Soldiers Civilians The Civil

David Pion-Berlin, Rafael Martínez

Soldiers Civilians The Civil:

Soldiers and Civilians Peter Feaver, Richard H. Kohn, 2001 Essays on the emerging military civilian divide in the United States

Soldiers, Politicians, and Civilians David Pion-Berlin, Rafael Martínez, 2017-07-29 Are interactions between soldiers politicians and civilians improving Every nation has to come to grips with achieving a more enduring harmony between government the armed forces and society if it aspires to strengthen its democracy While there is an abundance of studies on civil military affairs few examine all three of these actors let alone establish any standards with which to assess whether progress is being made This ambitious book devises a novel framework equipped with six dimensions each of which opens a unique window into civil military affairs and which form a more integrated view of the subject Those dimensions are accompanied by a set of benchmarks and metrics that assess progress and compare one country against another The framework is applied to case studies of Argentina Brazil Chile and Uruguay with the conviction that insights could be gleaned that may be relevant elsewhere Ultimately by unpacking the civil military relation into its various dimensions this study has shed light on what it takes to transform what was once a politically minded military into an organization dedicated to serving a democratic state and society

Civil-Military Relations in Post-Conflict Societies Orlando J. Pérez, 2015-04-10 Guatemala El Salvador Nicaragua and Honduras are four Spanish speaking countries in Central America that possess uniformed military institutions These four countries represent different approaches to reforms of civil military relations and embody varying degrees of success in both institutional democratization and the managing of security forces In this book Orlando J P rez expertly examines the competing theories of civil military relations in Central America to advance our understanding of the origins consequences and persistence of militarism in Latin America Divided into four parts P rez begins by proposing a theoretical framework for analyzing civil military relations including an analysis of how U S foreign and military policy affects the establishment of stable civilian supremacy over the armed forces Part Two examines the institutional and legal structures under which civil military relations are carried out revealing in Part Three the reorientation of the missions and roles performed by the armed forces in each country The concluding part analyzes the role beliefs of members of the military and public opinion about the armed forces in relation to other institutions Combining both qualitative and quantitative data P rez bridges the gap between structural and cultural analyses for a more comprehensive understanding of the links between micro and macro level factors that influence civil military relations and democratic governance

Negotiating Civil-Military Space Marcia Byrom Hartwell,2016-05-05 This book begins discussion at a point where many civil military conversations end Hartwell identifies underlying dynamics key issues and challenges that civilian and military organizations

encounter when negotiating their roles in real and virtual volatile environments These include managing expectations understanding organizational missions and cultures building trust and exploring different approaches to violence The impact of applied technologies on decision making processes and interventions is discussed in terms of recent and future complex crises Linking earlier history to current discussions this study makes an important contribution by reframing issues and outlining strategies to avoid unintended consequences and more effectively protect civilians in future operations While geographic focus is on the Middle East Africa Central Asia and Asia Pacific the core issues are applicable to negotiating civil military relationships in a wide range of environments *Air University Library Index to Military Periodicals* , **Military Review** ,2016 **Civil-Military Relations and Shared Responsibility** Dale R. Herspring,2013-06 A provocative approach to evaluating civil military relations Dale R Herspring considers the factors that allow some civilian and military organizations to operate more productively in a political context than others bringing into comparative study for the first time the military organizations of the U S Russia Germany and Canada Refuting the work of scholars such as Samuel P Huntington and Michael C Desch Civil Military Relations and Shared Responsibility approaches civil military relations from a new angle military culture arguing that the optimal form of civil military relations is one of shared responsibility between the two groups Herspring outlines eight factors that contribute to conditions that promote and support shared responsibility among civilian officials and the military including such prerequisites as civilian leaders not interfering in the military s promotion process and civilian respect for military symbols and traditions He uses these indicators in his comparative treatment of the U S Russian German and Canadian militaries Civilian authorities are always in charge and the decision on how to treat the military is a civilian decision However Herspring argues failure by civilians to respect military culture will antagonize senior military officials who will feel less free to express their views thus depriving senior civilian officials most of whom have no military experience of the expert advice of those most capable of assessing the far reaching forms of violence This issue of civilian respect for military culture and operations plays out in Herspring s country case studies Scholars of civil military relations will find much to debate in Herspring s framework while students of civil military and defense policy will appreciate Herspring s brief historical tour of each countries post World War II political and policy landscapes **United States Army Combat Forces Journal** ,1978-08 **Buried Secrets** Victoria Sanford,2003-04-19 Between the late 1970s and the late 1980s Guatemala was torn by mass terror and extreme violence in a genocidal campaign against the Maya which became known as La Violencia More than 600 massacres occurred one and a half million people were displaced and more than 200 000 civilians were murdered most of them Maya Buried Secrets brings these chilling statistics to life as it chronicles the journey of Maya survivors seeking truth justice and community healing and demonstrates that the Guatemalan army carried out a systematic and intentional genocide against the Maya The book is based on exhaustive research including more than 400 testimonies from massacre survivors interviews with members of the forensic team human rights leaders high

ranking military officers guerrilla combatants and government officials Buried Secrets traces truth telling and political change from isolated Maya villages to national political events and provides a unique look into the experiences of Maya survivors as they struggle to rebuild their communities and lives **The Engineer** ,2007 Presents professional information designed to keep Army engineers informed of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development Articles cover engineer training doctrine operations strategy equipment history and other areas of interest to the engineering community *A Trained and Ready Army* Carl E. Vuono,1994

Civil-Military Relations in Russia and Eastern Europe David Betz,2004-07-31 This book examines how civil military relations have been transformed in Russia Poland Hungary and Ukraine since the collapse of the Soviet Union and the Warsaw Pact in 1991 It shows how these countries have worked to reform their obsolete armed forces and bring them into line with the new economic and strategic realities of the post Cold War world with new bureaucratic structures in which civilians play the key policy making roles and with strengthened democratic political institutions which have the right to oversee the armed forces **Minutes of Evidence Taken Before the Royal Commission on the Civil Service**

(1929-31) Great Britain. Royal Commission on the Civil Service, 1929-1931,1929 **Combined Arms Center (CAC)**
Research and Publication Index ,2011 Index to selected publications of the Combined Arms Center *The Profession of Arms* ,2011
