**Kevin T Leicht**

## **Sociology Of Canadian Education:**

**Canadian Education** Wilfred B. W. Martin, Allan J. Macdonell, 1982      The Sociology of Education in Canada Terry Wotherspoon, 2004 In this revised and updated second edition of The Sociology of Education in Canada Terry Wotherspoon traces the historical development and organization of Canadian education and describes sociological theories and analysis of education      Education, Change, and Society Richard A. Carlton, Louise A. Colley, Neil J. Mackinnon, 1977      **Canadian Education** Brenda L. Spencer, Kenneth D. Gariepy, Kari Dehli, James Ryan, 2012-10-17 Canadian Education Governing Practices and Producing Subjects is an absolutely critical volume bridging a number of key areas in Canadian education classroom politics schools teachers work higher education and much more with the theoretical contributions of Michel Foucault The result is illuminating engaging and critically provocative The essays are carefully chosen and utilize Foucauldian concepts such as governmentality discipline subjectivity and genealogy to excellent critical effect With a skillfully crafted introduction that nicely brings the entire collection into sharp focus the editors have provided a text that is a must read for critical scholars and students alike Mona Gleason Department of Educational Studies University of British Columbia This excellent text presents a Foucauldian analysis of selected educational practices contemporary reform initiatives and current educational policy in the Canadian context The authors demonstrate how rich theoretical constructs such as bio power governmentality and disciplinary power can illuminate everyday practices and policies making the cultural unconscious apparent Foucault 1989 p 71 Canadian Education Governing Practices and Producing Subjects is essentially a hopeful book it demonstrates the radicalizing role of theory as we try to understand and complicate educational structures and processes This is an essential text for all those interested in Foucauldian analyses of education and a must read for undergraduate and graduate students in Canadian faculties of education Anne M Phelan University of British Columbia This volume is most useful in the ways in which it achieves a close look and a wide sweep of education policy its deployment and its effects as these are embedded in schooling practices educational strategies and pedagogy It offers the ground from which to consider the potential for education to be aimed at the development of a socially just citizenry while also helping to reveal the structures of power and processes of social control that operate within current neoliberal technologies of governmentality It is against these that reform minded educators and curriculum and policy developers can set themselves While theoretically complex and original in its conceptual approach this book is also practically informative and eminently readable making it useful to teachers school administrators education policy developers parents students and communities at all levels of the schooling spectrum Magda Lewis PhD Professor and Queen's National Scholar Queen's University Kingston Magda Lewis PhD Professor and Queen's National Scholar Queen's University Kingston      **A Sociology of Canadian Education** Pat Duffy Hutcheon, 1975      Sociology of Education Joyce Barakett, Ailie Cleghorn, 2007-04-09 This book is written for undergraduate students who seek a sociological understanding of the educational process It is written especially

for students in education or sociology who as future educators need to be knowledgeable about current sociological debates in education in general and in Canadian education in particular In this new edition students will learn about sociological concepts and theoretical perspectives that will allow them to understand the ways in which formal and informal aspects of the educational system are connected to many sectors of society including the political economic legal and religious realms

**The Schooled Society** Scott Davies,Neil Guppy,2010 Education is central to modern life Nations spend billions of dollars on schooling children tens of thousands of days in classrooms In The Schooled Society two experts in the field provide a comprehensive yet concise overview of the sociology of education Structured around the three core roles of modern schooling selection social organization and socialization the text integrates classic and contemporary theoretical approaches In addition to a wealth of Canadian content this new edition draws on case studies in education from around the globe and has been thoroughly revised throughout back cover

**Sociological Theories of Education** Raymond Murphy,Ann B. Denis,1979 The New Practical Guide to Canadian Political Economy Daniel Drache,Wallace Clement,1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada s external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline

Sociology of Education in Canada Lorna Erwin,David R. MacLennan,1994 **Canada's Community Colleges** John D. Dennison,Paul Gallagher,2011-11-01 Community colleges evolved in Canada during the golden years of educational innovation between 1960 and 1975 A diversity of factors historical socio economic political and educational contributed to the development of college systems with distinctive goals and structures This book is the first up to date and comprehensive study of a potent national educational and social phenomenon largely unknown and largely unappreciated The authors describe provincial and territorial college systems as they have evolved to 1985 discussing problems particular to each system and evaluating the extent to which often idealistic early goals have been realized They identify key issues which are critical to the future of these systems and which if ignored will undermine community college education across Canada These include accessibility identity relations with governments management and leadership and evaluation and accountability In each case the authors draw upon their own expertise and experience to describe directions for resolution of these issues The book contains a comprehensive and topical bibliography of both published and unpublished material related to many aspects of Canadian community college development It also includes a French language bibliography Unique in many aspects this

book is designed to interest both graduate and undergraduate students in adult and higher education and administration as well as those directly involved in community colleges government education ministries and a broad lay public Cultural Diversity and Canadian Education John R. Mallea,1984 This thorough study will be of assistance to those seeking to understand the role of education in contemporary Canada Education policy and practice regarding language and culture are highlighted as is the crucially important question of cultural transmission *Indigenous Education* W. James Jacob,Sheng Yao Cheng,Maureen K. Porter,2015-01-20 Indigenous Education is a compilation of conceptual chapters and national case studies that includes empirical research based on a series of data collection methods The book provides up to date scholarly research on global trends on three issues of paramount importance with indigenous education language culture and identity It also offers a strategic comparative and international education policy statement on recent shifts in indigenous education and new approaches to explore develop and improve comparative education and policy research globally Contributing authors examine several social justice issues related to indigenous education In addition to case perspectives from 12 countries and global regions the volume includes five conceptual chapters on topics that influence indigenous education including policy debates the media the united nations formal and informal education systems and higher education

*Sociology of Education in Canada* Karen Robson,2012-10-14 Sociology of Education in Canada utilizes a contemporary theoretical focus to analyze how education in Canada is affected by pre existing and persistent inequalities among members of society It presents the historical and cultural factors that have shaped our current education system examines the larger social trends that have contributed to present problems discusses the various interest groups involved and analyzes the larger social discourses that influence any discussion of these issues To achieve this Karen Robson uses many current topical and relatable issues in Canadian education to ensure that readers fully comprehend the information being presented and leave with an appreciation of how the sociology of education is inextricably linked to issues of stratification **Canadian Education and Research Digest** ,1968 **Research in Social Stratification and Mobility** Kevin T Leicht,2003-12-03 Volume 20 of Research in Social Stratification and Mobility continues to remain at the forefront of the diverse group of social scientists who study social inequality and is now the official publication of the Social Stratification Research Group of the International Sociological Association RC 28 This issue features a comprehensive retrospective on the 40 years of contributions to social stratification research made by the late William Sewell and the Wisconsin Longitudinal Survey including an all inclusive bibliography of publications Other contributions address the growing differences between workers with full time jobs and various categories of the underemployed in Israel the United States and Germany social mobility in Korea and Sweden subjective responses to social inequality and the social consequences of status inconsistency and analyses of class consciousness and growing wealth inequality in the OECD Women Principals in a Multicultural Society Izhar Oplatka,Rachel Hertz-Lazarowitz,2006 New insights into feminist educational leadership analyze the crossing issues of

gender school leadership and multicultural experiences as expressed in accounts of female school principals from diverse ethnic and religious groups in the multicultural society of Israel Education Teaching **Teaching, Schools, and Society** Evelina Orteza y Miranda, Romulo F. Magsino, 1990 This selection of essays focuses on schools their tasks processes and context by examining the aims of schooling as a primary educational institution the means particularly teaching learning processes in the classrooms and the environment classroom school and societal affecting schooling **The Wiley Handbook of Vocational Education and Training** David Guile, Lorna Unwin, 2019-01-18 A collection of the theories practices and policies of vocational education and training written by international experts The Wiley Handbook of Vocational Education and Training offers an in depth guide to the theories practices and policies of vocational education and training VET With contributions from a panel of leading international scholars the Handbook contains 27 authoritative essays from a wide range of disciplines The contributors present an integrated analysis of the complex and dynamic field of VET Drawing on the most recent research thinking and practice in the field the book explores the key debates about the role of VET in the education and training systems of various nations The Handbook reveals how expertise is developed in an age of considerable transformation in work processes work organization and occupational identities The authors also examine many of the challenges of vocational education and training such as the impact of digital technologies on employment the demand for re training in the context of extended working lives the emergence of learning regions and skill ecosystems and the professional development of vocational teachers and trainers This important text Offers an original view of VET s role in both the initial and continuing development of expertise Examines the theories and concepts that underpin international perspectives and explores the differences about the purposes of VET Presents various models of learning used in VET including apprenticeship and their relationship with general education Explores how VET is shaped in different ways by the political economy of different countries Reviews how developments in digital technologies are changing VET practice Discusses the challenges for universities offering higher vocational education programs Draws on both recent research as well as historical accounts Written for students researchers and scholars in the fields of educational studies human resource development social policy political economy labor market economics industrial relations sociology The Wiley Handbook of Vocational Education and Training offers an international perspective on the topic of VET **Social Change and Education in Canada** Ratna Ghosh, Douglas Ray, 1991
