Mother of Bliss Lisa Lassell Hallstrom, 1999-07-08. This book examines the life of Anandamayī Mā, one of the most renowned Hindu holy women of modern times. Lisa Hallstrom paints a vivid portrait of this extraordinary woman, her ideas and her continuing influence. In the process, the author sheds new light on important themes of Hindu religious life, including the centrality of the guru, the influence of living saints and the apparent paradox of the worship of the divine feminine and the status of Hindu women. *Gassendi's Ethics* Lisa T. Sarasohn, 2018-10-18. This is the first book to explore the ethical thought of Pierre Gassendi, the seventeenth century French priest who rehabilitated Epicurean philosophy in the Western tradition. Lisa T. Sarasohn's discussion of the relationship between Gassendi's philosophy of nature and his ethics discloses the underlying unity of his philosophy and elucidates this critical figure in the intellectual revolution. Sarasohn demonstrates that Gassendi's ethics was an important part of his attempt to Christianize Epicureanism. She shows how Gassendi integrated ideas of human freedom into a neo-Epicurean ethic where pleasure is the highest good yet maintained a consistent belief in Christian providence. These views challenged what were then the new systems of philosophy: Hobbesian materialism and Cartesian rationalism. Sarasohn places Gassendi in his historical and intellectual context, considering him in relation to contemporary philosophers and within the patronage system that conditioned his own freedom. She investigates the links between his ethical thought and philosophy of science and makes sense of his attacks on astrology. Finally, her work clarifies Pierre Gassendi's considerable influence on seventeenth century ethical and political philosophy, particularly on the work of John Locke and thus on the whole English liberal tradition in political philosophy.
