Soldier J Counterinsurgency In Aden:

Soldier J: Counter Insurgency in Aden Shaun Clarke, 2013-12-12 In 1964 two different kinds of war were being waged simultaneously by the British in Aden. The inhabitants of the forbidding mountainous region of Radfan in the north of the Republic of Yemen were conducting guerrilla attacks against the British. Armed by the Egyptians and trained by the communist Yemenis, they were a formidable fighting force and appeared invincible. The British had only one hope of beating them: to draft in an even more tenacious group of soldiers, the SAS. Tasked with stopping the flow of weapons to the rebel tribesmen, Radforce was assembled from Aden's federal regular army together with various British forces, including the legendary troopers of the SAS. After parachuting into the enemy territory at night, the SAS established concealed observation posts high in the mountains from where they directed air strikes on the rebels moving through the sun-baked passes. At the same time, in an even more dangerous campaign, teams of two or three SAS men disguised as Arabs were infiltrating the souks and bazaars of the port of Aden to neutralise leading members of the National Liberation Front with their renowned double tap. 0 firing their Browning high power high power handguns at close range as part of the daring Keeni Meeni operations. Soldier J: SAS Counter insurgency in Aden is the breathtaking story of how the SAS fought these two contrasting campaigns in the same place at the same time with exceptional tenacity, skill and courage. **Soldier J, SAS** Shaun

Clarke, 1994 This novel tells of SAS operations in Aden and the Republic of Yemen in 1964. Parachuted into enemy territory at night, the SAS established concealed observation posts high in the rugged mountains from where they directed air strikes on the rebels moving through the passes below. **Soldier H: The Headhunters of Borneo** Shaun Clarke, 2013-12-12 In 1963 the former British colony of Malaya was lobbying for the formation of a new political entity, the Federation of Malaysia. Singapore, Sabah, North Borneo, Brunei and Sarawak. Viewing this as a threat to his dreams of expansion, President Sukarno of Indonesia began infiltrating insurgents into Borneo. In response, the British organised a force of Malay, British and Commonwealth troops to contain the rebels. What was most desperately needed, however, was a specialist group who could perform highly dangerous and arduous military tasks in the inhospitable, perilous terrain. The only men suitable for such operations were the legendary Special Air Service, the SAS. Soldier H: SAS The Headhunters of Borneo is the story of one of the least known, most extraordinary wars in British history. The SAS braved jungle and swamp infested with snakes, lizards, leeches, wild pigs and all kinds of poisonous insects to live with the primitive headhunting natives in their longhouses, by the rivers, winning their hearts and minds with medical aid and other assistance, then training them as paramilitaries who would eventually become known as the Border Scouts. While some of the SAS remained for months with the headhunters, others moved even deeper into the unexplored jungle to establish ambush sites and helicopter landing zones. They also conducted daring Claret raids across the border when, as the renowned Tiptoe Boys who hit hard and vanished fast, they set booby traps and ambushed enemy troops moving along the many jungle tracks and rivers. They fought a bloody, nightmarish

war and won it **Soldier S: The Samarkind Hijack** David Monnery,2013-12-12 In 1994 in the newly independent state of Uzbekistan a party of mostly British tourists was a day excursion from the fabled city of Samarkand when their bus was hijacked by Muslim fundamentalists Unknown to the hijackers this particular tourist group contained an ex SAS sergeant the recently retired Jamie Doherty and the rebellious daughter of the British Foreign Minister already a favourite of the tabloid press back home Uncertain how to respond to the terrorists demands the Uzbekistan government accepted a British offer of assistance two members of the SAS crack Counter Revolutionary Warfare Wing were dispatched to Samarkand with instructions to liaise with the local ex KGB unit commanded by Nurhan Ismatulayeva AN Uzbek whose grandmother had been a pioneer fighter for women s rights in the 1920s Nurhan feared that women like herself would swiftly become second class citizens if an Islamic republic were ever declared The negotiations dragged on and in the mountain fortress prison Doherty had to call on all his formidable expertise and ingenuity to keep his fellow hostages alive and to prepare them for a prospective rescue mission The only force likely to have any chance of successfully penetrating the fortress and liberating the prisoners was a group led by men of the legendary Special Air Service the SAS **Soldier L: The Embassy Siege** Shaun Clarke,2013-12-12 Ever since its formation during World War II the Special Air Service had operated under conditions of such secrecy that few members of the public even knew of its existence By the evening of 5 May 1980 all this had changed drastically On the morning of 30 April the Iranian Embassy at No 16 Price s Gate in London was seized by six well armed terrorists members of the Revolutionary Movement for the Liberation of Arabistan Nineteen Iranian nationals and four British citizens were captured During the subsequent negotiations between the terrorists and the British police a number of the hostages were released When on the fifth day of the siege one of the hostages was shot dead and his body pushed out through the door of the Embassy the police decided that the time for negotiation was over and asked the military to end the siege The only men deemed to possess enough skill and daring for this dangerous task were those of the legendary Special Air Service the SAS In fact convinced that they would eventually be called in to rescue the hostages the SAS had already mapped out and practised a high risk operation in their top secret Killing House in Hereford and in some army barracks two miles from the Embassy On the evening of 5 May their well rehearsed plans were put into action when twelve SAS soldiers dressed in black in wearing anti gas respirators and NBC hoods made their courageous assault on the Embassy Using a combination of abseiling ropes stun grenades sub machine guns and 9mm high power handguns and in the full glare of the international media they routed the terrorists and succeeded in rescuing the hostages Within hours the SAS once relatively unknown had become the most celebrated regiment in the history of modern warfare **Soldier K: Mission to Argentina** David Monnery,2013-12-12 In May 1982 as the British Task Force prepared for the recapture of the Falkland Islands a lone Sea King helicopter made an apparently forced landing in the southernmost reaches of Chile Its crew barely credibly claimed to have been propelled off course by a combination of adverse weather conditions and engine trouble The reality never

officially disclosed was rather different. The only threat to the Task Force and the enemy's only hope of ultimate victory lay in Argentina's Super Extended aircraft and their sea-skimming Exocet missiles. Since radar could not be relied upon as an adequate means of detection, the British opted for a less conventional warning system. Before landing in Chile, the *Stray Sea King* dropped a team of men into Argentina where they were tasked with remaining hidden within sight of the airfields and within easy reach of the enemy's security patrols. The only men who could be entrusted with this difficult and dangerous mission were members of the legendary Special Air Service, the SAS. Getting the men in was easy enough, but once they were there, staying unobserved was another matter, and eventual escape far from certain, despite help from an unexpected quarter in the shape of a beautiful woman guerrilla, a survivor of Argentina's dirty war.

Soldier K: SAS Mission to Argentina tells the electrifying story of this SAS operation from the inside, a heart-stopping hair-raising thriller about the regiment equalled by no other: the SAS.

Soldier G: The Desert Raiders Shaun Clarke, 2013-12-12. In the North African desert in 1941, the war is being won by the brilliant German commander General Rommel, and the British are in retreat on all fronts. A young British army lieutenant David Stirling believes that the only way to reverse this situation is to attack the enemy behind their own lines using small groups of men who can insert by land, sea, or air as required. The first of these men are dropped by parachute to attack enemy airfields in the Gazala area, but the raid is a disaster with many lives lost. The following year, the survivors of that operation now working hand in hand with the Long Range Desert Group, mount a series of spectacular successful raids in heavily armed jeeps against airfields in the Benghazi region, destroying nearly a hundred enemy aircraft, leaving the German army reeling and reversing the course of the war. In September 1942, having proved their worth, that group of bold, resourceful men is formed into a new British army regiment to be used for special and especially dangerous operations behind enemy lines. They are listed officially as the 1st Special Air Service Regiment, the SAS.

Soldier G: SAS The Desert Raiders is the colourful story of the birth of the most renowned regiment in the history of the British Army, forged with fire and steel in the vast, sun-scorched plains of the North African desert, pitting themselves against the might of the formerly invincible German Army and gaining a reputation that would make them a legend in their own time.

Soldier N: Gambian Bluff David Monnery, 2013-12-12. At the end of July 1981, world heads of state gathered in London for the wedding of Prince Charles and Lady Diana Spencer. Among those present was President Jawara of the Gambia, whose absence was exploited by Marxist rebels to overthrow him. Rightly fearing armed intervention from neighbouring Senegal, the new revolutionary council seized hostages, including one of the President's wives and several of his children, and emptied the prisons in a desperate search for allies in the coming struggle. In the first couple of days, as opposing factions of the Gambian police force wrestled for control, many of the released prisoners succumbed to the temptation to settle old scores, and almost two thousand Gambians lost their lives. In tourist beach hotels, several hundred Europeans waited and feared the worst. Only one group of men was considered capable of stabilising the situation: the legendary Special Air Service, the SAS. So, at Jawara's request,

three men of SAS 22 Regiment were sent into this cauldron supposedly to advise the President and his Senegalese allies But within days circumstances and the men s bravado turned them into the spearhead of the counter revolution heavily embroiled in both the pursuit of heavily armed criminals and the dangerously delicate business of rescuing hostages Soldier N SAS The Gambian Bluff is the electrifying story of how against all the odds these three highly skilled soldiers defeated the rebels and restored President Jawara to power

Soldier Q: Kidnap the Emperor! Jay Garnett,2013-12-12 In 1975 the Emperor Haile Selassie of Ethiopia recently deposed in a Communist revolution was declared dead In the hands of the brutal army officer Mengistu Haile Mariam the country descended into chaos and bloodshed Then an astonishing truth emerged The Emperor was not dead He had been kept alive in prison by Lieutenant Colonel Mengistu whose objective was to wring from him his massive fortune bullion jewels cash and shares amounting to 2 5 billion lodged in Swiss British and New York banks In London bankers and diplomats were appalled The banks could not contemplate the loss of such a huge sum The British and American governments would not tolerate a ruthless Communist regime s acquisition of wealth it would destabilise the Middle East and all East Africa There was only one answer kidnap the Emperor And there was only one organisation capable of mounting the operation the legendary Special Air Service the SAS Three men Peter Halloran Michael Rourke and Richard Collins were selected for this hazardous mission which was like nothing the regiment had ever tackled before to penetrate a remote desert fortress and then to escape through arid highlands with a frail old man in tow Only extraordinary duplicity would get them in Only acute tactical expertise and merciless improvisation would get them out And if anything went wrong it would be as if they had never existed

Soldier R: Death on Gibraltar Shaun Clarke,2013-12-12 In May 1987 a successful SAS ambush resulted in the deaths of eight IRA terrorists in Loughgall Aware that retaliation was certain British intelligence went on the alert and eventually established that the IRA had selected Gibraltar as being a soft target and one identified with British imperialism In November the terrorism experts of Madrid s Servicios de Informaci n informed British intelligence that two male members of the IRA had arrived in Southern Spain under false names British intelligence assumed immediately that the two men were intending wither to murder some of the British residents on the Costa del Sol or to attack a British Army target on Gibraltar The changing guard outside the Governor of Gibraltar s residence was judged to provide the most likely opportunity for such an attack The most likely date was 8 March 1988 when the band parade ceremony of the 1st Battalion of the Royal Anglian Regiment was due to take place For the next few months British and Spanish intelligence services kept the two men under surveillance waiting for them to travel from Spain to Gibraltar In February MI5 reported that an Irishwoman travelling under a false identity had repeatedly visited the rock and attended the guard ceremony Now that there appeared to be little doubt about the target the British government decided to send a hit team to Gibraltar to prevent the planned bombing if necessary by killing the terrorists The only men even considered for this dangerous operation were the legendary Special Air Service the SAS Soldier R SAS Death on Gibraltar

tells the story of what was to become the most controversial of all SAS campaigns a deadly cat and mouse game that called into play all the expertise and tenacity at the SAS team's disposal
