The Four Great Questions of Life James N. Judd, Ms.D.,D.D.,N. James,2000-03-16 Rare is the person who at some time or another has not found himself herself pondering one or more of the four great questions of life Who am I Where did I come from What is my purpose And Where am I going Such questions invariably arise when there is some crisis in one s personal affairs but due to the emotional confusion that usually accompanies such crises it is difficult to reason out answers to such profound metaphysical questions Answers appear in the world s religions but there is such a variance of opinion between the different theologies that trying to find a definitive solution among all of those divergent teachings only develops more confusion There is however a common inner or mystical foundation to all religions that supports their man made dogmas creeds and rituals which provides the clear answers all of us are looking for This consistency and enduring nature of the ideas that form this foundation or ground of religion has resulted in those ideas being collectively referred to as the Perennial Philosophy of mysticism There can be some difficulty however in finding the answers within this Perennial Philosophy because the concepts are metaphysical in nature and this means they are beyond the range of our normal linear way of thinking and so not readily obvious They are so to speak locked up and a key is needed for us to be able to discover their wisdom In this book *The Four Great Questions of Life* Dr Judd provides that key and Clearly shows where these answers appear in various religious teachings Uses down to earth illustrations to explain what they mean Shows the universal application of the ideas embodied in the Christian Trinity Describes how the Law of Karma cause effect and Reincarnation are compatible with Christianity Provides a logical explanation and definition that removes the mystery of the nature of good and evil For anyone who has ever struggled to find any meaning in such questions as Who am I What is my purpose in living and so on this book offers clear cut and practical answers which irrespective of one s religious background show the way to a happy and fulfilling life
