Sociology Of Youth Evolution And Revolution:

The Sociology of Youth Harry Silverstein, 1972 *Winning Revolutions* J. Harold Ellens, 2013-11-26 The product of 35 senior scholars research these volumes examine the psychology driving the religious political and economic forces that cause turbulence and violence in human society Religious political and economic revolts have defined the human experience throughout history These kinds of universal turbulence continue to be the dominate source of human suffering and perplexity during the first decade of the 21st century What can intensive study of the psychodynamics of cultural and social eruptions tell us that may serve to move cultures around the world beyond ongoing strife This work seeks to find out examining the spectrum of cultural and social eruptions from ancient Jewish Christian and Muslim revolutions to the modern day economic and political turbulence in Eastern Europe the Near East and Latin America The breadth of this three volume set ranges from the 12th century BCE to the current struggles in Iraq Afghanistan and Syria and from the irrational violence of the French Revolution to the genuine quest for liberty of the American Revolution and the Singing Revolutions in the Baltic States in recent decades Each volume is introduced with a description of its philosophical perspective and concludes with a brief summarization of the takeaways of the research presented **Deng's Generation** Ruth Cherrington, 2016-07-27 A sociological biography of the 1980s generation of young intellectuals in China It applies Mannheim s generational perspective to first hand data to show how students and scholars in the 1980s were influenced by the reform context and policies of Deng Xiaoping s regime The key trends in their thinking and behaviour within the spheres of education leisure and politics are analysed leading to an account of their socio economic situation and frustrated hopes in the run up to the 1989 pro democracy movement **Youth Employment: Problems and Prospects** Javeed Ahmad, 2018-08-18 The present work reflects upon the employment issues of the youth one of the most crucial problems of contemporary times In the absence of ample employment opportunities the unprecedented youth bulge is emerging as a severe threat to the socio economic development particularly in developing countries In this backdrop the present work explores the issues of youth employment based on the empirical evidences from the state of Jammu and Kashmir in North India The viable approach to the holistic development is the socio economic inclusion of the youth which relies upon a sound employment policy and optimal use of human capital Revisiting Youth Political Participation Joerg Forbrig, 2005-01-01 **Gangs in the Era of Internet and Social Media** Chris Melde, Frank Weerman, 2020-08-13 The ubiquity of the internet and social media has influenced the lives of people across the globe including young people involved in street gangs and troublesome youth groups This development raises important questions about the causes features and consequences of online gang behavior as well as the consequences of this new phenomenon for gang prevention and intervention In this edited volume members of an international network of gang researchers the Eurogang Program of Research present findings and insights from recent academic gang studies focused on the use of internet and social media It focuses on online features of gangs and the consequences of social media

for the study of these groups The second section of the book focuses on the meaning of online media for the prevention monitoring and intervention of gangs and for gang disengagement processes This is the first volume focused on the role of internet and social media in the study of gangs Providing much needed insights into online gang processes it will appeal to students and researchers interested in gangs and juvenile delinquency and to professionals practitioners and policy makers working on preventing or reducing gang involvement and delinquent behavior Global Youth? Pam Nilan, Carles Feixa, 2006-11-22 This innovative collection of studies by international youth researchers critically addresses questions of global youth incorporating material from regions as diverse as Sydney Tehran Dakar and Manila and advancing our knowledge about young people around the globe Exploring specific local youth cultures whilst mediating global mass media and consumption trends this book traces subaltern youth landscapes and tells subaltern youth stories previously invisible in predominantly western youth cultural studies and theorizing The chapters here serve as a refutation of the colonialist discourse of cultural globalization Showcasing previously unpublished youth research from outside the English speaking world alongside the work of well known researchers such as Huq and Holden these accounts of youth cultural practices highlight much that is predictably different but also a great deal of common ground This book goes inside creative cultural formation of youth identities to critically examine the global in the local Bringing together an internationally diverse group of researchers who describe and analyze youth cultures throughout Europe the Americas Asia Africa and Oceania this volume presents the first comprehensive review of global youth cultures practices and identities and as such is a valuable read for students and researchers of youth studies cultural studies and sociology Youth Gill Jones, 2009 This accessible book takes a fresh and original approach to the concept of youth placing changes in the social construction of youth within a more general story of the rise and fall of grand theory in social science Gill Jones evaluates the current relevance of these wider social theories to understanding youth in late modernity in the light of key examples of empirical work on young people Individual chapters are organized around the themes of action identity transition inequality and dependence conceptual themes which cross cut young people's lives The book considers the validity of youth as a social concept and examines ways of identifying what is specific to young people without resorting to seeing them as a homogeneous group defined by their age in so doing it uncovers notions which are erroneously attributed to young people Youth represents a thought provoking challenge to a new generation of social science students youth researchers and practitioners to distance themselves from the politically and emotively charged issue of youth in contemporary society and move further towards re theorizing the concept of youth in ways which are relevant to young people's lives today Jacket *Street Gangs, Migration and Ethnicity* Frank van Gemert, Dana Peterson, Inger-Lise Lien, 2013-05-13 This book is the third publication from the Eurogang Network a cross national collaboration of researchers from both North America and Europe devoted to comparative and multi national research on youth gangs It provides a unique insight into the influence of migration on local gang formation and development

paying particular attention to the importance of ethnicity The book also explores the challenges that migration and ethnicity pose for responding effectively to the growth of such gangs particularly in areas where public discourse on such issues is restricted Chapters in the book are concerned to address both situations where there have been longstanding problems with street gangs as well as areas where such issues have just started to emerge A variety of different research traditions and approaches are represented including ethnographic methods self report surveys and interviews official records data and victim interviews It will be essential reading for anybody interested in the phenomenon of street and youth gangs *Catalog of Copyright Entries.
