*Latinas/os in the United States* Havidan Rodriguez, Rogelio Saenz, Cecilia Menjivar, 2007-11-21 Clara E Rodríguez As is befitting a book on Latinas/os at the start of the 21st century the chapters in this volume reflect the contemporary panorama of Latinas/os in the United States Today Latinas/os are the largest minority group They accounted for 12.5% of the total U.S. population in the last decennial census recent estimates showed the Hispanic population to be 41.3 million as of July 1, 2004 or 14% of the nation s total population However this estimate does not include the 3.9 million residents of Puerto Rico who are also U.S. citizens and would raise the total to 245.2 million This would make the U.S. population of Latinos the second largest Spanish origin population in the hemisphere after Mexico The growth of this population since 1980 has been dramatic Hispanics/Latinos grew more than seven times faster than the population of the nation as a whole increasing by half whereas the white non-Hispanic population increased by only 6% between 1980 and 1990 U.S. Bureau of the Census 1991 Table 1 U.S. Bureau of the Census 1993 p. 2 In the 1990s the Hispanic population increased 58% Moreover between 2003 and 2004 one of every two people added to the nation s population was Hispanic/Latino Consequently not only are Latinos a substantial part of the U.S. population but they account for half its population growth

**The Tattooed Soldier** Héctor Tobar, 1995 *Unhomely Wests* Stephen Tatum, *Postcolonial Grief* Jinah Kim, 2019-01-17 In *Postcolonial Grief* Jinah Kim explores the relationship of mourning to transpacific subjectivities aesthetics and decolonial politics since World War II Kim argues that Asian diasporic subjectivity

exists in relation to afterlives because the deaths of those killed by U S imperialism and militarism in the Pacific remain unresolved and unaddressed Kim shows how primarily U S based Korean and Japanese diasporic writers artists and filmmakers negotiate the necropolitics of Asia and how their creative refusal to heal from imperial violence may generate transformative antiracist and decolonial politics She contests prevalent interpretations of melancholia by engaging with Frantz Fanon s and Hisaye Yamamoto s decolonial writings uncovering the noir genre s relationship to the U S war in Korea discussing the emergence of silenced colonial histories during the 1992 Los Angeles riots and analyzing the 1996 hostage takeover of the Japanese ambassador s home in Peru Kim highlights how the aesthetic and creative work of the Japanese and Korean diasporas offers new insights into twenty first century concerns surrounding the state s erasure of military violence and colonialism and the difficult work of remembering histories of war across the transpacific

### **Dividing the Isthmus**

Ana Patricia Rodríguez,2009-08-17 In 1899 the United Fruit Company UFCO was officially incorporated in Boston Massachusetts beginning an era of economic diplomatic and military interventions in Central America This event marked the inception of the struggle for economic political and cultural autonomy in Central America as well as an era of homegrown inequities injustices and impunities to which Central Americans have responded in creative and critical ways This juncture also set the conditions for the creation of the Transisthmus a material cultural and symbolic site of vast intersections of people products and narratives Taking 1899 as her point of departure Ana Patricia Rodríguez offers a comprehensive comparative and meticulously researched book covering more than one hundred years between 1899 and 2007 of modern cultural and literary production and modern empire building in Central America She examines the grand narratives of anti imperialism revolution subalternity globalization impunity transnational migration and diaspora as well as other discursive historical and material configurations of the region beyond its geophysical and political confines Focusing in particular on how the material productions and symbolic tropes of cacao coffee indigo bananas canals waste and transmigrant labor have shaped the transisthmian cultural and literary imaginaries Rodríguez develops new methodological approaches for studying cultural production in Central America and its diasporas Monumental in scope and relentlessly impassioned this work offers new critical readings of Central American narratives and contributes to the growing field of Central American studies

Forms of Dictatorship Jennifer Harford Vargas,2018 An intra ethnic study of Latina o fiction written in the United States from the early 1990s to the present Forms of Dictatorship examines novels that depict the historical reality of dictatorship and exploit dictatorship as a literary trope This literature constitutes a new sub genre of Latina o fiction which the author calls the Latina o dictatorship novel The book illuminates Latinas central contributions to the literary history of the dictatorship novel by analyzing how Latina o writers with national origin roots in the Caribbean Mexico and Central and South America imaginatively represent authoritarianism The novels collectively generate what Harford Vargas terms a Latina o counter dictatorial imaginary that positions authoritarianism on a continuum of domination alongside imperialism white

supremacy heteropatriarchy neoliberalism and border militarization Focusing on novels by writers such as Junot Díaz Hector Tobar Cristina García Salvador Plascencia and Francisco Goldman the book reveals how Latina/o dictatorship novels foreground more ubiquitous modes of oppression to indict Latin American dictatorships U.S. imperialism and structural discrimination in the U.S. as well as repressive hierarchies of power in general Harford Vargas simultaneously utilizes formalist analysis to investigate how Latina/o writers mobilize the genre of the novel and formal techniques such as footnotes focalization emplotment and metafiction to depict dictatorial structures and relations In building on narrative theories of character plot temporality and perspective Harford Vargas explores how the Latina/o dictatorship novel stages power dynamics *Forms of Dictatorship* thus queries the relationship between different forms of power and the power of narrative form that is between various instantiations of repressive power structures and the ways in which different narrative structures can reproduce and resist repressive power

**Angry**

**Planet** Anne Stewart, 2023-01-17 Before the idea of the Anthropocene there was the angry planet How might we understand an earthquake as a complaint or erosion as a form of protest in short the Earth as an angry planet Many novels from the end of the millennium did just that centering around an Earth that acts moves shapes human affairs and creates dramatic nonanthropogenic change In *Angry Planet* Anne Stewart uses this literature to develop a theoretical framework for reading with and through planetary motion Typified by authors like Colson Whitehead Octavia Butler and Leslie Marmon Silko whose work anticipates contemporary critical concepts of entanglement withdrawal delinking and resurgence angry planet fiction coalesced in the 1990s and delineated the contours of a decolonial ontology Stewart shows how this fiction brought Black and Indigenous thought into conversation offering a fresh account of globalization in the 1990s from the perspective of the American Third World construing it as the era that first made connections among environmental crises and antiracist and decolonial struggles By synthesizing these major intersections of thought production in the final decades of the twentieth century Stewart offers a recent history of dissent to the young movements of the twenty first century As she reveals this knowledge is crucial to incipient struggles of our contemporary era as our political imaginaries grapple with the major challenges of white nationalism and climate change denial

**prelude et rag for flute and piano p proust just flutes** - Feb 09 2023
