Slavery In The Spanish Philippines:

Slavery in the Spanish Philippines William Henry Scott, 1991 **The Embarrassment of Slavery** Michael Salman, 2003-12 This book examines the salience of slavery and abolition in the history of American colonialism and Philippine nationalism The author explains the link between the globalization of nationalism and the spread of antislavery as a hegemonic ideology in the modern world book jacket **Conquest and Pestilence in the Early Spanish Philippines** Linda A. Newson, 2009-04-16 Scholars have long assumed that Spanish colonial rule had only a limited demographic impact on the Philippines Filipinos they believed had acquired immunity to Old World diseases prior to Spanish arrival conquest was thought to have been more benign than what took place in the Americas because of more enlightened colonial policies introduced by Philip II Conquest and Pestilence in the Early Spanish Philippines illuminates the demographic history of the Spanish Philippines in the sixteenth and seventeenth centuries and in the process challenges these assumptions In this provocative new work Linda Newson convincingly demonstrates that the Filipino population suffered a significant decline in the early colonial period Newson argues that the sparse population of the islands meant that Old World diseases could not become endemic in pre Spanish times She also shows that the initial conquest of the Philippines was far bloodier than has often been supposed and that subsequent Spanish demands for tribute labor and land brought socioeconomic transformations and depopulation that were prolonged beyond the early conquest years Comparisons are made with the impact of Spanish colonial rule in the Americas Newson adopts a regional approach and examines critically each major area in Luzon and the Visayas in turn Building on a wide range of primary and secondary sources she proposes a new estimate for the population of the Visayas and Luzon of 1 57 million in 1565 slightly higher than that suggested by previous studies and calculates that by the mid seventeenth century this figure may have fallen by about two thirds Based on extensive archival research conducted in secular and missionary archives in the Philippines Spain and elsewhere Conquest and Pestilence in the Early Spanish Philippines is an exemplary contribution to our understanding of the formative influences on demographic change in premodern Southeast Asian society and the history of the early Spanish Philippines [Asian Slaves in Colonial Mexico](#) Tatiana Seijas, 2014-06-23 During the late sixteenth and seventeenth centuries countless slaves from culturally diverse communities in the Indian subcontinent and Southeast Asia journeyed to Mexico on the ships of the Manila Galleon Upon arrival in Mexico they were grouped together and categorized as chinos Their experience illustrates the interconnectedness of Spain s colonies and the reach of the crown which brought people together from Africa the Americas Asia and Europe in a historically unprecedented way In time chinos in Mexico came to be treated under the law as Indians becoming indigenous vassals of the Spanish crown after 1672 The implications of this legal change were enormous as Indians rather than chinos they could no longer be held as slaves Tatiana Seijas tracks chinos complex journey from the slave market in Manila to the streets of Mexico City and from bondage to liberty In doing so she challenges commonly held assumptions

A. Gharala, Marya Svetlana T. Camacho, Juan O. Mesquida, 2025-03-22 This book examines the legacy of one of the most influential members of Spanish society in the seventeenth century Philippines Dominican scholar Juan de Paz Using a unique manuscript from the collections of the Archivo de la Universidad de Santo Tom s in Manila the authors provide a window into the concerns problems and entanglements of people of different ethnicities occupations and stations in life Paz s writings resolving conflicts and weighing in on questions consultas have not previously been translated into English The transcriptions translations and editorial introductions collected in this volume therefore make it an invaluable resource for students and scholars interested in the cultural and social history of the Philippines and the Spanish empire **The History of the Philippines** Kathleen Nadeau, 2020-04-03 Explore the rich history of the Philippines from pre colonial times through to the political cultural and environmental events of the 2010s Readers will find a wealth of information on pre colonial and post colonial historical periods covering the Philippines earliest inhabitants Also covered are the modern tyrannical periods of the Marcos dictatorship and former President Duterte s controversial war on drugs as well as the more optimistic and promising presidencies in between Among the many topics covered in this second edition are the feminization of outmigration that peaked at the end of the 20th century globalization and the spread of export processing zones and the impact of the call center culture coupled with that of the overseas diaspora on the changing structure of the traditional family Ideal for high school and undergraduate readers this volume includes expanded and new chapters as well as an updated timeline and annotated bibliography **Counter-Hispanization in the Colonial Philippines** John Blanco, 2025-10-01 In Counter Hispanization in the Colonial Philippines the author analyzes the literature and politics of spiritual conquest in order to demonstrate how it reflected the contribution of religious ministers to a protracted period of social anomie throughout the mission provinces between the 16th 18th centuries By tracking the prose of spiritual conquest with the history of the mission in official documents religious correspondence and public controversies the author shows how contrary to the general

consensus in Philippine historiography the literature and pastoral politics of spiritual conquest reinforced the frontier character of the religious provinces outside Manila in the Americas as well as the Philippines by supplanting the absence of law in the name of supplementing or completing it This frontier character accounts for the modern reinvention of native custom as well as the birth of literature and theater in the Tagalog vernacular

European Slave Trading in the Indian Ocean, 1500-1850 Richard B. Allen, 2015-01-01 Between 1500 and 1850 European traders shipped hundreds of thousands of African Indian Malagasy and Southeast Asian slaves to ports throughout the Indian Ocean world The activities of the British Dutch French and Portuguese traders who operated in the Indian Ocean demonstrate that European slave trading was not confined largely to the Atlantic but must now be viewed as a truly global phenomenon European slave trading and abolitionism in the Indian Ocean also led to the development of an increasingly integrated movement of slave convict and indentured labor during the late eighteenth and early nineteenth centuries the consequences of which resonated well into the twentieth century Richard B Allen s magisterial work dramatically expands our understanding of the movement of free and forced labor around the world Drawing upon extensive archival research and a thorough command of published scholarship Allen challenges the modern tendency to view the Indian and Atlantic oceans as self contained units of historical analysis and the attendant failure to understand the ways in which the Indian Ocean and Atlantic worlds have interacted with one another In so doing he offers tantalizing new insights into the origins and dynamics of global labor migration in the modern world

Incomplete Conquests Stephanie Joy Mawson, 2023-07-15 In Incomplete Conquests Stephanie Joy Mawson uncovers the limitations of Spanish empire in the Philippines unearthing histories of resistance flight evasion conflict and warfare from across the breadth of the Philippine archipelago during the seventeenth century The Spanish colonization of the Philippines that began in 1565 has long been seen as heralding a new era of globalization drawing together a multiethnic world of merchants soldiers sailors and missionaries Colonists sent reports back to Madrid boasting of the extraordinary number of souls converted to Christianity and the number of people paying tribute to the Spanish Crown Such claims constructed an imagined imperial sovereignty and were not accompanied by effective consolidation of colonial control in many of the regions where conversion and tribute collection were imposed Incomplete Conquests foregrounds the experiences of indigenous Chinese and Moro communities and their responses to colonial agents weaving together stories that take into account the rich cultural and environmental diversity of this island world
