Memory and Trauma in the Postwar Spanish Novel Sarah

Leggott, Ross Woods, 2013-12-11 In recent years much Spanish literary criticism has been characterized by debates about collective and historical memory stemming from a national obsession with the past that has seen an explosion of novels and films about the Spanish Civil War and Franco dictatorship This growth of so called memory studies in literary scholarship has focused on the representation of memory and trauma in contemporary narratives dealing with the Civil War and ensuing dictatorship In contrast the novel of the postwar period has received relatively little critical attention of late despite the fact that memory and trauma also feature in different ways and to varying degrees in many works written during the Franco years The essays in this study argue that such novels merit a fresh critical approach and that contemporary scholarship relating to the representation of memory and trauma in literature can enhance our understanding of the postwar Spanish novel The volume opens with essays that engage with aspects of contemporary theoretical approaches to memory in order to reveal the ways in which these are pertinent to Spanish novels written in the first postwar decades with studies on novels by Camilo Jos Cela Carmen Laforet Arturo Barea and Ana Mar a Matute Its second section focuses on the representation of trauma in specific postwar novels drawing on elements from trauma studies scholarship to discuss neglected works by Mercedes Salisachs Dolores Medio and Ignacio Aldecoa The final essays continue the focus on the theme of trauma and revisit works by women writers namely Carmen Laforet Rosa Chacel Ana Mar a Matute and Mar a Zambrano that foreground the experiences of female protagonists who are seeking to deal with a traumatic past The essays in this volume thus propose a new direction for the study of Spanish literature of 1940s 1950s and early 1960s enhancing existing approaches to the postwar Spanish novel through an engagement with contemporary scholarship on memory and trauma in literature

A New History of Spanish Literature Richard E. Chandler, Kessel Schwartz, 1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of A New History of Spanish Literature bids fair to be the standard reference well into the next century

Tortilleras Lourdes Torres, Inmaculada Pertusa, 2003-02-21 The first anthology to focus exclusively on queer readings of Spanish Latin American and US Latina lesbian literature and culture Tortilleras interrogates issues of gender national identity race ethnicity and class to show the impossibility of projecting a singular Hispanic or Latina Lesbian Examining carefully the works of a range of lesbian writers and performance artists including Carmelita Tropicana and Christina Peri Rossi among others the contributors create a picture of the complicated and multi textured contributions of Latina and Hispanic lesbians to literature and culture More than simply describing this sphere of creativity the contributors also recover from history the long veiled existence of this world exposing its roots its impact on lesbian culture and making the power of lesbian performance and literature visible
