Skills For Success Audio Program:

   Year to Success Bo Bennett,2018-08-20 Have you been promised success if you follow a few quick and dirty rules or secrets of success Are you tired of irrelevant analogies that do nothing for you but make you feel inadequate Have you had enough of highly metaphysical concepts and not enough practical solutions Have you had your fill of grossly exaggerated claims that try to trick you into thinking success is easy Are you all affirmationed out You are not alone Think of success as a game of chance in which you have control over the odds As you begin to master concepts in personal achievement you are increasing your odds of achieving success Year To Success is a full year course in success designed to be a practical guide to achieving your definition of success Each day of this course will through practical application increase your odds of achieving success It has been said that one line of wisdom can change your life more than volumes of books Imagine what hundreds of pages of wisdom can do Year To Success is perhaps the most complete book on success ever written It uses my formula for success education inspiration action success Education each week starts off with two educational articles and ends with two more educational articles Inspiration the third day of the week is a success biography on someone I believe is one of the most successful people in history These success biographies are full of inspiration to help keep your flame for success burning on high Action each of the educational articles has one or more action steps associated with it Taking action and getting results are what this book is all about   **Academic Success in Online Programs** Jacqueline S. Stephen,2024-04-02 This book provides higher education students with a comprehensive resource to assist them in their academic persistence in an online course or program It addresses a wide selection of topics emphasizing a myriad of factors that impact a student s persistence and ultimate success in an online program or course The book helps students to gain insight into the skills knowledge and attributes needed to succeed in the autonomous nature of an online learning environment Thus this book helps students to proactively engage in activities to prepare for online learning Information presented in each chapter is drawn from theory and recent research centered on persistence of online students in higher education It incorporates hands on practical activities to promote application of theory and research and encourages students to demonstrate their knowledge skills and abilities through the use of reflective and thought provoking activities Hence this book provides online students with an up to date resource they can use to develop an awareness of their readiness and preparedness for online learning Additionally this book equips students with information and strategies aimed at helping them to address gaps in their skills and knowledge that may present them with barriers to academic success The content of this book is aligned with widely used student learning outcomes and objectives of first year student seminar courses and orientation programs for graduate and undergraduate students enrolled in online programs Furthermore it is deliberately organized and structured to support an online student s academic journey as they navigate the online learning environment As such these features make it an ideal book for use by students instructors and academic advisors or college and university academic support staff   **Brian**
