Sociology Of Shoplifting Boosters And Snitches Today

**Frederick F. Wherry, Juliet B. Schor,
Consulting Editor**

Sociology Of Shoplifting Boosters And Snitches Today:

The Sociology of Shoplifting Lloyd Klemke, 1992-09-30 In this absorbing study Lloyd Klemke provides a review and analysis of the sociological research and theoretical work on shoplifting **Shoplifting** Kerry Segrave, 2012-10-27 Shoplifting is a practice that has been engaged in for centuries but it was only after the Civil War that the prevalence of shoplifting and societal awareness of it became significant In the 1860s the typical shoplifter was from the lower classes by 1900 it was an upper class woman who shoplifted from a huge department store because she was a kleptomaniac and in the 1960s it was teenagers stealing for kicks Shoplifting A Social History looks at the activity of shoplifting for the last 140 years the types of people singled out as the principal offenders retailers ambivalent responses to the activity selective prosecution the utilization of high tech antitheft devices and suing shoplifters to recover costs Also examined are media accounts which have often used exaggerated numbers when discussing the activity and the effect of private justice on the offense Discrepancies in treatment of lower class women versus respectable women shoplifters will be of interest to women s studies scholars **Crime at Work Vol 1** Martin Gill, 2016-01-09 This book contains a wealth of information providing essential reading for all those interested in crime prevention the motivation of different types of offenders and the effectiveness of various security measures There has been little consideration of the extent impact and patterns of crimes in the workplace This important text suggests that such an omission is no longer justified and reflects the growing realization that effective responses to crime are based on the need to collect and share information *Encyclopedia of Street Crime in America* Jeffrey Ian Ross, 2013-03-01 Anyone living or working in a city has feared or experienced street crime at one time or another whether it be a mugging purse snatching or a more violent crime In the U S street crime has recently hovered near historic lows hence the declaration of certain analysts that street life in America has never been safer But is it really Street crime has changed over past decades especially with the advent of surveillance cameras in public places the territory of the street criminal but at the same time criminals have found ways to adapt This encyclopedic reference focuses primarily on urban lifestyle and its associated crimes ranging from burglary to drug peddling to murder to new more sophisticated forms of street crime and scams This traditional A to Z reference has significant coverage of police and courts and other criminal justice sub disciplines while also featuring thematic articles on the sociology of street crime Features Benefits 175 signed entries within a single volume in print and electronic formats provide in depth coverage to the topic of street crime in America Cross References and Suggestions for Further Readings guide readers to additional resources Entries are supported by vivid photos and illustrations to better bring the material alive A thematic Reader s Guide groups related entries by broad topic areas and within the electronic version combines with Cross References and a detailed Index for convenient search and browse capabilities A Chronology provides readers with a historical perspective of street crime in America Appendices provide sources of data and statistics annotated to highlight their relevance *Stealing Things* Rosemary A.

Peters,2013-08-28 *Stealing Things* traces the representations of thieves and thievery in nineteenth century French novels. Re-reading canonical texts by Balzac, the Comtesse de Ségur and Zola through the lens of crime, Peters highlights bourgeois anxiety about ownership and objects while considering the impact of literature on popular attitudes about crime and its legislation and punishment. A detailed analysis of the role of objects, this work chronicles nineteenth century changes in legal attitudes, popular mentalities and individual and social identity, focusing particularly on the resulting transformations in representations of gender, class and criminal subjectivity.

The Elgar Companion to Consumer Research and Economic Psychology Peter E. Earl, Simon Kemp, 2002-01-01. Presents over 100 specially commissioned entries on important topics in consumer research and economic psychology from behaviourism and brand loyalty to trust and the psychology of tourism. Leading scholars in the fields provide stimulating insights into the area as well as summarising existing knowledge.

Responding to Organized Crime Against Manufacturers and Retailers United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security, 2005.

The SAGE Encyclopedia of Economics and Society Frederick F. Wherry, Juliet B. Schor, Consulting Editor, 2015-09-01. Economics is the nexus and engine that runs society, affecting societal well-being, raising standards of living when economies prosper or lowering citizens' standards through class structures when economies perform poorly. Our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world. From a household budget to international trade, economics ranges from the micro to the macro level. It relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia, which will explicitly approach economics through varied disciplinary lenses. Although there are encyclopedias covering economics, especially classic economic theory and history, the SAGE Encyclopedia of Economics and Society emphasizes the contemporary world, contemporary issues and society. Features 4 volumes with approximately 800 signed articles ranging from 1,000 to 5,000 words each, are presented in a choice of print or electronic editions. Organized A to Z with a thematic Reader's Guide in the front matter, groups related entries. Articles conclude with References and Future Readings to guide students to the next step on their research journeys. Cross references between and among articles combine with a thorough Index and the Reader's Guide to enhance search and browse in the electronic version. Pedagogical elements include a Chronology of Economics and Society, Resource Guide and Glossary. This academic, multi-author reference work will serve as a general, non-technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens.

Handbook of Crime Correlates Lee Ellis, David P. Farrington, Anthony W. Hoskin, 2019-06-04. The Handbook of Crime Correlates, Second Edition, summarizes more than a century of worldwide research on traits and social conditions associated with criminality and antisocial behavior. Findings are provided in tabular form, enabling readers to determine at a glance the nature of each association. Within each table, results are listed by country, type of crime or other forms of antisocial behavior.

and whether each variable is positively negatively or insignificantly associated with offending behavior Criminal behavior is broken down according to major categories including violent crime property crime drug offenses sex offenses delinquency and recidivism This book provides a resource for practitioners and academics who are interested in criminal and antisocial behavior It is relevant to the fields of criminology criminal justice sociology and psychology No other publication provides as much information about how a wide range of variables e g gender religion personality traits weapons access alcohol and drug use social status geography and seasonality correlate with offending behavior Includes 600 tables regarding variables related to criminal behavior Consolidates 100 years of academic research on criminal behavior Findings are identified by country and world regions for easy comparison Lists criminal related behaviors according to major categories Identifies universal crime correlates

Clinard and Quinney's Criminal Behavior Systems A. Javier Treviño, 2019-06-11 An important classic familiar to virtually all criminologists Clinard and Quinney's Criminal Behavior Systems A Revised Edition begins with a discussion of the construction of types of crime and then formulates and utilizes a useful typology of criminal behavior systems It classifies crime into seven categories among them violent personal crime occasional property crime public order crime occupational crime corporate crime organized crime and political crime They examine the criminal career of the offender in each category public and legal attitudes toward these individuals support systems they may have attitudes of the offenders and other features The discussion of each category of crime is thorough and enlightening and takes the reader far in understanding the huge problem of crime and establishing intelligent definitions to study it The new edition looks at the criminal landscape of the twenty first century capturing both the numerous advancements in theory and research in the field of criminology as well as many societal changes that have taken place in law mass media the economy culture and the political system that directly affect the book's coverage of various types of crimes A global perspective broadens the book's relevance to include a variety of different societies Crimes newly examined in this edition include identity theft domestic violence arson hate crimes cybercrime campus sexual assault police brutality Ponzi schemes human trafficking and terrorism Finally alternatives to conventional criminal justice are considered including such approaches as peacemaking restorative justice private justice problem solving harm reduction naming and shaming and internal and external controls Like its predecessors Clinard and Quinney's Criminal Behavior Systems A Revised Edition will be essential to criminologists formulating their own theories and research on criminal behavior as well as to students in criminology and sociology courses on how to view and study crime
