Soldiers Of Salamis:

Soldiers of Salamis Javier Cercas, 2008-12-10 In the final moments of the Spanish Civil War a writer and founding member of Franco's Fascist Party is about to be shot and yet miraculously escapes into the forest When his hiding place is discovered he faces death for the second time that day but is spared this time by a lone soldier The POW becomes a national hero and a member of Franco's first government while the soldier is forgotten Sixty years later Cercas's novel peels back the layers of truth and propaganda in order to discover who the real hero was Elegantly constructed and told with self-deprecating melancholy humor *Soldiers of Salamis* is a wholly original work of literature by a modern master *Soldiers of Salamis* by Javier Cercas (Book Analysis) Bright Summaries, 2018-05-31 Unlock the more straightforward side of *Soldiers of Salamis* with this concise and insightful summary and analysis This engaging summary presents an analysis of *Soldiers of Salamis* by Javier Cercas an unusual novel which blurs the lines between autobiography and historical fiction Its central character is a fictionalised version of Cercas himself who becomes obsessed with a little known anecdote from the Spanish Civil War concerning a fascist leader who narrowly escaped execution thanks to the mercy he was shown by an unknown soldier The fictional Cercas decides to use all of his skill as a journalist to uncover the full story so that he can use it as the basis for his next novel Javier Cercas is a Spanish writer whose signature writing style is based on a seamless blend of fiction and reality He has also worked as a freelance journalist and as a professor of Spanish Literature at the University of Girona Find out everything you need to know about *Soldiers of Salamis* in a fraction of the time This in depth and informative reading guide brings you A complete plot summary Character studies Key themes and symbols Questions for further reflection Why choose BrightSummaries.com Available in print and digital format our publications are designed to accompany you on your reading journey The clear and concise style makes for easy understanding providing the perfect opportunity to improve your literary knowledge in no time See the very best of literature in a whole new light with BrightSummaries.com *Soldados de Salamina* Javier Cercas, 2023-05-04 Tomando como punto de partida un insignificante episodio de la guerra civil española *Soldados de Salamina* es una novela sobre la vocación literaria sobre el sentido y el valor de las ficciones narrativas y también sobre el heroísmo moral Novela metaficcional evoluciona ante nuestros ojos y cambia de piel hacia una novela comprometida *Derivative Lives* Virginia Newhall Rademacher, 2022-07-14 The title of this book *Derivative Lives* alludes to the challenge of finding one's way within the contemporary market of virtually limitless information and claims to veracity Amid this profusion of options it is easy to feel lost in spaces of uncertainty where biographical truth teeters between the real and the imaginative The title thus also points to the prolific market of biographical novels that openly and intentionally play in the speculative space between the real and the fictional Drawing on theories of risk and uncertainty *Derivative Lives* considers the surge in biofiction in Spain and globally relating literary expression to concepts such as circumstantiality derivatives speculation and game studies **The Op-Ed Novel** Bécquer

Seguín,2024-01-09 The Op Ed Novel follows a clutch of globally renowned Spanish novelists who swept into the political sphere via the pages of El País Their literary sensibility transformed opinion journalism and their weekly columns changed their novels which became venues for speculative historical claims partisan political projects and intellectual argument

Metafiction Yaël Schlick,2022-10-26 Metafiction explores the great variety and effects of this popular genre and style variously defined as a type of literature that philosophically questions itself that repudiates the conventions of literary realism that questions the relationship between fiction and reality or that lies at the border between fiction and non fiction Yaël Schlick surveys a wide range of metafictional writings by diverse authors with particular focus on the contemporary period This book asks not only what metafiction is but also what it can do examining metafictional narratives usefulness for exploring the role of art in society its role in conceptualizing the figure of author and the reader of fiction its investigation and playfulness with respect to language and linguistic conventions and its troubling of the boundaries between fact and fiction in historiographic metafiction autofiction and autotheory Metafiction is an engaging and accessible introduction to a pervasive and influential form and concept in literary studies and will be of use to all students of literary studies requiring a depth of knowledge in the subject *Lord of All the Dead* Javier Cercas,2020 A Borzoi book published by Alfred A Knopf
