Sociology of Marriage and Family Coltrane, Collins Publishers Staff, 2007-07 **The Marriage-Go-Round** Andrew J. Cherlin, 2010-04-06 In a landmark book that is intriguing and provocative and presents an original thesis to explain this peculiar paradox we idealize marriage and yet we're so bad at it The New York Times Andrew J. Cherlin's three decades of study have shown him that marriage in America is a social and political battlefield in a way that it isn't in other developed countries Americans marry and divorce more often and have more live in partners than Europeans and gay Americans have more interest in legalizing same sex marriage The difference comes from Americans embrace of two contradictory cultural ideals marriage a formal commitment to share one's life with another and individualism which emphasizes personal choice and self development Religion and law in America reinforce both of these behavioral poles fueling turmoil in our family life and heated debate in our public life Cherlin's incisive diagnosis is an important contribution to the debate and points the way to slowing down the partnership merry go round Marriage and Family in a Changing Society James M.
