Given the impressive data in this area that have been adduced over the last two decades we trust that our handbook will serve to fill that gap In this volume we have followed a lifespan perspective starting with the social interactions that transpire in the earliest development stages and progressing through childhood adolescence adulthood and finally one s senior years In so doing we cover a variety of issues in depth The book contains 21 chapters and is divided into five parts I Theoretical Perspectives II Infants and Toddlers III Children and Adolescents IV Adults and V The Elderly Each of the parts begins with introductory material that reviews the overall issues to be considered Many individuals have contributed to the final production of this handbook Foremost are our eminent contributors who graciously agreed to share with us their expertise We also thank our administrative and technical staff for their assistance in carrying out the day to day tasks necessary to complete such a project Finally we thank Eliot Werner Executive Editor at Plenum for his willingness to publish and for his tolerance for the delays inevitable in the development of a large handbook

Homophobia Warren Blumenfeld, 1992-06-13 The hatred of lesbians gay males and bisexuals remains an acceptable prejudice in our society despite the widespread damage it causes in all of our lives Inviting sexual minorities and heterosexual men and women to become allies in the fight against homophobia the contributors to this anthology explore how homophobia colludes with sexism by forcing people into rigid gender roles how homophobia causes unnecessary pain and alienation in family relationships how it works against health care policy and arts administration that would benefit all members of society and how homophobia leaves the policies of religious institutions unfulfilled In both personal and analytical essays the contributors show how the fight to end homophobia is everyone s fight if we are to bring about a less oppressive and more productive society They offer concrete suggestions on transforming attitudes behaviors and institutions
