

The Sins Of The Fathers - Decadence In France 1870-1914

Birkett, Jennifer

Note: This is not the actual book cover

Sins Of The Fathers Decadence In France

Ben Fisher

Sins Of The Fathers Decadence In France:

The Sins of the Fathers Jennifer Birkett, 1986 *The Sins of the Fathers* takes the form of a general introduction to the Decadence movement followed by close studies of seven individual authors Huysmans de Gourmont P eladan Rachilde Lorrain Louys and Mirbeau Jacket

National Regeneration in Vichy France Debbie Lackerstein, 2016-04-22 The creators of the Vichy regime did not intend merely to shield France from the worst effects of military defeat and occupation rather the leaders of Vichy were inspired by a will to regenerate France to establish an authoritarian new order that would repair the degenerative effects of parliamentary democracy and liberal society Their plan to effect this change took the form of a far reaching programme they called the National Revolution This is the first study of the National Revolution as the expression of Vichy s ideology and aims It reveals the variety and complexity of both right wing and other strands of French thought in the context of the turbulent years of the 1930s when Vichy s history really begins and under the Occupation when internal rivalries and divisions as well as the pressures of war doomed Vichy s programme of national regeneration The book is structured around a consideration of the rhetoric of right wing ideology and such key catchwords as decadence action order realism and new man and shows how these phrases only served to mask the political and ideological incoherence of the Vichy government

Masculinity and Male Codes of Honor in Modern France Robert A. Nye, 1998-11-30 In this study of upper class masculinity from the end of the ancien r gime in 1789 to the end of World War I Robert Nye argues that manhood masculinity and male sexuality is like femininity a cultural construct comprising a strict set of heroic ideals and codes of honor which few men have been able to realize in practice In doing so Nye destabilizes and historicizes the male body and incorporates gender into the brand of cultural history inaugurated by Norbert Elias in the 1930s

Symbolist Landscapes James Kearns, 1989

French Women Writers Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France Mme De S vign and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pizan and Marguerite de Navarre to Rachilde and H l ne Cixous from Louise Labe to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison Book edition

Birth of a National Icon Venita Datta, 1999-05-27 Birth of a National Icon examines the emergence of the intellectual in

fin de siècle France setting this important phenomenon against the backdrop of an emerging mass democracy and concentrating on the key role played by the avant garde *Arthur O'Shaughnessy, A Pre-Raphaelite Poet in the British Museum* Jordan Kistler, 2016-02-26 Arthur O'Shaughnessy's career as a natural historian in the British Museum and his consequent preoccupation with the role of work in his life provides the context with which to reexamine his contributions to Victorian poetry O'Shaughnessy's engagement with aestheticism socialism and Darwinian theory can be traced to his career as a Junior Assistant at the British Museum and his perception of the burden of having to earn a living outside of art Making use of extensive archival research Jordan Kistler demonstrates that far from being merely a minor poet O'Shaughnessy was at the forefront of later Victorian avant garde poetry Her analyses of published and unpublished writings including correspondence poetic manuscripts and scientific notebooks demonstrate O'Shaughnessy's importance to the cultural milieu of the 1870s particularly his contributions to English aestheticism his role in the importation of decadence from France and his unique position within contemporary debates on science and literature *The Sins of the Fathers* Jennifer Birkett, 1986 The Sins of the Fathers takes the form of a general introduction to the Decadence movement followed by close studies of seven individual authors Huysmans de Gourmont P eladan Rachilde Lorrain Louys and Mirbeau Jacket *Asymptote* Robert Ziegler, 2009 Asymptote An Approach to Decadent Fiction offers a radically new approach to the psychology of Decadent creation Rejecting traditional arguments that Decadence is a celebration of deviance and exhaustion this study presents the fin de siècle novel as a transformative process a quest for health By allowing the writer to project into fiction unwanted traits and destructive tendencies by permitting the playful invention of provisional identities Decadent creation itself becomes a dynamic act of creative regeneration In describing the interrelationship of Decadent authors and their fictions Asymptote uses the mathematical figure of the asymptote to show how they converge then split apart and grow distant The author's approach to the facsimile selves he plays with and discards is the curve that never merges with his authorial identity In successive chapters this study describes the Decadents experimentation with perversion Huysmans's A rebours and Mendes's Zo har and their subsequent validation of social regulation and creative discipline It examines magic and its appeal to fantasies of elitism and omnipotence P eladan's Le Vice supreme and Villiers's Ax l then shows authors embracing the values of community and service It considers the Decadent text as a vehicle of change in which an artist ventilates fantasies of aggression and revenge Mirbeau's Le Journal d'une femme de chambre and Rachilde's La Marquise de Sade then employs writing as the means by which these feelings are discharged It examines creation as a form of play une ali nation gr ce laquelle l'esprit se r cup re sous la forme des autres Schwob's Vies imaginaires and Lorrain's Histoires de masques yet notes the Decadents decision to return to a single generative center Finally it examines creation as an expression of artistic transience and failure yet shows the Decadents success in commemorating the very forces of disintegration Rodenbach's L Art en exil In considering the Decadents insistence on subjectivism and aloneness this study concludes Gourmont's Sixtine by

showing their wish to escape the prison of identity and to redefine their art as cooperative creation **Debussy and the**
Fragment Linda Cummins, 2006 Rather than solid frames some less than perfect aesthetic objects have permeable
membranes which allow them to diffuse effortlessly into the everyday world In the parallel universes of music and literature
Linda Cummins extols the poetry of such imperfection She places Debussy's work within a tradition thriving on anti
Aristotelian principles motley collections crumbling ruins real or fake monstrous hybrids patchwork and palimpsest hasty
sketches ellipses truncated beginnings and endings meandering arabesques irrelevant digressions auto quotations Sensitive
to the intermittences of memory and experience and with a keen ear for ironic intrusion Cummins draws the reader into the
Western cultural past in search of the surprisingly ubiquitous aesthetic of the unfinished negatively silhouetted against
expectations of rational coherence Theories popularized by Schlegel and embraced by the French Symbolists are only the
first waypoint on an elaborately illustrated tour reaching back to Petrarch Cummins meticulously applies the derived results
to Debussy's scores and finds convincing correlations in this chiasmatic crossover

Embark on a breathtaking journey through nature and adventure with Explore with is mesmerizing ebook, Witness the Wonders in **Sins Of The Fathers Decadence In France** .
