The Four Seasons Featuring Jim Hensons Muppets:

The Four Seasons Tony Geiss, 1979 The Sesame Street Muppets put on a play to introduce the four seasons **Kermit Culture** Jennifer C. Garlen, Anissa M. Graham, 2014-01-10 By the end of its five year run on television The Muppet Show had transformed its motley cast from fistfuls of felt to multi media celebrities Sophisticated and highly individuated each of the Muppets embodied a conventional character type from classic television comedy Kermit functioned as straight man to the majority of the show s jokes Miss Piggy the resident diva evolved from first season chorus girl to full fledged megastar A Costello to Kermit s Abbot Fozzie peddled his vaudevillian shtick to a tough audience but his genuine sweetness made him lovable even when his jokes were lame These essays represent the work and ideas of a global community of scholars and Muppet enthusiasts providing a unique perspective on just how Kermit and the rest of the frogs dogs bears and chickens became cultural icons with influences reaching far beyond the world of 1970s television comedy The Wider Worlds of Jim Henson Jennifer C. Garlen, Anissa M. Saturday Night Live and his nearly ten year campaign to bring The Muppet Show to television Jones provides the imaginative context for Henson's non Muppet projects including the richly imagined worlds of The Dark Crystal and Labyrinth as well as fascinating misfires like Henson's dream of opening an inflatable psychedelic nightclub An uncommonly intimate portrait Jim Henson captures all the facets of this American original the master craftsman who revolutionized the presentation of puppets on television the savvy businessman whose dealmaking prowess won him a reputation as the new Walt Disney and the creative team leader whose collaborative ethos earned him the undying loyalty of everyone who worked for him Here also is insight into Henson's intensely private personal life his Christian Science upbringing his love of fast cars and expensive art and his weakness for women Though an optimist by nature Henson was haunted by the notion that he would not have time to do all the things he wanted to do in life a fear that his heartbreaking final hours would prove all too well founded An up close look at the charmed life of a legend Jim Henson gives the full measure to a man whose joyful genius transcended age language geography and culture and continues to beguile audiences worldwide NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKPAGE Jim Henson vibrantly delves into the magnificent man and his Muppet methods It's an absolute must read Neil Patrick Harris An exhaustive work that is never exhausting a credit both to Jones's brisk style and to Henson's exceptional life The New York Times A sweeping portrait that is a mix of humor mirth and poignancy Washington Independent Review of Books A meticulously researched tome chock full of gems about the Muppets and the most thorough portrait of their creator ever crafted Associated Press
