Sino-American Relations After Normalization Steven Martin Goldstein, Jay Mathews, 1986 **Sino-American Relations After Normalization** Steven Martin Goldstein, Jay Mathews, 1986 **The United States-Japan-China Triangle in the Post-Cold War Early Decades: A Case Study of Applied Political Science** Jalel Ben Haj Rehaïem, 2025-01-31 This book examines the post Cold War U S Japan China Triangle through the lens of two core international relations variables power and security Following the collapse of the Soviet Union the U S as the sole superpower aimed to prevent the rise of any rival in Asia or elsewhere that could threaten its global position This approach aligns with a realist view of international relations championed by scholars like John Mearsheimer tracing back to the principles of interstate competition seen as far back as the 1648 Westphalia Treaty and the Peloponnesian War in the 5th century BC The book argues that the U S aims to prevent China from becoming a revisionist power by strategically using its alliance with Japan as a deterrent within the American led regional order Historically the U S Japan China relationship has seen consistent U S support for Japan often at China s expense except during World War II Since the 19th century the U S alongside European powers pressured China through treaties such as the 1844 Wanghia Treaty and direct interventions like the Opium Wars Japan s industrialization after the Meiji Restoration led to imperialist ambitions that eventually clashed with Western interests culminating in Japan s 1941 attack on Pearl Harbor a short lived break in the U S Japan alignment After the Communist rise to power in China in the late 1940s the U S renewed its strategic ties with Japan to contain Chinese influence solidified by the 1951 security treaty

the complexities of a changing media foreign policy relationship in an era of global television Government officials believe that television news has a great effect on foreign policy decisions By contrast many political scientists contend that television is subject to government news management and conveys an elite view of U S overseas interests Television coverage and its potential impact on public opinion are factors to be planned and controlled in the implementation of foreign policy according to this perspective Chapter 1 explores television s role in the U S foreign policy process Chapter 2 delineates the rise of television news to its dominant position in the politics of foreign policy through the confluence of technology economics public reliance on television as a news source and a set of international concerns Chapter 3 discusses how foreign policy and international news should be defined and handled by broadcasters Chapter 4 outlines the advent of global television as a participant in the foreign policy process Chapter 5 examines whether or not the public influences foreign policy Chapter 6 elucidates the manner in which television s growing capacity as a channel for global communication will affect its relationship to the foreign policy process in the future This issue concludes with student and community discussion questions and resources SM *AccessAsia* ,1992 [Southeast Asia and the Rise of China](#) Ian Storey,2013-08-21 Since the early 1990s and the end of the Cold War the implications of China s rising power have come to dominate the security agenda of the Asia Pacific region This book is the first to comprehensively chart the development of Southeast Asia s relations with the People s Republic of China PRC from 1949 to 2010 detailing each of the eleven countries ties to the PRC and showing how strategic concerns associated with China s regional posture have been a significant factor in shaping their foreign and defence policies In addition to assessing bilateral ties the book also examines the institutionalization of relations between the Association of Southeast Asian Nations ASEAN and China The first part of the book covers the period 1949 2010 it examines Southeast Asian responses to the PRC in the context of the ideological and geopolitical rivalry of the Cold War Southeast Asian countries policies towards the PRC in first decade of the post Cold War era and deepening ties between the ASEAN states and the PRC in the first decade of the twenty first century Part Two analyses the evolving relationships between the countries of mainland Southeast Asia Vietnam Thailand Myanmar Laos and Cambodia and China Part Three reviews ties between the states of maritime Southeast Asia Indonesia Malaysia Singapore the Philippines Brunei and East Timor and the PRC Whilst the primary focus of the book is the security dimension of Southeast Asia China relations it also takes full account of political relations and the burgeoning economic ties between the two sides This book is a timely contribution to the literature on the fast changing geopolitics of the Asia Pacific region [The U.S. Politics of Export Control Policy Toward the People's Republic of China](#) Tuan Yao Cheng,1989 **Sino-American Relations** Professor Yufan Hao,2013-03-28 More than thirty years have passed since the normalization of Sino American relations in 1979 The United States and China are becoming more interdependent economically yet at the same time significant movement and improvements in Sino American relations are constrained by major economic security political and other differences between the two countries This volume
