AB Bookman's Weekly, 1997 **HSA Heritage Auctions Rare Books Auction Catalog #6030** James Gannon, 2009-09 **The American Book Collector**, 1973 **The Insider's Guide to Old Books, Magazines, Newspapers, Trade Catalogs** Ronald S. Barlow, Ray Reynolds, 1995 **Garage Sale and Flea Market Annual** Bob Huxford, 2002-02 Packed with descriptions and current values for nearly 25 000 collectibles representing virtually every collectible category on today's market books sports cards ornaments toys cookie jars fifties glassware and movie memorabilia to name just a few More than 750 photos Related resources and a list of dealers included 8 5 x 11 512 pages 2003 values

Book Finds Ian C. Ellis, 1996 An experienced insider in antiquarian book markets offers advice on finding buying and selling used and rare books and provides an index of more than one thousand of the most collectible books and authors

Catalogues of Sales Sotheby Parke Bernet & Co, 1980 **Book Prices: Used and Rare, 1994** Edward N. Zempel, 1994 **Rare Book Review**, 2008-02 Thomas Piketty's Capital in the Twenty-First Century Stephen Kaufmann, Ingo Stützle, 2017-08-01 An introduction to Thomas Piketty's monumental work US Nobel Prize winner Paul Krugman described Thomas Piketty's *Capital in the Twenty First Century* as perhaps the most important book of the last decade It has sparked major international debates dominated bestseller lists and generated a level of enthusiasm as well as intense criticism in a way no other economic or sociological work has in a long time Piketty has been described as a new Karl Marx and placed in the same league as the economist John Maynard Keynes The rock star economist's underlying thesis is that inequality under capitalism has reached dramatic levels in the last few decades and continues to grow and that this is not by chance A small elite is making itself richer and richer and acquiring everincreasing levels of power Given the sensational reception of Piketty's not so easily digested 800 page study the question as to where the hype around the book comes from deserves to be asked What does it get right And what should we make of it both of the book itself and of the criticism it has received This introduction lays out the argument of Piketty's monumental work in a compact and understandable format while also investigating the controversies Piketty has stirred up In addition the two authors demonstrate the limits contradictions and errors of the so called Piketty revolution Negotiating the Jacobean Printed Book Pete Langman, 2016-12-05 By examining the spaces where authors printers and readers interact *Negotiating the Jacobean Printed Book* highlights the manner in which contemporary culture and canon not only co existed but mutually nourished and affected one another An international group of book history scholars look beyond the traditional literary and canonical texts to explore amongst other things the physical nature of books and their place in Jacobean society The contributors interrogate not just the texts themselves but the habits proclamations letters and problems encountered by authors printers and readers Ranging from the funding of perhaps the most important book of the early Jacobean period the 1611 AV Bible and the ways in which it changed the balance of power in the King's Printers to how the importation of

Continental drill manuals by professional soldiers influenced the Privy council the essays focus on the fissures which open up between practice and proclamation between manuscript and press and between print and parliament Together these essays nuance our understanding of how print culture affected and was affected by wider cultural concerns the volume constitutes a compelling contribution to both literary and historical studies of early modern England **American Book Prices Current** ,1995 A record of literary properties sold at auction in the United States **British Books** ,1920 **Greek and Latin Literature of the Roman Empire** Albrecht Dihle,2012-12-31 Professor Dihle sees the Greek and Latin literature between the 1st century B C and the 6th century A D as an organic progression He builds on Schlegel s observation that art customs and political life in classical antiquity are inextricably entwined and therefore should not be examined separately Dihle does not simply consider narrowly defined literature but all works of cultural socio historical significance including Jewish and Christian literature philosophy and science Despite this major authors like Seneca Tacitus and Plotinus are considered individually This work is an authoritative yet personal presentation of seven hundred years of literature **The Bookseller** ,1878 **The Roman Empire** James W. Eder,2018-05-01 Covering material from the time of Julius Caesar to the sack of Rome this topically arranged reference set provides substantive entries on people cities government institutions military developments material culture and other topics related to the Roman Empire The Roman Empire was one of the greatest and most influential forces of the ancient world and many of its achievements endure in one form or another to this day Because of its geographic breadth cultural diversity and overall complexity it is also one of the most difficult organizations to understand This book focuses on the Roman Empire from the time of Julius Caesar to the sack of Rome While most references on the Roman world provide a series of alphabetically arranged entries this work is organized in broad topical chapters on government and politics administration individuals groups and organizations places events military developments and objects and artifacts Each section provides 20 to 30 substantive entries along with an overview essay The work also provides a selection of primary source documents and closes with a bibliography of important print and electronic resources **Religion and Identity in the Indian Ocean World** Joshua Esler,Mark Fielding,2025-09-18 This is a ground breaking volume on the role of religion as a major force of cohesion across the Indian Ocean region A diverse range of experts present a case for conceptualizing religion as an enabler of not only shared religious identities throughout the Indian Ocean world but multiple shared identities mediated through religion particularly as religion intersects with other manifestations of human society in this part of the world This theme is explored through six major religious traditions many of which originated in the Indian Ocean region and all of which have played major roles throughout its history and to the present day These traditions include Judaism Christianity Islam Hinduism Jainism and Buddhism With this breadth and coverage of these traditions and their role in unifying communities from East Africa to Western Australia including those belonging to nations north of that expanse of ocean this book is a pioneering work on the multi religious identities of the

region **Public Money** Kaoru Yamaguchi,Yokei Yamaguchi,2025-02-25 In this book the authors take a scientific scalpel to the money problem by applying the Accounting System Dynamics ASD method they developed and identifies the root cause of the major problems facing our economy Specifically the ASD method has made it possible to propose a paradigm shift in economics by challenging the mainstream theories that fail to incorporate endogenous debt money including standard IS LM analysis new Keynesian and neoclassical models and recent Modern Money Theory MMT Building on empirical and theoretical analyses this book then proposes the issuance of Electronic Public Money EPM that will end national debt banking crisis built in inequality and inflation while protecting privacy and freedom against Central Bank Digital Currency CBDC that will bring about a total surveillance and dystopian society The book also discusses feasibility and desirability of Uniform Tax System that will solve the problem of double taxation and makes tax evasions impractical Finally the book offers a new socioeconomic system design of MuRatopia green village economy beyond the failures of capitalism communism and globalism Comprehensive critical yet visionary and cosmopolitan this book is an essential reading not only for professionals and students of economics but also for general readers seeking a clear exposition of the systemic failures of the current debt based economy and a practical solution toward achieving long term sustainability **Bookman's Guide to Americana**

Joseph Norman Heard,Jimmie H. Hoover,Charles F. Hamsa,1977 Norman Heard s Bookman s Guide to Americana has been a standard reference in the antiquarian book trade for almost four decades For booksellers collectors and librarians needing a quick reference source for out of print and rare books in the comprehensive field of Americana it has proven invaluable The new eleventh edition now compiled by Lee Shiflett contains price quotations for approximately 10 000 titles relating to the history culture and literature of the Americas The prices quoted are derived from booksellers catalogs issued since the tenth edition of the Guide Heard and Hamsa 1986 Science and Civilisation in China: Volume 2, History of Scientific Thought

Joseph Needham,Ling Wang,1956-01-03 The second volume of Dr Joseph Needham s great work Science and Civilisation in China is devoted to the history of scientific thought Beginning with ancient times it describes the Confucian milieu in which arose the organic naturalism of the great Taoist school the scientific philosophy of the Mohists and Logicians and the quantitative materialism of the Legalists Thus we are brought on to the fundamental ideas which dominated scientific thinking in the Chinese middle ages The author opens his discussion by considering the remote and pictographic origins of words fundamental in scientific discourse and then sets forth the influential doctrines of the Two Forces and the Five Elements Subsequently he writes of the important sceptical tradition the effects of Buddhist thought and the Neo Confucian climax of Chinese naturalism Last comes a discussion of the conception of Laws of Nature in China and the West
