Dunlap,2023-01-17 What is S d The Hebrew word S d can be interpreted in at least two ways as a secret or mystery or as a congregation of people taking part in a secret or mystery in a formal manner Did Jesus belong to the sect of the Nazarenes or did he simply come from Nazareth Is there any esoteric relationship between the sacrifice of Jesus and the death of the mythological Adonis Is the similarity between the terms Adonis and Adonai arbitrary or just one of the many pieces of evidence hinting at the commonalities that the Greek and Hebrew mystery traditions shared Penetrate if you dare into this highly veiled and hermetic study of the Mysteries of Adoni and the figure of Jesus of Nazareth that Samuel Fales Dunlap bestowed upon the world in 1861 Now and for the first time this book has been rendered almost accessible to the profane by the copious annotations that Sonchis Triacorda has delivered for this brand new and greatly embellished edition E GIBIL is now pleased to present a thoroughly revamped edition of the two instalments of these all time classics of the comparative study of religions S d The Mysteries of Adoni and S d The Son of Man now including many new illustrations and annotations that we are sure will appeal greatly to all true adepts of the esoteric learning      **Sod** Samuel Fales Dunlap,2018-06-29

Hall. Illustrated Manly P. Hall, 2025-02-20 Manly Palmer Hall 18 March 1901 29 August 1990 was a Canadian author lecturer astrologer and mystic Over his 70 year career he gave thousands of lectures and published over 150 volumes of which the best known is The Secret Teachings of All Ages 1928 In 1934 he founded the Philosophical Research Society in Los Angeles Contents The Secret Teachings of All Ages The Lost Keys of Freemasonry The Initiates of the Flame *The Secret Teachings of All Ages* Manly Palmer Hall, 2020-09-28 NUMEROUS volumes have been written as commentaries upon the secret systems of philosophy existing in the ancient world but the ageless truths of life like many of the earth's greatest thinkers have usually been clothed in shabby garments The present work is an attempt to supply a tome worthy of those seers and sages whose thoughts are the substance of its pages To bring about this coalescence of Beauty and Truth has proved most costly but I believe that the result will produce an effect upon the mind of the reader which will more than justify the expenditure Work upon the text of this volume was begun the first day of January 1926 and has continued almost uninterruptedly for over two years The greater part of the research work however was carried on prior to the writing of the manuscript The collection of reference material was begun in 1921 and three years later the plans for the book took definite form For the sake of clarity all footnotes were eliminated the various quotations and references to other authors being embodied in the text in their logical order The bibliography is appended primarily to assist those interested in selecting for future study the most authoritative and important items dealing with philosophy and symbolism To make readily accessible the abstruse information contained in the book an elaborate topical cross index is included I make no claim for either the infallibility or the originality of any statement

herein contained I have studied the fragmentary writings of the ancients sufficiently to realize that dogmatic utterances concerning their tenets are worse than foolhardy Traditionalism is the curse of modern philosophy particularly that of the European schools While many of the statements contained in this treatise may appear at first wildly fantastic I have sincerely endeavored to refrain from haphazard metaphysical speculation presenting the material as far as possible in the spirit rather than the letter of the original authors By assuming responsibility only for the mistakes which may appear herein I hope to escape the accusation of plagiarism which has been directed against nearly every writer on the subject of mystical philosophy Having no particularism of my own to promulgate I have not attempted to twist the original writings to substantiate preconceived notions nor have I distorted doctrines in any effort to reconcile the irreconcilable differences present in the various systems of religious philosophic thought The entire theory of the book is diametrically opposed to the modern method of thinking for it is concerned with subjects openly ridiculed by the sophists of the twentieth century Its true purpose is to introduce the mind of the reader to a hypothesis of living wholly beyond the pale of materialistic theology philosophy or science The mass of abstruse material between its covers is not susceptible to perfect organization but so far as possible related topics have been grouped together

**Occultism and Parapsychology. Classic Collection. Illustrated** Helena Blavatsky, Manly P. Hall, Max Heindel, 2025-04-23 The occult in the broadest sense is a category of esoteric supernatural beliefs and practices which generally fall outside the scope of religion and science encompassing phenomena involving otherworldly agency such as magic and mysticism and their varied spells It can also refer to supernatural ideas like extra sensory perception and parapsychology Contents Introduction by Manly P Hall The Secret Doctrine by Helena Blavatsky The Rosicrucian Cosmo-Conception by Max Heindel **The Collected Works of H. P. Blavatsky. Illustrated** H. P. Blavatsky, 2022-11-10 Helena Petrovna Blavatsky often known as Madame Blavatsky was a Russian occultist philosopher and author who co-founded the Theosophical Society in 1875 She gained an international following as the leading theoretician of Theosophy the esoteric religion that the society promoted If you care about Theosophy or this trailblazer of the New Age then this book is for you A must for any scholar of spiritual movements Along with writing her several books H P Blavatsky kept up a voluminous correspondence and also contributed a steady stream of essays and articles to periodicals in English French and Russian **ISIS UNVEILED FROM THE CAVES AND JUNGLES OF HINDOSTAN WHAT IS THEOSOPHY WHAT ARE THE THEOSOPHISTS MAHATMAS AND CHELAS OCCULT OR EXACT SCIENCE THE ESOTERIC CHARACTER OF THE GOSPELS OCCULTISM VERSUS THE OCCULT ARTS IS THEOSOPHY A RELIGION THE VOICE OF THE SILENCE THE KEY TO THEOSOPHY THE SECRET DOCTRINE** *The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete)* Helena Petrovna Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England it has become customary to call its teachings Esoteric Buddhism And having become a habit as an old proverb based on daily experience has it Error runs down an inclined plane while Truth has to laboriously climb its way up hill Old truisms are often the wisest

The human mind can hardly remain entirely free from bias and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made This is said with reference to the prevailing double mistake a of limiting Theosophy to Buddhism and b of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism Any thing more erroneous than this could hardly be imagined It has enabled our enemies to find an effective weapon against Theosophy because as an eminent P li scholar very pointedly expressed it there was in the volume named neither Esotericism nor Buddhism The esoteric truths presented in Mr Sinnett s work ceased to be esoteric from the moment they were made public nor did the book contain the religion of Buddha but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the present volumes And even the latter though giving out many fundamental tenets from the Secret Doctrine of the East raise but a small corner of the dark veil For no one not even the greatest living Adept would be permitted to or could even if he would give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long ons and ages Esoteric Buddhism was an excellent work with a very unfortunate title though it meant no more than does the title of this work The Secret Doctrine It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budh ism
