Performance art and revolution Sanja Perovic, 2023-10-31 Stuart Brisley is a pioneering multi media and performance artist who developed performance art as a form of social action in the 1960s and 1970s This book assesses his seminal influence on British art through a focus on his lifelong engagement with the histories and imaginaries of revolution Linking revolutionary history with material from a critical dialogue established with Brisley over the last decade the book recognises Brisley s corpus as a fascinating stage for addressing important questions about the relationship of art politics and history How do we make sense of politically committed art in a contemporary context where revolution has supposedly died or is deemed impossible What can the afterlives of performance art tell us about the historical past including the promises and contradictions of revolutionary time

Authenticity Patrick Finney, 2020-04-28 The pursuit of authenticity is a contemporary obsession From hipster fixations on artisan coffee and vintage clothing through to the electoral success of supposedly unspun populist politicians like Donald Trump a yearning for the real pervades our culture Yet while highly prized and desired authenticity is also profoundly elusive and contested This volume stages a wide ranging interdisciplinary interrogation of the concept with case studies ranging from collective memory of the Second World War through the historical fiction of Sarah Waters to the confessional art of Tracey Emin With contributors drawn from memory studies cultural history English literature theatre studies and art criticism it explores how authenticity is in play in diverse practices of reading remembering and performing The chapters demonstrate that authenticity has no single stable definition but is rather invoked in very diverse ways both descriptively and prescriptively in many diverse contexts They also make clear that it is not an inherent quality but the product of orchestration performance and inter subjective negotiation This book was originally published as a special issue of *Rethinking History*

The Lone Hand ,1909 Encyclopaedia Metropolitana; Or, Universal Dictionary of Knowledge on an Original Plan Comprising the Twofold Advantage of a Philosophical and an Alphabetical Arrangement, with Appropriate Engravings Edited by Edward Smedley, Hugh James Rose, Henry John Rose ,1845 *New England Journal of Education* ,1876
