Safeguards and Antidumping in Latin American Trade Liberalization J. Michael Finger, Julio J. Nogues, 2005-12-05 Until the 1990s the main users of safeguards and antidumping laws were Australia Canada the European Union and the United States Since then many countries have implemented such laws leading to a proliferation in antidumping and safeguard activity across the world This timely book documents the political economy surrounding the implementation of these laws in seven Latin American countries and provides details on the institutions created implementation of the laws and subsequent activity It finds that in the larger political context antidumping and safeguards are a necessary quid pro quo to certain important sectors to obtain much more liberalized trade policies for the general economy

El Tratado de Libre Comercio de América del Norte Jorge Witker, 2005 *Diez años del TLCAN en México* Mónica C. Gambrill, 2006 Al cumplirse diez años de la puesta en marcha del TLCAN especialistas en diversas disciplinas sociales se reunieron para evaluar de manera profunda los efectos de su instrumentación en México Los resultados de su discusión se plasman en dieciocho artículos reunidos en esta obra los cuales aportan valiosos elementos de juicio sobre el impacto del tratado en nuestro país en todas sus áreas de influencia Entre otros temas el libro aborda la macroeconomía la industria nacional y las maquiladoras la inversión extranjera la movilidad laboral el sector agropecuario el autotransporte de carga el medio ambiente y la solución de controversias Otra importante contribución es su acercamiento a las implicaciones de dicho acuerdo en relación con el tema más político de la integración profunda con Estados Unidos Los hallazgos y conclusiones están escrupulosamente respaldados con datos duros y fuentes de primera mano <http://www.cisan.unam.mx>

El sector agropecuario y el Tratado de Libre Comercio de América del Norte Alicia Puyana, José Antonio Romero, 2008 Desde mediados de los años ochenta cuando México instrumentó las reformas estructurales y los programas de ajuste el sector agropecuario mexicano ha estado sometido a cambios radicales en las políticas que definieron la trayectoria de su desenvolvimiento Como preámbulo del ingreso al Acuerdo General de Comercio y Tarifas GATT por sus siglas en inglés se abatieron los aranceles y las medidas para arancelarias y se eliminaron los apoyos a través de los precios las compras

estatales y los instrumentos de crédito de fomento En resumen las políticas nacionales de desarrollo agropecuario se acercaron a las vigentes en el grupo de los países desarrollados miembros de la OCDE El proceso de liberalización del sector agropecuario y su sometimiento a la competencia externa se aceleró considerablemente con la firma del Acuerdo de Libre Comercio de América del Norte TLCAN en el cual todo el sector se incluyó en el acelerado programa de desgravación arancelaria Los textos compilados en este libro evalúan los efectos del nuevo modelo de desarrollo agropecuario y se abordan los puntos críticos que se deben tener en cuenta frente a la nueva etapa de liberalización si se desea evitar la acumulación de los costos a la fecha registrados

Global Networks, Linked Cities Saskia Sassen, 2016-04-15 In her pioneering book *The Global City* Saskia Sassen argued that certain cities in the postindustrial world have become central nodes in the new service economy strategic sites for the acceleration of capital and information flows as well as spaces of increasing socioeconomic polarization One effect has been that such cities have gained in importance and power relative to nation states In this new collection of essays Sassen and a distinguished group of contributors expand on the author's earlier work in a number of important ways focusing on two key issues First they look at how information flows have bound global cities together in networks creating a global city web whose constituent cities become global through the networks they participate in Second they investigate emerging global cities in the developing world Sao Paulo Shanghai Hong Kong Mexico City Beirut the Dubai Iran corridor and Buenos Aires They show how these globalizing zones are not only replicating many features of the top tier of global cities but are also generating new socioeconomic patterns as well These new patterns of development
