

Soldiers Of The Law

Mike Jess

Soldiers Of The Law:

Military Law Review ,1996 **Military Law and Precedents** William Winthrop,1896 **Military Law and Precedents** William Winthrop,2000-10 Military Law and Precedents William Winthrop,1920 *Fundamentals of Military Law* Jian Zhou,2019-04-16 The book makes a comprehensive analysis of the basic principles and theories of military law restructuring the theoretic framework of military law It also puts forwards the new concepts of core military law and international military law for the first time in China and even the world The book could help legal scholars and lawyers especially military lawyers and research fellows in military law to have a new approach to study military law **Manual of Military Law ...** J. K. Pison (Colonel.),J. F. Collier,1860 **Roman Military Law** C. E. Brand,2013-08-21 Rome was the law giver for much of the modern world She was also the greatest military power of antiquity operating her military organization with remarkable efficiency and effectiveness throughout most of the then known world In view of the importance of both the legal and military aspects of the Roman Empire an account of their combination in a system of disciplinary control for the Roman armies is of considerable significance to historians in both fields and in fact to scholars in general In Roman Military Law C E Brand describes this system of control Since a characterization of such a system can be made most meaningful only against a background of Roman constitutional government and in the light of ideologies current at the time Brand follows his initial Note on Sources with a sketch of the contemporary Roman scene This first section includes a discussion of the Roman constitution and an examination of Roman criminal law The history of Rome as a republic principate and empire extended over a period of a thousand years so any attempt to represent a generalized picture must be essentially a matter of extraction and condensation from the voluminous literature of the whole era Nevertheless from the fantastic evolution that is the history of Rome Brand has been able to construct a more or less static historical mosaic that may be considered typically Roman This comes into sharpest focus during the period of the Punic Wars when the city and its people were most intensely Roman The picture of the Roman armies is set into this basic framework in chapters dealing with military organization disciplinary organization religion and discipline and offenses and punishments The final section of the book considers briefly the vast changes in Roman institutions that came about under the armies of the Empire and then concludes with the Latin text and an English translation of the only known code of Roman military justice promulgated sometime during the later Empire preserved in Byzantine literature and handed down to medieval times in Latin translations of Byzantine Greek law which it has heretofore been confused Military Law and the Procedure of Courts-martial Edgar S. Dudley,1907 This book has been prepared to meet the existing necessity at the United States Military Academy for a text book which would give a clear and thorough outline of the science of military law including all recent changes and developments and yet be contained within such brief compass as to be adapted for use in the instruction of Cadets within the limited period assigned to the study of the subject The work also aims to deal with the general procedure of courts martial and to set forth that procedure and existing

military laws in such a manner as to make a text of practical use to the service at large Preface **Manual of Military Law**
Great Britain. War Office, 1894 **A Treatise on the Military Law of the United States** George Breckenridge Davis, 2005
Reprint of the final edition Although the title leads one to expect a basic procedural manual this book goes well beyond its
stated purpose to offer a great deal of historical and jurisprudential information Davis 1847 1914 examines the authority and
sources of military law and its relation to civilian law He also pays close attention to its debt to English military law and
custom some of it dating back to the middle ages Davis 1847 1914 was Judge Advocate General of the U S Army and
Professor of Law at West Point

Soldiers Of The Law Book Review: Unveiling the Power of Words
