The Flying Circus Tales Of A Tormented Traveler:

The Flying Circus Henry Mintzberg, 2005-09 Providing a whimsical but informed view on air travel by a leading management guru this book supplies a much needed outlet for the frustrations of the troubled traveler Flying is an experience the author defines as akin to cattle car herding which begins at depressingly generic and chaotic airports and continues through agonizing hours in cramped sardine class seats where the passengers are served skimpy and unidentifiable meals and bombarded with customer service that amounts to constant interruptions while trying to sleep or read Containing hilarious anecdotes about fellow passengers and stories of suffering this witty rant is the author's revenge on the airlines and the culture of commercialism that has reduced a once enjoyable adventure to a loathsome farce *The Publishers Weekly*, 2005 National Geographic Traveler Argentina Wayne Bernhardson, 2014-10-07 This book is a description and travel guidebook of Argentina It will assist travellers with their itinerary and plans *New York Magazine*, 1980-11-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
