Muraresku, 2020-09-29 THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience A groundbreaking dive into the role psychedelics have played in the origins of Western civilization and the real life quest for the Holy Grail that could shake the Church to its foundations The most influential religious historian of the 20th century Huston Smith once referred to it as the best kept secret in history Did the Ancient Greeks use drugs to find God And did the earliest Christians inherit the same secret tradition A profound knowledge of visionary plants herbs and fungi passed from one generation to the next ever since the Stone Age There is zero archaeological evidence for the original Eucharist the sacred wine said to guarantee life after death for those who drink the blood of Jesus The Holy Grail and its miraculous contents have never been found In the absence of any hard data whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians In an unprecedented search for answers The Immortality Key examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet Religion and science converge to paint a radical picture of Christianity's founding event And after centuries of debate to solve history's greatest puzzle Before the birth of Jesus the Ancient Greeks found salvation in their own sacraments Sacred beverages were routinely consumed as part of the so called Ancient Mysteries elaborate rites that led initiates to the brink of death The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis where a holy beer unleashed heavenly visions for two thousand years Others drank the holy wine of Dionysus to become one with the god In the 1970s renegade scholars claimed this beer and wine the original sacraments of Western civilization were spiked with mind altering drugs In recent years vindication for the disgraced theory has been quietly mounting in the laboratory The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity And with a single dose of psilocybin the psychopharmacologists at Johns Hopkins and NYU are now turning self proclaimed atheists into instant believers But the smoking gun remains elusive If these sacraments survived for thousands of years in our remote prehistory from the Stone Age to the Ancient Greeks did they also survive into the age of Jesus Was the Eucharist of the earliest Christians in fact a psychedelic Eucharist With an unquenchable thirst for evidence Muraresku takes the reader on his twelve year global hunt for proof He tours the ruins of Greece with its government archaeologists He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine He unravels the Ancient Greek of the New Testament with the

world's most controversial priest He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English And with leads from the archaeological chemists at UPenn and MIT he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity The Immortality Key reconstructs the suppressed history of women consecrating a forbidden drugged Eucharist that was later banned by the Church Fathers Women who were then targeted as witches during the Inquisition when Europe's sacred pharmacology largely disappeared If the scientists of today have resurrected this technology then Christianity is in crisis Unless it returns to its roots Featuring a Foreword by Graham Hancock the NYT bestselling author of *America Before* *Peterson's Magazine*, 1870 [Uncanny Magazine Issue 44](#) Leah Cypess, Christopher Caldwell, Natalia Theodoridou, Sarah Monette, Kylie Lee Baker, Wen-yi Lee, Tina Connolly, 2022-01-04 The January February 2022 issue of Hugo Award winning Uncanny Magazine Featuring new fiction by Leah Cypess Christopher Caldwell Natalia Theodoridou Sarah Monette Kylie Lee Baker Wen yi Lee and Tina Connolly Reprint fiction by Caroline M Yoachim Essays by Alex Jennings Lincoln Michel Shingai Njeri Kagunda and Louis Evans poetry by Mehnaz Sahibzada Sonya Taaffe Dominik Parisien and Lisabelle Tay interviews with Christopher Caldwell and Sarah Monette by Caroline M Yoachim a cover by Galen Dara and editorials by Lynne M Thomas and Michael Damian Thomas and Meg Elison Uncanny Magazine is a bimonthly science fiction and fantasy magazine first published in November 2014 Edited by 2016 2017 2018 2019 2020 Hugo award winners for best semiprozine and 2018 Hugo award winners for Best Editor Short Form Lynne M Thomas and Michael Damian Thomas Meg Elison and Chimedum Ohaegbu each issue of Uncanny includes new stories poetry articles and interviews
