After the Cold War Coping with Change

The Foreign Policy Of The Republic Of Korea Studies Of The East Asian Institute

Chung-in Moon, M. Jae Moon

The Foreign Policy Of The Republic Of Korea Studies Of The East Asian Institute:

South Korean Identity and Global Foreign Policy Patrick Flamm, 2019-05-13 In the 20th century South Korea was usually seen as a shrimp amongst whales a minor player with limited agency in regional and global affairs Korea's risen status as a middle power today however begs the question about related changes in the South Korean identity or sense of self in the world In this book Patrick Flamm presents the first comprehensive and agency oriented empirical account of South Korean international state identity and Seoul's global foreign policy in the 21st century Advancing a performative and narrative understanding of identity in International Relations Flamm uses South Korea's global engagement in peacekeeping and climate diplomacy to offer much needed insight into the various identity narratives and role conceptions at play In the case of peacekeeping and climate diplomacy South Korea's identity as an international actor has been dominated by practices of self identification that position the country at the brink of advanced countries aspiring to lead the rest of the world but with the overall objective to maintain national autonomy in a changing regional and global context South Korean Identity and Global Foreign Policy is a must read for scholars of International Relations Foreign Policy Analysis and Asian Korean Studies **China's Foreign Policy** G. Rozman, 2013-10-16 Updating the papers from the 2011 Asan Conference to cover the end of 2011 this book reflects the state of analysis on the eve of the important 2012-13 transition to China's fifth generation leaders **The SAGE Handbook of Asian Foreign Policy** Takashi Inoguchi, 2019-11-25 Comprising 603 percent of the world's 7.2 billion population Asia is an enigma to many in the West Hugely dynamic in its demographic economic technological and financial development its changes are as rapid as they are diverse The SAGE Handbook of Asian Foreign Policy provides the reader with a clear balanced and comprehensive overview on Asia's foreign policy and accompanying theoretical trends Placing the diverse and dynamic substance of Asia's international relations first and bringing together an authoritative assembly of contributors from across the world this is a reliable introduction to non Western intellectual traditions in Asia VOLUME 1 PART 1 Theories PART 2 Themes PART 3 Transnational Politics PART 4 Domestic Politics PART 5 Transnational Economics VOLUME 2 PART 6 Foreign Policies of Asian States Part 6a East Asia Part 6b Southeast Asia Part 6c South Central Asia Part 7 Offshore Actors Part 8 Bilateral Issues Part 9 Comparison of Asian Sub Regions **Diplomatic Style and Foreign Policy** Jeffrey Robertson, 2016-05-20 The book explores diplomatic style and its use as a means to provide analytical insight into a state's foreign policy with a specific focus on South Korea Diplomatic style attracts scant attention from scholars It is dismissed as irrelevant in the context of diplomacy's universalism misconstrued as a component of foreign policy alluded to perfunctorily amidst broader considerations of foreign policy or wholly absented from discussions in which it should comprise an important component In contrast to these views practitioners maintain a faith like confidence in diplomatic style They assume it plays an important role in providing analytical insight giving them advantage over scholars in the analysis of foreign policy This book explores diplomatic style and its use as a means to provide

analytical insight into foreign policy using South Korea as a case study It determines that style remains important to diplomatic practitioners and provides analytical insight into a state s foreign policy by highlighting phenomena of policy relevance which narrows the range of information an analyst must cover The book demonstrates how South Korea s diplomatic style which has a tendency towards emotionalism and is affected by status generational change cosmopolitanism and estrangement from international society can be a guide to understanding South Korea s contemporary foreign policy This book will be of much interest to students of diplomacy studies foreign policy Asian politics and International Relations in general

Domestic Constraints on South Korean Foreign Policy Scott A. Snyder, Geun Lee, Young Ho Kim, Jiyeon Kim, 2018-01-01 These essays support the argument that strong and effective presidential leadership is the most important prerequisite for South Korea to sustain and project its influence abroad That leadership should be attentive to the need for public consensus and should operate within established legislative mechanisms that ensure public accountability The underlying structures sustaining South Korea s foreign policy formation are generally sound the bigger challenge is to manage domestic politics in ways that promote public confidence about the direction and accountability of presidential leadership in foreign policy

Transnational East Asian Studies Kevin Cawley, Julia Schneider, 2022-12-15 Transnational East Asian Studies demonstrates how transnationalism as a mode of intellectual enquiry has wide ranging interdisciplinary potential and has immense value when examining the past just as much as when examining the present Artificially erected borders which appear on maps and globes fail to consider the ways people in diverse regions live and practice their everyday lives existing beyond boundaries The people of East Asia have always been on the move they have never been homogeneous and have evolved together not apart In this sense people around the globe and also in East Asia have always been involved in a process of change and transformation Hence transnationalism is a way to overcome methodological nationalism not only as a concept of identity and spatiality but also as a concept temporally situated in the modern because as a methodology transnationalism does not take the national as a precondition It allows us to move beyond and across borders and to examine how ideas have been used and transformed in different contexts This book thus underscores the complex interactions in the context of East Asia past and present while shaping the future of this complicated region

The Guerilla Dynasty Adrian Buzo, 2018-02-19 Throughout the 1990s North Korea has operated under a skeptical international eye due largely to the countrys rigorous self imposed isolation its on going confrontation with South Korea a controversial nuclear arms program and the near total collapse of its economy North Koreas leaders have chosen to face the world with its Stalinist political culture and ideological framework intact for better or worse and by most reports almost exclusively for the worst How did this situation come to be and what are its consequences In *The Guerilla Dynasty* Adrian Buzo gives us an accessible up to date and rigorously researched account of the political economic and foreign policy developments in North Korea since 1945

North Korea's Foreign Policy under Kim Jong Il Seung-Ho Joo, 2016-12-05 The Democratic People s

Republic of Korea North Korea joined the rank of nuclear powers in October 2006 after exploding its first nuclear device The test was not fully successful yet it unequivocally demonstrated North Korea s nuclear weapons capability North Korea under the leadership of Kim Jong il remains as unpredictable and mysterious as ever This comprehensive study brings together leading scholars in the field to examine the country s current foreign policy under Kim Jong il as well as its bilateral relations with the USA China Russia Japan and South Korea *Routledge Handbook of Korean Politics and Public Administration* Chung-in Moon,M. Jae Moon,2020-01-29 The Routledge Handbook of Korean Politics and Public Administration gathers the expertise of leading international scholars to survey the full spectrum of contemporary South Korean international relations public management and public policies Divided into four parts the handbook covers a range of issues including domestic Korean political parties elections and leadership foreign policy national security and relations with North Korea public administration governance and finance and economic social and environmental public policies Offering a complete overview of the field the handbook is an invaluable resource for academics researchers policy analysts graduate and undergraduate students studying South Korean Politics and International Relations as well as East Asian Politics **The Future of the Korean Peninsula** Mason Richey,Jagannath P. Panda,David A. Tizzard,2021-07-28 This book considers both Koreas North Korea and South Korea to examine possible pathways for the years leading up to 2032 and beyond thus offering a composite picture of Korea and its strategic relevance in Asia and the world at large Through a combined South North Olympic team and an effort of jointly hosting the Games Republic of Korea president Moon Jae in has marked the year 2032 as special in the future of the Korean Peninsula Although the International Olympic Committee IOC has expressed scepticism about a combined hosting of the Games the expectation in Korea is that this event will underline the shared destiny of the people inhabiting the peninsula and realign two states still caught in an ideologically fraught civil conflict that is one of the last vestiges of the Cold War Chapters begin with a brief historical review and analysis of the present before moving to consider how these will shape the next decade drawing comparative and complementary analyses No matter how contrasting the contemporary trajectories of both North and South Korea might appear Korea as a singular entity is an old concept still containing great possibilities As the ongoing inter Korean reconciliation process underscores the futures of North and South Korea can be found in a complementary singular Korea which would again represent an important political strategic cultural and social space in Asia An evaluation of the future trajectory social awareness and perception of the Koreas this book offers a valuable contribution to the study of North and South Korea and Asian Politics
