Sixties In Canada:

The Sixties in Canada M. Athena Palaeologu, 2009 An extraordinary work that brings to life the events and trends of the 60s in Canada *Canada's 1960s* Bryan D. Palmer, 2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence of the period Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity **Canada Since 1945** Robert Bothwell, Ian M. Drummond, John English, 1989-01-01 Reviews Canada's post war history and recounts how Canadians strove for prosperity international respectability and a more vigorous national culture **The Sixties** Dimitry Anastakis, 2008 For those who did not live through the experience of the Sixties it is often difficult to comprehend this tumultuous period Even those who lived through the era and have studied the Sixties have wrestled with its deeper meaning While the Sixties' ultimate meaning remains elusive there can be no doubt that the period's transformative effect upon Canadians culturally politically and economically was immense From arts and architecture to politics and protest the decade has attained near mythical status leaving an undeniable influence on virtually every aspect of Canadian life The images sounds and tastes of the decade remain an indelible part of our own twenty first century experience yet for a decade that remains so well defined within the public memory the Sixties left behind an ambiguous historic legacy for those who study the period Taking a multidisciplinary approach that includes history architecture art political science and journalism this volume provides fresh new perspectives on Canada's loudest liveliest and most debated period Four decades after Canada's own Expo 67 summer of love this timely book explores issues from de Gaulle and driver education to Trudeau Vietnam and Africville all through the colourful kaleidoscope of the Sixties **The Sixties and Beyond** Nancy Christie, Michael Gauvreau, 2013-01-01 In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline The Sixties and Beyond examines the scope and significance of dechristianization in the western world between 1945 and 2000 A thematically wide ranging and interdisciplinary collection The Sixties and Beyond uses a framework that compares the social and cultural experiences of North America and Western Europe during this period The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses and practices by assessing issues such as gender relations family life religious education the changing relationship of church and state and the internal dynamics of religious organizations The Sixties and Beyond is an excellent contribution to the burgeoning scholarship on the 1960s as well as to the history of Christianity in the western world *The Canadian Protestant Experience, 1760 to 1990* George A. Rawlyk, 1994 Five leading Canadian religious historians address the Canadian Protestant experience Each author considers a separate period taking into account the major underlying themes of the time and noting the influence exerted by key personalities As this collection shows Protestantism had its most profound effects on Canadian life in the nineteenth century

As the twentieth century unfolded however Canadian Protestantism battered by demographic change profound inner doubt so called modernity and secularization was gradually pushed to the periphery of Canadian experience The contributors are Phyllis D Airhart Nancy Christie Michael Gauvreau John G Stackhouse Jr and Robert A Wright **Our Lives: Canada after 1945** Alvin Finkel, 2012-12-13 This book offers a short comprehensive history of post war Canada All the major events and developments in Canadian history are discussed the evolution of the welfare state the growth of economic domination by the United States the halcyon days as a Middle Power the Quiet Revolution the First Nations quest for autonomy the flowering of English Canadian nationalism Quebec nationalism the women s movement neo conservatism and globalization Finkel covers political economic social and cultural history in this volume This second edition includes a substantial new chapter that discusses the people events and developments that have dominated the period from 1995 to 2012 This chapter looks at the growing social inequality within Canadian society the effects of globalization on Canada s industries economy and workers and the increasing environmental challenges that we face Extensively illustrated **Our Lives Canada after 1945** is a uniquely accessible and comprehensive overview of a period only beginning to attract the attention of historians Made in Canada Alan Elder, 2005-02-14 The red maple leaf is the quintessential symbol of Canada and the flag that popularized it throughout the world was designed in the 1960s as a result of government legislation aimed at creating a vital new Canadian national identity through objects events and building projects **Made in Canada** looks at the development of Canadian craft design and culture through ambitious government programs meant to reinforce the country s identity as a modern sophisticated and autonomous nation As well it documents the demise of a singular notion of modern life and its replacement with a focus on personal identity and consumerism Changes in the 1960s included the building of modern airports first space satellite and new national symbols such as the maple leaf flag Canadians embraced this heightened sense of individuality and demanded products that were equally individual As a result pop culture objects sat on cool furniture influenced by Scandinavian modernism while handmade crafts reflected a growing concern with environmental issues Expo 67 was the turning point one final expression of optimism before Canada was rocked by social change and varied struggles for identity **Made in Canada** examines national dreams and expressions of individuality in thoughtful and illuminating essays Contributors include Sandra Alföldy NSCAD University Paul Bourassa Mus e des beaux arts de Qu bec Brent Corder designer and educator Toronto Douglas Coupland artist and author Vancouver Bernard Flaman Government of Saskatchewan Rachel Gotlieb freelance curator and writer Toronto Michael Large Sheridan College Institute of Technology and Advanced Learning and Michael Prokopow Design Exchange *Debating Dissent* Lara A.
