The Frontier In The Formative Years 1783 1815:

The Frontier in the Formative Years, 1783-1815 Reginald Horsman, 1975 **A Handbook of American Military History** Jerry K. Sweeney, Kevin B. Byrne, 2006-01-01 The second edition of A Handbook of American Military History delineates the military history of the United States from the Revolutionary War into the opening stages of the twenty first century war on terrorism Comprehensive and easy to use it supplies essential information on the social technological political tactical and strategic developments that have affected the evolution of the U S armed forces New to the second edition is a chapter on U S military history from 1995 through 2004 and an index A Handbook of American Military History is the perfect reader s guide for the military history buff or anyone interested in a brief overview of American military history Mr. Jefferson's Hammer Robert M. Owens, 2011-12-04 Often remembered as the president who died shortly after taking office William Henry Harrison remains misunderstood by most Americans Before becoming the ninth president of the United States in 1841 Harrison was instrumental in shaping the early years of westward expansion Robert M Owens now explores that era through the lens of Harrison s career providing a new synthesis of his role in the political development of Indiana Territory and in shaping Indian policy in the Old Northwest Owens traces Harrison s political career as secretary of the Northwest Territory territorial delegate to Congress and governor of Indiana Territory as well as his military leadership and involvement with Indian relations Thomas Jefferson who was president during the first decade of the nineteenth century found in Harrison the ideal agent to carry out his administration s ruthless campaign to extinguish Indian land titles More than a study of the man Mr Jefferson s Hammer is a cultural biography of his fellow settlers telling how this first generation of post Revolutionary Americans realized their vision of progress and expansionism It surveys the military political and social world of the early Ohio Valley and shows that Harrison s attitudes and behavior reflected his Virginia background and its eighteenth century notions as much as his frontier milieu To this day we live with the echoes of Harrison s proclamations the boundaries set by his treaties and the ramifications of his actions Mr Jefferson s Hammer offers a much needed reappraisal of Harrison s impact on the nation s development and key lessons for understanding American sentiments in the early republic

Mr. Jefferson's Hammer Robert Martin Owens, 2007 Often remembered as the president who died shortly after taking office William Henry Harrison remains misunderstood by most Americans Before becoming the ninth president of the United States in 1841 Harrison was instrumental in shaping the early years of westward expansion Robert M Owens now explores that era through the lens of Harrison s career providing a new synthesis of his role in the political development of Indiana Territory and in shaping Indian policy in the Old Northwest Owens traces Harrison s political career as secretary of the Northwest Territory territorial delegate to Congress and governor of Indiana Territory as well as his military leadership and involvement with Indian relations Thomas Jefferson who was president during the first decade of the nineteenth century found in Harrison the ideal agent to carry out his administration s ruthless campaign to extinguish Indian land titles More

than a study of the man Mr Jefferson s Hammer is a cultural biography of his fellow settlers telling how this first generation of post Revolutionary Americans realized their vision of progress and expansionism It surveys the military political and social world of the early Ohio Valley and shows that Harrison s attitudes and behavior reflected his Virginia background and its eighteenth century notions as much as his frontier milieu To this day we live with the echoes of Harrison s proclamations the boundaries set by his treaties and the ramifications of his actions Mr Jefferson s Hammer offers a much needed reappraisal of Harrison s impact on the nation s development and key lessons for understanding American sentiments in the early republic

An American Planter Martha Jane Brazy,2006-12-01 Extraordinarily wealthy and influential Stephen Duncan 1787 1867 was a landowner slaveholder and financier with a remarkable array of social economic and political contacts in pre Civil War America In this the first biography of Duncan Martha Jane Brazy offers a compelling new portrait of antebellum life through exploration of Duncan s multifaceted personal networks in both the South and the North Duncan grew up in an elite Pennsylvania family with strong business ties in Philadelphia There was little indication though that he would become a cosmopolitan entrepreneur who would own over fifteen plantations in Mississippi and Louisiana collectively owning more than two thousand slaves With style and substance Martha Jane Brazy describes both the development of Duncan s businesses and the lives of the slaves on whose labor his empire was constructed According to Brazy Duncan was a hybrid not fully a southerner or a northerner He was also Brazy shows a paradox Although he put down deep roots in Natchez his sphere of influence was national in scope Although his wealth was greatly dependent on the slaves he owned he predicted a clash over the issue of slave ownership nearly three decades before the onset of the Civil War Perhaps more than any other planter studied Duncan contradicts historians definition of the southern slaveholding aristocracy By connecting and contrasting the networks of this elite planter and those he enslaved Brazy provides new insights into the slaveocracy of antebellum America

The Buzzel About Kentuck Craig Thompson Friend,2021-11-21 Touted as an American Eden Kentucky provides one of the most dramatic social histories of early America In this collection ten contributors trace the evolution of Kentucky from First West to Early Republic The authors tell the stories of the state s remarkable settlers and inhabitants Indians African Americans working class men and women wealthy planters and struggling farmers Eager settlers built defensive forts across the countryside while women and slaves used revivalism to create new opportunities for themselves in a white patriarchal society The world that this diverse group of people made was both a society uniquely Kentuckian and a microcosm of the unfolding American pageant In the mid 1700s the trans Appalachian region gained a reputation for its openness innocence and rusticity fertile ground for an agrarian republic founded on the virtue of the yeoman ideal By the nineteenth century writers of history would characterize the state as a breeding ground for an American culture of distinctly Anglo Saxon origin Modern historians however now emphasize exploring the entire human experience rather than simply the political history of the region An unusual blend of social economic political cultural and religious

history this volume goes a long way toward answering the question posed by a Virginia clergyman in 1775 What a buzzel is this amongst people about Kentucky **A Republic, If You Can Keep It** Michael Riccards,1987 Riccards has written a unique account of the creation of and early experience with the US presidency The author first explores the English and colonial experience that was relevant to structuring executive authority at the constitutional convention as well as the theories supporting this experience He then turns to familiar subjects the decision making in Philadelphia that led to a presidency and the role of the executive article in the ratification debate All this is accomplished with clarity and economy of writing The longer second part of the book is an analysis of George Washington s presidency showing that Washington followed a federalist or strong executive model Several brief chapters discuss the man and his popularity among the American people the condition of the executive and bureaucracy before Washington became president and events and policies that occupied the first president The last chapter is an epilogue that all too briefly sets the Washington presidency in comparative and historical context The book is a useful contribution to presidential scholarship Choice **Free Frank** Juliet E.K. Walker,2021-10-21 The story of Free Frank is not only a testament to human courage and resourcefulness but affords new insight into the American frontier Born a slave in the South Carolina piedmont in 1777 Frank died a free man in 1854 in a town he had founded in western Illinois His accomplishments creditable for any frontiersman were for a black man extraordinary We first learn details of Frank s life when in 1795 his owner moved to Pulaski County Kentucky We know that he married Lucy a slave on a neighboring farm in 1799 Later he was allowed to hire out his time and when his owner moved to Tennessee Frank was left in charge of the Kentucky farm During the War of 1812 he set up his own saltpeter works an enterprise he maintained until he left Kentucky In 1817 he purchased his wife s freedom for 800 two years later he bought his own liberty for the same price Now free he expanded his activities purchasing land and dealing in livestock With his wife and four of his children Free Frank left Kentucky in 1830 to settle on a new frontier In Pike County Illinois he purchased a farm and later in 1836 platted and successfully promoted the town of New Philadelphia The desire for freedom was an obvious spur to his commercial efforts Through his lifetime of work he purchased the liberty of sixteen members of his family at a cost of nearly 14 000 Goods and services commanded a premium in the life of the frontier Free Frank s career shows what an exceptional man through working against great odds could accomplish through industry acumen and aggressiveness His story suggests a great deal about business activity and legal practices as well as racial conditions on the frontier Juliet Walker has performed a task of historical detection in recreating the life of Free Frank from family traditions limited personal papers public documents and secondary sources In doing so she has added a significant chapter to the history of African Americans *Elusive Empires* Eric Hinderaker,1999-10-13 A fascinating story that offers a striking interpretation of the origins progress and effects of the American Revolution Antebellum American Women Writers and the Road Susan L. Roberson,2012-07-26 A study of American women s narratives of mobility and travel this book examines how geographic

movement opened up other movements or mobilities for antebellum women at a time of great national expansion. Concerned with issues of personal and national identity, the study demonstrates how women not only went out on the open road but participated in public discussions of nationhood in the texts they wrote. Roberson examines a variety of narratives and subjects including not only traditional travel narratives of voyages to the West or to foreign locales but also the ways travel and movement figured in autobiography, spiritual and political narratives, and domestic novels by women as they constructed their own politics of mobility. These narratives by such women as Margaret Fuller, Susan Warner, and Harriet Beecher Stowe destabilize the male-dominated stories of American travel and nation building as women claimed the public road as a domain in which they belonged, bringing with them their own ideas about mobility, self, and nation. The many women's stories of mobility also destabilize a singular view of women's history and broaden our outlook on geographic movement and its repercussions for other movements. Looking at texts not usually labeled travel writing like the domestic novel brings to light social relations enacted on the road and the relation between story, location, and mobility.

Decoding **The Frontier In The Formative Years 1783 1815**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
