Soft Pawn:

Soft Kristen Mae, 2019-05-10 She's ironed in every sense of the word from her slick golden hair to her white button down and prim A line skirt The woman across the restaurant counter has flint gray eyes chiseled planes for cheeks and dark hair cut like a boy's A key is tattooed on her forearm The energy between them is the same every time electric and undeniable Painful But there's nothing to be done about it A delicate gold cross hangs heavy around her neck an ever present reminder of her husband's edicts on what constitutes sin A reminder of her obligation to purity obedience and conformity A reminder that she must always follow the rules But today she will defy life's rules Today a gray eyed angel will unlock the door to all the things she hides from herself to a world she's always seen as inaccessible forbidden Today she will discover paradise

Soft Ferdinand Mount, 2025-09-11 An erudite immensely entertaining book Mount makes for a delightful guide Literary Review A sweeping tour of emotion and culture that spans centuries from renowned author and essayist Ferdinand Mount Whatever we think we feel you can be sure that the past has had a part to play in it In *Soft* Ferdinand Mount tells the millennium long history of emotion through vivid snapshots masterly storytelling and strange and wonderful historical anecdotes Revealing all the weird and wonderful ways people in the past expressed their grief and joy Mount explores the shifting importance societies have placed on empathy for the misfortunes of others Each seismic moment Mount argues from the French Revolution to Civil Rights has had a corresponding sentimental revolution that has fuelled great political turning points and come to define human civilization But during this long history powerful feelings have frequently come under attack No one wants to be accused of being sentimental its detractors call it soppy effeminate and populist the stuff of soap operas and pop songs The Reformation tried to stamp out excessive emotion the Victorians resolutely maintained their stiff upper lips and no one loathed sentimentality more than the modernists and yet today Mount argues it is not the stoics who are ruling the roost we are living in an age of emotion From the Occitan poets of the 12th century to Paul McCartney songs and modern debates around woke this is a witty insight into the story of emotions and the way they have swayed human history

Soft Matter Physics Mohamed Daoud, Claudine E. Williams, 2013-06-29 In a liquid crystal watch the molecules contained within a thin film of the screen are reorientated each second by extremely weak electrical signals Here is a fine example of soft matter molecular systems giving a strong response to a very weak command signal They can be found almost everywhere Soft magnetic materials used in transformers exhibit a strong magnetic moment under the action of a weak magnetic field Take a completely different domain gelatin formed from collagen fibres dissolved in hot water When we cool below 37 °C gelation occurs the chains joining up at various points to form a loose and highly deformable network This is a natural example of soft matter Going further rather than consider a whole network we could take a single chain of flexible polymer such as polyoxyethylene POE $\text{CH}_2\text{CH}_2\text{O}$ N_2N where $N \approx 10$ for example in water Such a chain is fragile and may break under flow Even though hydrodynamic forces are very weak on the molecular scale their cumulated effect may be

Apocalypse Will McIntosh, 2011-04-01 What happens when resources become scarce and society starts to crumble? As the competition for resources pulls America's previously stable society apart, the New Normal is a Soft Apocalypse. This is how our world ends with a whimper instead of a bang. It's so hard to believe. Colin said as we crossed the steaming empty parking lot toward the bowling alley: "What? That we're poor? That we're homeless?" I know. I mean we have college degrees, he said. I know. I said. There was an ancient miniature golf course choked in weeds alongside the bowling alley. The astroturf had completely rotted away in places. The windmill had one spoke. We looked it over for a minute, both of us had once been avid mini-golfers, then continued toward the door. By the way, I added, "We're not homeless, we're nomads." Keep your labels straight. New social structures and tribal connections spring up across America as the previous social structures begin to dissolve. Soft Apocalypse follows the journey across the South East of a tribe of formerly middle-class Americans as they struggle to find a place for themselves and their children in a new dangerous world that still carries the ghostly echoes of their previous lives.

Soft as Bones Chyana Marie Sage, 2025-05-27 INSTANT NATIONAL BESTSELLER A poetic memoir as intricately woven as a dreamcatcher about overcoming the pain of generational trauma with the power of traditional healing. In candid, incisive and delicate prose, Chyana Marie Sage shares the pain of growing up with her father, a crack dealer who went to prison for molesting her older sister. In revisiting her family's history, Chyana examines the legacy of generational abuse which began with her father's father, who was forcibly removed from his family by the residential schools and Sixties Scoop programs. Yet hers is also a story of hope as it was the traditions of her people that saved her life, healing one small piece in the mosaic that makes up the dark past of colonialism shared by Indigenous people throughout Turtle Island. **Soft Robots** Scott
