Sociology Of Law:

The Sociology of Law A. Javier Trevino, 2017-07-12 The purpose of this book is to introduce the sociology of law by providing a coherent organization to the general body of literature in that field. As such, the text gives a comprehensive overview of theoretical sociology of law. It deals with the broad expanse of the field and covers a vast amount of intellectual terrain. This volume is intended to fill a gap in the literature. Most textbooks in the sociology of law are insufficiently theoretical or else do not provide a paradigmatic analysis of sociological theories. The content of this text consists of discussions of the works of scholars who have contributed the most to the cumulative development of the sociology of law. It surveys the major traditions of legal sociology but is not wedded to any one particular theoretical approach. Both the classical or nineteenth century and contemporary or twentieth century perspectives are covered. The reader will see that nineteenth century thought has directly influenced the emergence of twentieth century theory. One unique feature of this book is that key sociological and legal concepts presented in bold print and italics are defined, described, and illustrated throughout. Although the nature of the subject matter is highly theoretical and at times quite complex, Trevino values every effort to present the material in the most straightforward and intelligible form possible without compromising the integrity of the theories themselves. In short, this book aims to accomplish three objectives: inform about the progressive advancement of sociological theory; teach the reader to analyze the law as a social phenomenon; and develop in the reader a critical mode of thinking about issues relevant to the relationship between law and society.

Sociology of Law Georges Gurvitch, The core of this book is a continuation of the efforts apparent in the work of Max Weber to resolve or integrate the dualism which is affecting law. The introduction discusses the author's place in the history of the sociology of law and the context in which his works should be placed.

Sociology of Law Mathieu Deflem, 2008-02-28 Since the classic contributions of Weber and Durkheim, the sociology of law has raised key questions on the place of law in society. Drawing together both theoretical and empirical themes in this 2008 book, Mathieu Deflem reviews the field's major accomplishments and reveals the value of the multiple ways in which sociologists study the social structures and processes of law. He discusses both historical and contemporary issues from early theoretical foundations and the work of Weber and Durkheim through the contribution of sociological jurisprudence to the development of modern perspectives to clarify how sociologists study law. Chapters also look at the role of law in relation to the economy, politics, culture, and the legal profession and aspects of law enforcement and the globalization of law. This book will appeal to scholars and students of the sociology of law, jurisprudence, social and political theory, and social and political philosophy.

Sociology of Law Gloria Lessan, 2018-12-31 *Sociology of Law* A Reader provides students with engaging literature that addresses law as both dependent and independent variables of the social conditions in which it operates. Through a collection of carefully selected readings, the text examines the themes of social roots and social consequences of the law, the legal profession, and the influence of gender and racial structures on legal inequality. The reader

begins with a chapter regarding lawmaking and featuring articles that address gender rights judicial elections the morality of law and executive orders Additional chapters examine law enforcement law as conflict resolution and law as social change Students read about contemporary issues regarding gender race and the law including the reporting of sexual assault and harassment and the relationship between people of color and sentencing bias The closing chapter includes readings on the legal profession including discussion of the role and limitations of law in addressing racial bias and discrimination criticism of the judiciary and reflections from a female judge Filling a gap in current literature in the discipline Sociology of Law is an ideal resource for courses in sociology and the sociology of law Gloria T Lessan is a faculty member in the Department of Sociology at Florida State University She holds a Ph D in sociology from Tulane University of Louisiana and a M A in sociology from the University of Wisconsin at Milwaukee Dr Lessan s scholarship has been featured in Social Forces Psychological Reports Social Science and Medicine Revista de Ciencias Sociales and Crime Law and Social Change She holds a Global Partner Certificate from Florida State University

Fundamental Principles of the Sociology of Law Eugene Ehrlich, Klaus A. Ziegert, 2017-07-12 The innovative and revolutionary scholarship of the eminent Austrian legal theorist and professor of Roman law Eugen Ehrlich 1862 1922 is of a very high caliber His work has not only held its place well in view of what legal theory especially sociological legal theory has to offer but is also still a powerful challenge to positions in legal theory that are no longer defensible The sociology of law has followed in a direct line of succession from Ehrlich s observations and ideas as a new and special discipline linking jurisprudence with sociology

An Introduction to the Sociology of Law Nicholas Sergeyeveitch Timasheff, 2017-07-12 The exiled Russian sociologist and legal scholar Nicholas S Timasheff s place in the forefront of the sociology of law was established with the publication in 1939 of *An Introduction to the Sociology of Law* His magnum opus articulates a systematic legal sociology The book s title is misleading giving the false impression that the volume is merely a textbook intended for classroom use It is much more than this *An Introduction to the Sociology of Law* is a sophisticated treatise that explains precisely and methodically the law as a social force It makes two fundamental points law can indeed must be studied by sociology and law is a combination of socio ethical and imperative coordination of human behavior

Sociology of Law Dragan Milovanovic, 2022 *Sociology of Law* introduces readers to an interdisciplinary understanding of law It orients the reader to the field and encourages critical dialog The earlier chapters develop key conceptual tools in studying the content of chapters that follow Part 1 includes orientations law in action and the three classic thinkers Emile Durkheim Max Weber and Karl Marx Part 2 includes chapters on sociological jurisprudence critical legal studies and their offsprings structural functionalism semiotics and law socio legal semiotics postmodernism and post postmodernism The orientation of the book is critically constructive with an eye toward examining what is particularly the included and excluded voices in law and how things can be otherwise It challenges conventional understanding of how law functions situating the field in a historically evolving context and particular political economies It can be used both at the

undergraduate and graduate levels as well as in law school Readers seeking a general understanding as well as researchers seeking a reference resource for a comprehensive statement with which to engage will find the book essential reading The fourth edition of *Sociology of Law* has been greatly revised Many new developments in the field have necessitated a wider framework and significant updating

The Sociological Movement in Law Alan Hunt, 1978

The Sociology of Law Charles E. Rea, 1978

Law and Society James J. Chriss, 2019-07-23

This text introduces students to the study of law from a sociological perspective by focusing on four themes the relationship between law and society law in everyday life the role of race class and gender in the legal system and current political debates that are connected to law While explaining the essentials elements of law and drawing on scholarly literature and relevant cases the author does not advocate for normative views on law and the legal system The text compares laws across various societies discusses international law and demonstrates how the laws of certain countries affect those of others providing readers with insights into the nature of law within any society

Societal Agents in Law Larry D. Barnett, 2018-12-28

In this two volume set Larry D Barnett delves into the macrosociological sources of law concerned with society important social activities in a structurally complex democratically governed nation Barnett explores why when and where particular proscriptions and prescriptions of law on key social activities arise persist and change The first volume *Societal Agents in Law A Macrosociological Approach* puts relevant doctrines of law into a macrosociological framework uses the findings of quantitative research to formulate theorems that identify the impact of several society level agents on doctrines of law and takes the reader through a number of case analyses The second volume *Societal Agents in Law Quantitative Research* reports original multivariate statistical studies of sociological determinants of law on specific types of key social activities Taken together the two volumes offer an alternative to the almost total monopoly of theory and descriptive scholarship in the macrosociology of law comparative law and history of law and underscore the value of a mixed empirical theoretical approach

Sociology of Law as the Science of Norms Håkan Hydén, 2021-12-28

This book proposes the study of norms as a method of explaining human choice and behaviour by introducing a new scientific perspective The science of norms may here be broadly understood as a social science which includes elements from both the behavioural and legal sciences It is given that a science of norms is not normative in the sense of prescribing what is right or wrong in various situations Compared with legal science sociology of law has an interest in the operational side of legal rules and regulation This book develops a synthesizing social science approach to better understand societal development in the wake of the increasingly significant digital technology The underlying idea is that norms as expectations today are not primarily related to social expectations emanating from human interactions but come from systems that mankind has created for fulfilling its needs Today the economy via the market and technology via digitization generate stronger and more frequent expectations than the social system By expanding the sociological understanding of norms the book makes comparisons between different parts of society possible and creates a

more holistic understanding of contemporary society The book will be of interest to academics and researchers in the areas of sociology of law legal theory philosophy of law sociology and social psychology *The Sociology of Law* William M. Evan, 1980

A Sociology of Jurisprudence Richard Nobles, David Schiff, 2006-02-10 Niklas Luhmann's sociological theory treats law along with politics economics media and ethics as systems of communication His theory not only offers profound and novel insights into the character of the legal system in modern society but also provides an explanation for the role of jurisprudence as part of that legal system In this work the authors seek to explore and develop Luhmann's claim that jurisprudence is part of law's self description a part of the legal system which as a particular kind of legal communication orientates legal operations by explaining law to itself This approach has the potential to illuminate many of the interminable debates amongst and between different schools of jurisprudence on topics such as the origin and or source of law the nature of law's determinacy or indeterminacy and the role of justice The authors introduction to Luhmann's systems theory concentrates on the concept of closure and the distinct disposition of law's openness to its environment From this beginning the book goes on to offer a sustained and methodical application of systems theory to some of the traditional forms of jurisprudence natural law and its relationship with legal positivism Dworkin's version of natural law Kelsen's version of legal positivism and Critical Legal Studies This application of systems theory alters our perception of jurisprudence and better enables us to understand its role within law

The Sociology of Law Roman Tomasic, 1985 The Sociology of Law highlights the major concerns of legal sociologists and provides the reader with an overview of the diversity of the field and the theoretical approaches within it As such it provides a useful introduction for students to the sociology of law The first part of the book explores the theoretical paradigms in the sociology of law the application and development of the ideas of the classical theorists and discussion of behaviourist theories as well as Marxian and critical legal studies The second and third parts of the book examine two areas which have provided the core of the sociological study of law the legal profession and the courts The fourth part examines the study of policing social control and the sociology of criminal law It seeks to evaluate the nature of various sociological theories which have been developed in the context of policing and criminal law research Finally law making and social change are examined in particular the framing of law the implementation of law regulation knowledge and opinion about law and legal change

Law/Society John R. Sutton, 2000-12-22 Foundations of the Sociology of Law provides a conceptual framework for thinking about the full range of topics within the sociology of law discipline The book contrasts normative and sociological perspectives on law presents a primer on the logic of research and inference as applied to law related issues examines theories of legal change and discusses law in action with specific reference to civil rights legislation

The Sociology of Law Brian E. Burtch, 1992 *Law, Society, and History* Robert W. Gordon, Morton J. Horwitz, 2011-03-07 This book assembles essays on legal sociology and legal history by an international group of distinguished scholars All of them have been influenced by the eminent and prolific legal historian legal sociologist

and scholar of comparative law Lawrence M Friedman Not just a Festschrift of essays by colleagues and disciples this volume presents a sustained examination and application of Friedman s ideas and methods Together the essays in this volume show the powerful ripple effects of Friedman s work on American and comparative legal sociology American and comparative legal history and the general sociology of law and legal change **Fundamental Principles of the Sociology of Law** Eugen Ehrlich, Reading Max Weber's Sociology of Law Hubert Treiber, 2020-08-20 Reading Max Weber s Sociology of Law serves both as an introduction and as a distillation of more than thirty years of reading and reflection on Weber s scholarship It provides a solid and comprehensive introduction to Weber and sets out his main concepts Drawing on recent research in the history of law this book also presents and critiques the process by which the law was rationalized and which Weber divided into four ideal typical stages of development Hubert Treiber provides commentary in a manner informed both historically and sociologically The book explores Weber s concepts in relation to the creation of laws between secular the religious powers The book goes on to examine the codifications that were undertaken by Prussian absolutism and Napoleon in the Code Civil It further covers Weber s thoughts on antiformal legal tendencies issues that are still prevalent in law today This text is no mere reiteration of Weber s concepts The volume contextualizes Weber s work in the light of current research setting out to amend misinterpretations and misunderstandings that have prevailed from Weber s original texts Treiber s introduction is much more than a simple guide through a complicated text It is an important work in its own right and critical for any student of the sociology of law

Eventually, you will definitely discover a further experience and capability by spending more cash. nevertheless when? realize you agree to that you require to get those all needs taking into consideration having significantly cash?
